Kerslake, K. Öktem, P. Robins, 2010-02-25 Turkey s Engagement with Modernity explores how the country has been shaped in the image of the Kemalist project of nationalist modernity and how it has transformed if erratically into a democratic society where tensions between religion state and society continue unabated **Imagining the Turkish House** Carel Bertram, 2013-05-01 Houses can become poetic expressions of longing for a lost past voices of a lived present and dreams of an ideal future Carel Bertram discovered this truth when she went to Turkey in the 1990s and began asking people about their memories of the Turkish house The fondness and nostalgia with which people recalled the distinctive wooden houses that were once ubiquitous throughout the Ottoman Empire made her realize that the Turkish house carries rich symbolic meaning In this delightfully readable book Bertram considers representations of the Turkish house in literature art and architecture to understand why the idea of the

house has become such a potent signifier of Turkish identity Bertram's exploration of the Turkish house shows how this feature of Ottoman culture took on symbolic meaning in the Turkish imagination as Turkey became more Westernized and secular in the early decades of the twentieth century She shows how artists writers and architects all drew on the memory of the Turkish house as a space where changing notions of spirituality modernity and identity as well as the social roles of women and the family could be approached contested revised or embraced during this period of tumultuous change
