

Sir

Richmond March 21. 1781

As I am certainly informed by Commo-
 -dore Barron that the fleet arrived is British. I
 become anxious lest the expected French fleet not man-
 -ing of this incident may come into the Bay. Should
 the Marquis Fayette be returned to the North
 side of the River, I make no doubt but he will
 have taken what cautionary measures are
 in his power and necessary. Should he not be re-
 -turned I must beg the favour of you immediately
 to send off a Vessel from York to the Eastern shore
 (which is supposed to be practicable) with the
 inclosed letter to Col Avery. The purport of which
 is to send out two good lookout Boats from the
 Seaside of that shore to apprise the French
 Commander should he be approaching, of the
 situation of things here. you will of course
 caution the master of the Vessel to destroy the
 letters confided to him in case of inevitable
 capture

I am with much respect

Sir Yr mo Obedt & mo hb Servt

Revolutionary Letters: Expanded 50th Anniversary Edition City Lights Books, Diane Di Prima, 2021-10-05 Expanded 50th anniversary edition of the City Lights classic of eco feminist Zen Beat poetry featuring fifteen new poems. Simultaneously released with Diane di Prima's *Spring and Autumn Annals* on the one year anniversary of her passing. *Revolutionary Letters* Diane Di Prima, 1968 *The Revolutionary Letters* Diane Di Prima, 1971 Political papers, during and after the

American Revolution. Letters and papers on electricity. Appendix Benjamin Franklin, Jared Sparks, 1844 **Writing the Revolution** Lindsay A. H. Parker, 2013-07-04 Writing the Revolution challenges the thesis that exclusion defined women's experiences of the French Revolution by exploring the life of a middle class wife and mother of revolutionary elites Rosalie Jullien Guard The Mysteries Cedar Sigo, 2021-06-02 *Guard the Mysteries* is a compendium of five talks that the poet Cedar Sigo presented for the Bagley Wright Lecture series. Retracing the ways in which he first encountered the realm of poetry Sigo plumbs the particulars of modern critique identity politics early influences and poetic form to produce a singular autobiography of voice. Across these lectures Sigo explores his childhood on the Suquamish Reservation while paying homage to revolutionary artists teachers and thinkers whom have shaped his poetic aesthetic. Simultaneously timeless and extremely timely these talks ponder the presences that California Buddhism LGBTQ experiences and Native Nations occupy in the poetic world and the world at large. *Italian American Poetics of Place* Sabrina Vellucci, 2024-11-19 This volume examines the significance of place in contemporary Italian American literature from an ecocritical perspective. It fills a gap in the theoretical discourse on Italian American culture whose concerns about environmental justice have been mostly overlooked. From mid twentieth century poets such as John Ciardi and Diane di Prima to late twentieth and twenty first century fiction writers such as Carole Maso and Salvatore Scibona the study combines Italian American literary criticism with the spatial turn that over the last decades has asserted the interpretive significance of place and the environment in literary texts. Questioning the prejudice that sees Italian American culture as detached from ecological issues these works show that such diasporic heritage has helped forge different modes of relationship and new forms of expression in contact with the American land. Their relevance lies not so much in defining or redefining Italian American ethnicity but in forging ideas and futures beyond their immediate framework and subject matter. By focusing on the intersection of gender and ethnicity with local and transnational spaces and aesthetic practices *Italian American Poetics of Place* contributes to the growing field of inquiry that

explores the resources of the literary in laying the basis for more dialogic and inclusive forms of awareness and community with both the human and other than human *Conversations with Diane di Prima* David Stephen Calonne, 2022-05-23 Diane di Prima 1934 2020 was one of the most important American poets of the twentieth century and her career is distinguished by strong contributions to both literature and social justice Di Prima and LeRoi Jones Amiri Baraka edited *The Floating Bear* 1962 69 one of the most significant underground publications of the sixties Di Prima's poetry and prose chronicle her opposition to the Vietnam War her advocacy of the rights of Blacks Native Americans and the LGBTQ community her concern about environmental issues and her commitment to creating a world free of exploitation and poverty In addition di Prima is significant due to her challenges to the roles that American women were expected to play in society Her *Memoirs of a Beatnik* was a sensation and she talks about its lasting impact as well *Conversations with Diane di Prima* presents twenty interviews ranging from 1972 to 2010 that chart di Prima's intellectual spiritual and political evolution From her adolescence di Prima was fascinated by occult esoteric and magical philosophies In these interviews readers can see the ways these concepts influenced both her personal life and her poetry and prose We are able to view di Prima's life course from her year at Swarthmore College her move back to New York and then to San Francisco her studies of Zen Buddhism her fascination with the I Ching Paracelsus John Dee Heinrich Cornelius Agrippa alchemy Tarot and Kabbalah and her later engagement with Tibetan Buddhism and work with Chogyam Trungpa Another particularly interesting aspect of the book is the inclusion of interviews that explore di Prima's career as an independent publisher she founded Poets Press in New York and Eidolon Editions in California and her commitment to promoting writers such as Audre Lorde Taken together these interviews reveal di Prima as both a writer of genius and an intensely honest direct passionate and committed advocate of a revolution in consciousness **The Spiritual Imagination of the Beats** David Stephen Calonne, 2017-08-17

The Spiritual Imagination of the Beats is the first comprehensive study to explore the role of esoteric occult alchemical shamanistic mystical and magical traditions in the work of eleven major Beat authors The opening chapter discusses Kenneth Rexroth and Robert Duncan as predecessors and important influences on the spiritual orientation of the Beats David Stephen Calonne draws comparisons throughout the book between various approaches individual Beat writers took regarding sacred experience for example Burroughs had significant objections to Buddhist philosophy while Allen Ginsberg and Jack Kerouac both devoted considerable time to studying Buddhist history and texts This book also focuses on authors who have traditionally been neglected in Beat Studies Diane di Prima Bob Kaufman Philip Lamantia and Philip Whalen In addition several understudied work such as Gregory Corso's *The Geometric Poem* inspired by Corso's deep engagement with ancient Egyptian thought are given close attention Calonne introduces important themes from the history of heterodoxy from Gnosticism Manicheism and Ismailism to Theosophy and Tarot and demonstrates how inextricably these ideas shaped the Beat literary imagination

Beat Myths in Literature Estíbaliz Encarnación-Pinedo, 2023-09-22 Beat Myths in Literature reassesses the work of women poets associated with the Beat Generation from the critical lens of revisionist discourses Using the metaphor and the critical lens of looking back an act infused with feminist implications after Adrienne Rich 1972 the volume focuses on poetry fiction and autobiographical writing to analyze the different ways in which Beat women used revisionist discourses to refashion the Beat Generation and establish themselves as literary and artistic subjects Offering the first comprehensive study of the use of mythology in the Beat Generation Beat Myths in Literature Revisionist Strategies in Beat Women focuses on the specific re writing or revisioning of mythical texts As such it studies the ways in which Beat poets incorporate mythology into their works both through the feminist reinvention or appropriation of ancient myths but also by debunking more contemporary myths used to contain women in particular social and artistic roles Furthermore this volume expands Rich s notion of re vision considering memoirs and autobiographies as factual and fictional re interpretations of history Seen through the eyes of revisionist studies and the poets investment in personal myth the book establishes new points of entrance into works that allow us to explore the feminist political and poetical relevance of the work of Beat women Remainders

Margaret Ronda, 2018-03-20 A literary history of the Great Acceleration Remainders examines an archive of postwar American poetry that reflects on new dimensions of ecological crisis These poems portray various forms of remainders from obsolescent goods and waste products to atmospheric pollution and melting glaciers that convey the ecological consequences of global economic development While North American ecocriticism has tended to focus on narrative forms in its investigations of environmental consciousness and ethics Margaret Ronda highlights the ways that poetry explores other dimensions of ecological relationships The poems she considers engage in more ambivalent ways with the problem of human agency and the limits of individual perception and they are attuned to the melancholic and damaging aspects of environmental existence in a time of generalized crisis Her method which emphasizes the material histories and uneven effects of capitalist development models a unique critical approach to understanding the causes and conditions of ongoing biospheric catastrophe
