Seize The Moment Americas Challenge In A One Superpower World:

Seize the Moment Richard Milhous Nixon,1990 *Seize the Moment* Richard Nixon,2013-01-08 What is most striking about Mr Nixon s charge to seize the moment nearly all of which is sensible and sound is the continuity of his counsel The New York Times In Moscow Khrushchev arrogantly predicted to me Your grandchildren will live under communism I responded Your grandchildren will live in freedom At the time I was sure he was wrong but I was not sure I was right As a result of the new Soviet revolution I proved to be right Khrushchev s grandchildren now live in freedom In this brilliantly timed book Richard Nixon defines the challenges and opportunities facing America as the world s sole superpower Only American leadership he contends can guide the turbulent post Soviet Union world toward freedom and prosperity and make the 21st century an American century Forcefully dismissing the three prevailing post Cold War myths about America that history has ended with the defeat of communism that military power had become irrelevant and that America is a declining power Nixon charts the course America must take in the future to seize this moment in history **American Hegemony** Lea Brilmayer,1996-09-01 This work debates questions such as the moral right of one nation to act as the world s policeman and dominate others It discusses moral issues raised by America s status as the sole world superpower after the end of the Cold War King Arthur's Modern Return Debra N. Mancoff,2014-04-23 The Arthurian legend closes with a promise On a distant day when his country calls the king will return His lost realm will be regained and his shattered dream of an ideal world will at last be realized This collection of original essays explores the issue of return in the modern Arthurian legend With an Introduction by noted scholar Raymond H Thompson and 13 essays by authors from the fields of literature art history film history and folklore this collection reveals the flexibility of the legend Just as the modern legend takes the form current to its generation the myth of return generates a new legend with each telling As these authors show return can come in the form of a noble king or a Caribbean immigrant with the mystery of an art theft or a dying boy s dream A Search for Enemies Ted Galen Carpenter,1992 The passing of the Cold War is the most important development of the late 20th century yet the United States clings tenaciously to old policies Both the Bush administration and Democratic leaders have insisted on perpetuating a host of obsolete alliances including NATO and the alliance with Japan which cost American taxpayers nearly 150 billion a year Ted Galen Carpenter director of foreign policy studies at the Cato Institute offers a provocative critique of that status quo strategy Although Washington s outdated alliances have no real adversary or credible mission Carpenter says they hold the potential to embroil the United States in obscure conflicts ethnic and otherwise that have little relevance to America s legitimate security concerns As an alternative he proposes strategic independence under which the United States would act only to defend vital interests the republic s physical integrity political independence or domestic liberty Carpenter calls for the foreign policy equivalent of zero based budgeting insisting that because of the dramatic changes in the world caused by the collapse of the Soviet Union all alliances must be justified anew regardless of any utility they may have had

during the Cold War He places under the microscope America s multilateral treaty obligations to defend other nations NATO ANZUS which links the United States Australia and New Zealand and the Rio Treaty which provides a collective defense arrangement for the Western Hemisphere He also examines four important bilateral security agreements with Japan South Korea the Philippines and Pakistan This is the book on a new foreign policy for the United States **Richard Nixon** Paul Carter,2023-09 This biography of Richard Nixon covers his uniquely Southern California life in full circle from his birth in Yorba Linda to his final resting place just a few yards from the home in which he was born **US-Pakistan Relationship** A.Z. Hilali,2017-07-05 Hilali provides an excellent study into the US Pakistan partnership under the Reagan administration The book explores the causes of Pakistan s involvement in the Afghanistan war and the United States support to prevent Soviet adventurism It shows that Pakistan was the principal channel through which assistance was provided to Afghan freedom fighters it also provided access to its military bases to use against the Soviet Union The study looks at the consequences of the war on Pakistan and explains how it became enmeshed within its domestic politics Furthermore it evaluates the role of Pakistan as a key partner in the global coalition against terrorism and discusses how General Pervez Musharraf brought about Pakistan s development towards a progressive moderate and democratic society Ideally suited to courses on foreign policy The Diplomatic Record 19921993 Allan Goodman,2019-05-28 The Diplomatic Record continues in its fourth year to offer the most comprehensive storehouse of current information available on international diplomatic relations including a look ahead to ongoing negotiations a chronology of diplomatic events for the year and a bibliography of current diplomacy related publications At the heart of every editi **Dazed and Confused** Blaine T. Browne,2023-11-01 While historians have revisited every aspect of America history in the tumultuous 1960s coverage of the following decade is sparse As America reflects on the 50th anniversary of the 1970s Blaine Browne reexamines the decade s major international political social cultural economic and intellectual developments giving special attention to how its developments continue to impact American life He views the decade as a major transitional era given the death of many of the promises and hopes of the Sixties the collapse of the post World War II consensus and the uncertainties of a new age in which the America might well not enjoy the preeminent global position it had held for the previous quarter century Growing fundamental economic challenges as well as concerns about the viability of the nation s political leadership and democratic institutions added to these anxieties A general angst permeated national life Whether readers are reliving the years when they came of age or exploring the 1970s for the first time **Dazed and Confused** will introduce the topics and cast of characters who defined this pivotal decade in American life **The Road from Paradise** Stjepan Gabriel Me_trovi_,1993-01-01 The 1989 fall of communism in Eastern Europe occurred in a period when Western intellectuals were involved in a confusing discourse on a number of other dramatic endings the end of modernity the end of the century even the possible end of sociology Against this backdrop the authors focus on continuities based on the habits of the heart of those who threw off communism in Eastern

Europe contrasting them with Western modes of thought Their cultural explanation draws on theories of Tocqueville Durkheim and others to examine positive as well as negative aspects of the nations that survived communism While focusing on the Balkans they also make cautious prognoses for the rest of Eastern Europe
