See Under A Novel:

Dreaming in Books Andrew Piper, 2009-08 Examining novels critical editions gift books translations and illustrated books as well as the communities who made them *Dreaming in Books* tells a wide ranging story of the book's identity at the turn of the nineteenth century In so doing it shows how many of the most pressing modern communicative concerns are not unique to the digital age but emerged with a particular sense of urgency during the bookish upheavals of the romantic era In revisiting the book's rise through the prism of romantic literature Piper aims to revise our assumptions about romanticism the medium of the printed book and ultimately the future of the book in our so called digital age Pub desc **Novel Science** Adelene Buckland, 2013-04-12 *Novel Science* is the first in depth study of the shocking groundbreaking and sometimes beautiful writings of the gentlemen of the heroic age of geology and of the contribution these men made to the literary culture of their day For these men literature was an essential part of the practice of science itself as important to their efforts as mapmaking fieldwork and observation The reading and writing of imaginative literatures helped them to discover imagine debate and give shape and meaning to millions of years of previously undiscovered earth history Borrowing from the historical fictions of Walter Scott and the poetry of Lord Byron they invented geology as a science discovered many of the creatures we now call the dinosaurs and were the first to unravel and map the sequence and structure of stratified rock As Adelene Buckland shows they did this by rejecting the grand narratives of older theories of the earth or of biblical cosmogony theirs would be a humble science faithfully recording minute details and leaving the big picture for future generations to paint Buckland also reveals how these scientists just as they had drawn inspiration from their literary predecessors gave Victorian realist novelists such as George Eliot Charles Kingsley and Charles Dickens a powerful language with which to create dark and disturbing ruptures in the too seductive sweep of story *The Rise of the Novel, Updated Edition* Ian Watt, 2001-06 A classic description of the interworkings of social conditions changing attitudes and literary practices during the period when the novel emerged as the dominant literary form of the individualist era *A List of the Books in the Library of Hotel Statler, St. Louis* Hotel Statler (St. Louis, Mo.). Library, 1919 Mikhail Bakhtin Gary Saul Morson, Caryl Emerson, 1990 Books about thinkers require a kind of unity that their thought may not possess This cautionary statement is especially applicable to Mikhail Bakhtin whose intellectual development displays a diversity of insights that cannot be easily integrated or accurately described in terms of a single overriding concern Indeed in a career spanning some sixty years he experienced both dramatic and gradual changes in his thinking returned to abandoned insights that he then developed in unexpected ways and worked through new ideas only loosely related to his earlier concerns Small wonder then that Bakhtin should have speculated on the relations among received notions of biography unity innovation and the creative process Unity with respect not only to individuals but also to art culture and the world generally is usually understood as conformity to an underlying structure or an overarching scheme Bakhtin believed that this idea of unity contradicts the possibility of true

creativity For if everything conforms to a preexisting pattern then genuine development is reduced to mere discovery to a mere uncovering of something that in a strong sense is already there And yet Bakhtin accepted that some concept of unity was essential Without it the world ceases to make sense and creativity again disappears this time replaced by the purely aleatory There would again be no possibility of anything meaningfully new The grim truth of these two extremes was expressed well by Borges an inescapable labyrinth could consist of an infinite number of turns or of no turns at all Bakhtin attempted to rethink the concept of unity in order to allow for the possibility of genuine creativity The goal in his words was a nonmonologic unity in which real change or surprisingness is an essential component of the creative process As it happens such change was characteristic of Bakhtin's own thought which seems to have developed by continually diverging from his initial intentions Although it would not necessarily follow that the development of Bakhtin's thought corresponded to his ideas about unity and creativity we believe that in this case his ideas on nonmonologic unity are useful in understanding his own thought as well as that of other thinkers whose careers are comparably varied and productive

Bulletin of Bibliography, 1912

Dickens Novels as Verse Joseph P. Jordan, 2012-05-31 As its startling and aggressive title suggests Dickens Novels as Verse is no standard work of literary criticism It is in fact altogether new and original Jordan likens the experience of some of the great Dickens novels particularly the later ones namely A Tale of Two Cities Great Expectations and Our Mutual Friend to the experience of lyric verse The point is not that Dickens novels could ever be mistaken for lyric poems but that the experience of some of the best of Dickens's novels despite their undoubted sprawl is like the experience of lyric poems is so because the novels are made up of the same things that make great verse great intricate largely unnoticeable tissues of alliteration like patterning that net across the work and give narratively insignificant coherence to it Dickens Novels as Verse meticulously describes these book length patterns in clear lucid prose Its three chapters each focused on a single Dickens novel are full of close analyses that can be immediately used by teachers students and all other readers of Dickens to grasp why Dickens always seems to be a greater writer than the quality of his ideas might lead us to expect

Women's Diaries as Narrative in the Nineteenth-Century Novel Catherine Delafield, 2016-07-22 First published in 2009 this book investigates the cultural significance of nineteenth century women's writing and reading practices Beginning with an examination of non fictional diaries and the practice of diary writing it assesses the interaction between the fictional diary and other forms of literary production such as epistolary narrative the periodical the factual document and sensation fiction The discrepancies between the private diary and its use as a narrative device are explored through the writings of Frances Burney Elizabeth Gaskell Anne Bront Dinah Craik Wilkie Collins and Bram Stoker It also considers women as writers readers and subjects and demonstrates ways in which women could become performers of their own story through a narrative method which was authorized by their femininity and at the same time allowed them to challenge the myth of domestic womanhood This book will be of interest to those studying 19th century literature and women

in literature **A Commentary on Horace: Odes Book III** R. G. M. Nisbet, Niall Rudd, 2004-05-27 This book is a successor to the commentaries by Nisbet and Hubbard on Odes I and II but it takes critical note of the abundant recent writing on Horace It starts from the precise interpretation of the Latin attention is paid to the nuances implied by the word order parallel passages are quoted not to depreciate the poet's originality but to elucidate his meaning and to show how he adapted his predecessors sometimes major English poets are cited to exemplify his influence on the tradition In expounding the so called Roman Odes the editors reject not only uncritical acceptance of Augustan ideology but also more recent attempts to find subversion in a court poet They show how Greek moralizing particularly by the Epicureans is applied to contemporary social situations Poems on country festivals are treated sympathetically in the belief that the tolerant and inclusive religion of the Romans can easily be misunderstood The poet's wit is emphasized in his addresses both to eminent Romans and to women with Greek names the latter poems are taken as reflecting his general experience rather than particular occasions Though Horace's ironic self presentation must not be understood too literally the editors reject the modern tendency to treat the author as unknowable Although the text of the Odes is not printed separately the headings to the notes provide a continuous text The editors put forward a number of conjectures most of them necessarily tentative and in the few cases where they disagree both opinions are summarized Cultural Afterlives and Screen Adaptations of Classic Literature H. Shachar, 2012-07-17 Film and television adaptations of classic literature have held a longstanding appeal for audiences an appeal that this book sets out to examine With a particular focus on *Wuthering Heights* the book examines adaptations made from the 1930s to the twenty first century providing an understanding of how they help shape our cultural landscape

Decoding **See Under A Novel**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**See Under A Novel**," a mesmerizing literary creation penned with a celebrated wordsmith, readers set about an enlightening odyssey, unraveling the intricate significance of language and its enduring affect our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
