Securing The Future In A Global Economy

David M. De Ferranti

Securing The Future In A Global Economy:

Securing the Future in a Global Economy, 2000 David M. De Ferranti, 2000 A report on the Latin American and Caribbean region LAC showing that in the new global environment macroeconomic policies and structural reforms need to be matched by the development of a suitable social protection and insurance system

Securing Our Future Ola Dahlman, 2025-05-28 In an era marked by escalating global crises climate change cyber threats pandemics and nuclear weapons proliferation this book introduces a science based approach to security and global threats It underscores the necessity of interdisciplinary science and technology to ensure that decisions and actions are grounded in knowledge This vision seeks to inspire promote and facilitate collaboration across all sectors of global society Building resilient societies and effectively addressing global threats will require substantial resources Can we afford to save the Earth Can we afford not to

Four Key Elements A Science Based Approach to Security and Global Threats The book is structured around two key chapters an opening chapter that outlines this new vision and a concluding chapter that reflects on how to translate that vision into actionable steps

Evolution of Earth and Society A review of the development of our planet leading to modern society with a discussion on global demography and the economy critical components of global security and resilience

Key Global Communities An introduction to five global communities states cities the business and scientific communities and civil society It examines how each can contribute to building security and assesses their vulnerabilities to various threats

Major Human Created Threats A discussion of five large scale threats created by human activity or arising from human interaction with nature global warming natural disasters biopandemics nuclear weapons and cyber threats This book serves as a call for informed collaborative action to address the pressing global challenges of our time

Securing Australia's Future Simon Torok, Paul Holper, 2017-05-29 The future will bring change for Australia But whether that change is for the better or worse largely depends on the decisions we make today as individuals and as a nation Recognising rapid changes in the global economy environment and policy the Australian Government engaged the Australian Council of Learned Academies ACOLA to undertake detailed interdisciplinary research to help guide Australian thinking and policy decisions Dozens of Australia's finest minds assessed the opportunities available to the nation globally and domestically charting a course for the future The resulting findings can prepare Australia to address the challenges ahead and make the most of the opportunities

Securing Australia's Future synthesises the major themes that emerge from ACOLA's reports Each chapter includes key findings designed to optimise Australia's prosperity and place in the region The future is a long game but its base must be built now This book provides a vision for the nation for its politicians public servants and industry leaders a sound footing for securing Australia's future It is a vital resource for Members of Federal and State parliaments senior public servants industry leaders universities and the interested public
