## Portraits Of Darkness:

**Things of Darkness** Kim F. Hall, 2018-09-05 The Ethiopian the tawny Tartar the woman blackamoor and knotty Africanisms allusions to blackness abound in Renaissance texts Kim F Hall's eagerly awaited book is the first to view these evocations of blackness in the contexts of sexual politics imperialism and slavery in early modern England Her work reveals the vital link between England's expansion into realms of difference and otherness through exploration and colonialism and the highly charged ideas of race and gender which emerged How Hall asks did new connections between race and gender figure in Renaissance ideas about the proper roles of men and women What effect did real racial and cultural difference have on the literary portrayal of blackness And how did the interrelationship of tropes of race and gender contribute to a modern conception of individual identity Hall mines a wealth of sources for answers to these questions travel literature from Sir John Mandeville's *Travels* to Leo Africanus's *History and Description of Africa* lyric poetry and plays from Shakespeare's *Antony and Cleopatra* and *The Tempest* to Ben Jonson's *Masque of Blackness* works by Emilia Lanier Philip Sidney John Webster and Lady Mary Wroth and the visual and decorative arts Concentrating on the sixteenth and seventeenth centuries Hall shows how race sexuality economics and nationalism contributed to the formation of a modern white male identity in English culture The volume includes a useful appendix of not readily accessible Renaissance poems on blackness

the structure and use of the words and phrases to promote colourful cinematic writing This essential guide will enable children to take their writing to the next level combine their descriptions of setting and character and show how the two interact Children can then experiment with their own ghost stories armed with the skills techniques and vocabulary necessary to describe their ghostly scenes in a way that allows the reader to feel the characters fear and visualise the source of their terror within the setting This new system also provides a contextualised alternative to grammar textbooks and will assist children in acquiring understanding and applying the grammar they will need to improve their writing both creative and technical

**The Language of Images** Maria Giulia Dondero, 2020-08-18 This book deals with two fundamental issues in the semiotics of the image The first is the relationship between image and observer how does one look at an image To answer this question this book sets out to transpose the theory of enunciation formulated in linguistics over to the visual field It also aims to clarify the gains made in contemporary visual semiotics relative to the semiology of Roland Barthes and Emile Benveniste The second issue addressed is the relation between the forces forms and materiality of the images How do different physical mediums pictorial photographic and digital influence visual forms How does materiality affect the generativity of forms On the forces within the images the book addresses the philosophical thought of Gilles Deleuze and Ren Thom as well as the experiment of Aby Warburg's *Atlas Mnemosyne* The theories discussed in the book are tested on a variety of corpora for analysis including both paintings and photographs taken from traditional as well as contemporary sources in a variety of social sectors arts and sciences Finally semiotic methodology is contrasted with the computational analysis of large collections of images Big Data such as the Media Visualization analyses proposed by Lev Manovich and Cultural Analytics in the field of Computer Science to evaluate the impact of automatic analysis of visual forms on Digital Art History and more generally on the image sciences

**Caribbean Exchanges** Susan Dwyer Amussen, 2009-03-24 English colonial expansion in the Caribbean was more than a matter of migration and trade It was also a source of social and cultural change within England Finding evidence of cultural exchange between England and the Caribbean as early as the seventeenth century Susan Dwyer Amussen uncovers the learned practice of slaveholding As English colonists in the Caribbean quickly became large scale slaveholders they established new organizations of labor new uses of authority new laws and new modes of violence punishment and repression in order to manage slaves Concentrating on Barbados and Jamaica England's two most important colonies Amussen looks at cultural exports that affected the development of race gender labor and class as categories of legal and social identity in England Concepts of law and punishment in the Caribbean provided a model for expanded definitions of crime in England the organization of sugar factories served as a model for early industrialization and the construction of the white woman in the Caribbean contributed to changing notions of ladyhood in England As Amussen demonstrates the cultural changes necessary for settling the Caribbean became an important though uncounted colonial export
