Seduction Of Silence Journal Of A Reluctant Widow:

Seduction of Silence Helen Lewison,1999 I have read books about widowhood and attended bereavement groups and I have found many people who once upon a time pledged until death do us part How odd that these words that meant so little long ago come back to haunt us I had no idea death was so final that death separated us as if a knife severed something very real into two separate entities one to remain here and the other to disappear from the face of the earth In some strange ways I have grown There seems to be an inner core that lay dormant all my life and is now starting to sprout I find that I am more at peace with myself than I thought was possible Yes it is a kindness I seem to give myself in recognition that alone I have moved forward along the path I am standing taller than I would have thought possible This life I have been given still has real value My hope now is to be able to share this value with friends
