Seek The Happy Life

Jean-Luc Marion

Seek The Happy Life:

In the Self's Place Jean-Luc Marion, 2012-10-24 In the Self's Place is an original phenomenological reading of Augustine that considers his engagement with notions of identity in Confessions Using the Augustinian experience of confessio Jean Luc Marion develops a model of selfhood that examines this experience in light of the whole of the Augustinian corpus Towards this end Marion engages with noteworthy modern and postmodern analyses of Augustine's most experiential work including the critical commentaries of Jacques Derrida Martin Heidegger and Ludwig Wittgenstein Marion ultimately concludes that Augustine has preceded postmodernity in exploring an excess of the self over and beyond itself and in using this alterity of the self to itself as a driving force for creative relations with God the world and others This reading establishes striking connections between accounts of selfhood across the fields of contemporary philosophy literary studies and Augustine's early Christianity

Access to God in Augustine's Confessions Carl G. Vaught, 2012-02-01 This is the final volume in Carl G Vaught's groundbreaking trilogy reappraising Augustine's Confessions a cornerstone of Western philosophy and one of the most influential works in the Christian tradition Vaught offers a new interpretation of the philosopher as less Neoplatonic and more distinctively Christian than most interpreters have thought In this book he focuses on the most philosophical section of the Confessions and on how it relates to the previous more autobiographical sections A companion to the previous two volumes which dealt with Books I IX this book can be read either in sequence with or independently of the others Books X XIII of the Confessions begin after Augustine has become Bishop of Hippo and they are separated by more than ten years from the episodes recorded in the previous nine books of the text This establishes the narrative in the present and speaks to the believing sons of men Augustine explores how memory time and creation make the journey toward God and the encounter with God possible Vaught analyzes these conditions in order to unlock Augustine's solutions to familiar philosophical and theological problems He also tackles the frequently discussed problem of the alleged disconnection between the earlier books and the last four books by showing how Augustine binds experience and reflection together

Love and Saint Augustine Hannah Arendt, 2014-12-10 The brilliant thinker who taught us about the banality of evil explores another brilliant thinker and his concept of love Hannah Arendt the author of *The Origins of Totalitarianism* and *The Human Condition* began her scholarly career with an exploration of Saint Augustine's concept of caritas or neighborly love written under the direction of Karl Jaspers and the influence of Martin Heidegger After her German academic life came to a halt in 1933 Arendt carried her dissertation into exile in France and years later took the same battered and stained copy to New York During the late 1950s and early 1960s as she was completing or reworking her most influential studies of political life Arendt was simultaneously annotating and revising her dissertation on Augustine amplifying its argument with terms and concepts she was using in her political works of the same period The dissertation became a bridge over which Arendt traveled back and forth between 1929 Heidelberg and 1960s New York carrying with her Augustine's question about the

possibility of social life in an age of rapid political and moral change In Love and Saint Augustine political science professor Joanna Vecchiarelli Scott and philosophy professor Judith Chelius Stark make this important early work accessible for the first time Here is a completely corrected and revised English translation that incorporates Arendt s own substantial revisions and provides additional notes based on letters contracts and other documents as well as the recollections of Arendt s friends and colleagues during her later years Both the dissertation and the accompanying essay are accessible to informed lay readers Scott and Stark s conclusions about the cohesive evolution of Arendt s thought are compelling but leave room for continuing discussion Library Journal A revelation Kirkus Reviews The Confessions Saint Augustine,2008-08-14 Augustine of Hippo s Confessions recount how slowly and painfully he came to turn away from his youthful ideas and licentious lifestyle to become instead a staunch advocate of Christianity and one of its most influential thinkers

Wittgenstein Reading Sascha Bru,Wolfgang Huemer,Daniel Steuer,2013-10-29 Wittgenstein s thought is reflected in his reading and reception of other authors Wittgenstein Reading approaches the moment of literature as a vehicle of self reflection for Wittgenstein What sounds on the surface like criticism e g of Shakespeare can equally be understood as a simple registration of Wittgenstein s own reaction hence a piece of self diagnosis or self analysis The book brings a representative sample of authors from Shakespeare Goethe or Dostoyevsky to some that have received far less attention in Wittgenstein scholarship like Kleist Lessing or Wilhelm Busch and Johann Nepomuk Nestroy Furthermore the volume offers means for the cultural contextualization of Wittgenstein s thoughts Unique to this book is its internal design The editors introduction sets the scene with regards to both biography and theory while each of the subsequent chapters takes a quotation from Wittgenstein on a particular author as its point of departure for developing a more specific theme relating to the writer in question This format serves to avoid the well trodden paths of discussions on the relationship between philosophy and literature allowing for unconventional observations to be made Furthermore the volume offers means for the cultural contextualization of Wittgenstein s thoughts Three Ways of Loving God Saint Augustine,Saint Teresa of Avila,Saint Francis de Sales,2014-03-01 These thematic collections of spiritual teachings from the best Christian writers in history are sure to be popular with book study groups Centering prayer gatherings adult Christian formation and for individual spiritual reading The Fragility of Freedom Joshua Mitchell,1999-05-15 In this fresh interpretation of Tocqueville s thought Joshua Mitchell explores the dynamic interplay between religion and politics in American democracy Focusing on Democracy in America The Fragility of Freedom examines Tocqueville s key works and argues that his analysis of democracy is ultimately rooted in an Augustinian view of human psychology As much a work of political philosophy as of religion The Fragility of Freedom argues for the importance of a political theology that recognizes moderation An intelligent and sharply drawn portrait of a conservative Toqueville Anne C Rose Journal of American History I recommend this book as one of a very few to approach seriously the sources of Tocqueville s intellectual and moral greatness Peter Augustine Lawler

Journal of Politics Mitchell ably places Democracy in America in the long conversation of Western political and theological thought Wilfred M McClay First Things Learned and thought provoking Peter Berkowitz New Republic Wrestling with God and with Evil ,2007-01-01 The fact of evil continues to raises questions questions about the relationship between God and evil but also questions about human involvement in it At the beginning of the twenty first century it is now time to see the existence of evil not just as a problem for belief in God it is a problem for belief in humanity itself as well For human involvement in evil is not simply a matter of coping with evil but also concerns the fact that humans themselves often seem to do wrong and evil inevitably Human finitude ignorance and the unforeseeable consequences of good intentions as well as of neglect can often lead to tragedy This volume contains contributions from an equal number of male and female scholars in Western Europe and America It contains discussions of thinkers like Kant Kierkegaard Barth Weil Levinas Naber Caputo and Johnson It deals with issues like tragedy finitude critiques of Western culture violence and God and the question of whether theodicies are needed or are even honest This volume offers an interesting survey of wrestling with God and evil from a variety of perspectives in the philosophy of religion on both sides of the Atlantic **Political Affections** Joshua Hordern,2013 A theological treatment of the role of affections such as joy compassion and shame in contemporary politics Hordern discusses what affections are and how they play a role in parts of political life such as representation and law He shows that affections have an intelligent role to play in fostering loyalty trust and public moral reasoning *So Longeth My Soul* Joanna Collicutt,2024-06-30 Students of Christian spirituality often have an ambivalent attitude to primary sources from the past On the one hand they are intrigued by the mysterious otherness of their and the promise that this very otherness my take them into exciting uncharted territory On the other hand they lack the confidence to navigate this territory so that what begins as strangely intriguing can quickly become just too weird The SCM Reader in Christian Spirituality not only offers a collection of readings from the classic texts of Christian spirituality but also gives the reader a way into these texts that enables them to be received as living and relevant for both personal spirituality and ministry An introductory section guides the student through the process and offers techniques for approaching these often ancient texts The Reader then presents readings from the patristic to the end of the early modern period encompassing both the Eastern and Western church traditions grouped around key themes and including extensive notes and contextual material **A Select Library of the Nicene and Post-Nicene Fathers of the Christian Church** Philip Schaff,1886 *The Greatest Works of Roman Classical Literature* Lucius Annaeus Seneca,Julius Caesar,Boethius,Horace,Plutarch,Apuleius,Virgil,Persius,Terence,Ammianus Marcellinus,Sallust,Juvenal,Lucan,Suetonius,Tibullus,Tacitus,Petronius,Cornelius Nepos,Lucretius,Martial,Catullus,Cicero,Claudian,Pliny the Younger,Saint Augustine of Hippo,Plautus,Ennius,The Metamorphoses,Augustus,Quintilian,2023-12-21 The anthology The Greatest Works of Roman Classical Literature encapsulates the grandeur and diversity that define Roman literary achievement This collection spans a remarkable range of
