Early Christian Martyr Stories Bryan M. Litfin,2014-09-30 Personal narratives are powerful instruments for teaching both for conveying information and for forming character The martyrdom accounts preserved in the literature of early Christianity are especially intense and dramatic However these narratives are not readily available and are often written in intimidating prose making them largely inaccessible for the average reader This introductory text brings together key early Christian martyrdom stories in a single volume offering new easy to read translations and expert commentary An introduction and explanatory notes accompany each translation The book not only provides a vivid window into the world of early Christianity but also offers spiritual encouragement and inspiration for Christian life today

Christian Martyrdom and Christian Violence Matthew D. Lundberg,2021-05-18 What is the place if any for violence in the Christian life Christian Martyrdom and Christian Violence On Suffering and Wielding the Sword explores the tension between Christianity s historic reverence for martyrdom suffering violence for faith and Christianity s historical support of a just war ethic involving the inflicting of violence While the book considers the possibility that the two are unreconcilable it also argues that they are ultimately compatible but their compatibility requires a more humanized portrait of the Christian martyr as well as a stricter approach to the justified use of violence

Christian Martyrdom and Political Violence Rubén Rosario Rodríguez,2017-07-13 This book examines the commonalities of Christianity Judaism and Islam and presents martyr narratives as a resource for resisting political violence

The Life of Christ: Seed time. The first conflicts. The crisis, chapters 1-2 Bernhard Weiss,1888

The Shape of the Church Ephrem Arcement,2024-10-03 This is a book to help further the ecumenical cause By providing a new paradigm for growth in ecclesial wholeness The Shape of the Church charts a pathway that is at once biblically and theologically grounded and pastorally applicable Seven interdependent dimensions are identified evangelical pentecostal sacramental intellectual mystical pastoral prophetic which constitute the church s wholeness and safeguard its integrity Throughout church history these seven dimensions have struggled to maintain a life giving balance and have often isolated themselves from one another distorting the church s catholicity and wholeness Reform movements have repeatedly arisen to help revive dimensions being neglected but have often over emphasized these dimensions to the neglect of others and further distorted the church s shape The Shape of the Church seeks to offer a vision

of the church that values the full dimensionality of the church and insists upon the giftedness of all its dimensions arguing that the path forward to greater ecclesial maturity and wholeness is only through the nurturing and integration of all its seven dimensions
