Francisco Antonio Linares Lucena, 2021-12-05 Libro de texto digital de apuntes de la asignatura de Literatura Universal
La palabra escrita Margarita Murillo González, 1980 *Antología Literaria* Dr. Adalberto García de Mendoza, 2020-01-02
Este libro presenta una serie de pláticas sobre filosofía, música, ciencia, arte, etc. en las cuales el autor trata de encausar a la juventud por nuevos senderos y forjar hombres que sientan la plenitud de sus esfuerzos espirituales en su propia existencia. Que deban sentir que la plenitud de la vida no está en la muerte sino en la vida misma. Y para lograrlo hay que llegar al corazón propio, hay que alentar el fluir de sus pensamientos y encausar sus sentimientos para que sepan el porqué de su propia existencia. Prentice Hall Selecciones Literarias, 1997 *La Gaceta* Honduras, 1958 The Teaching of Reading in Spanish to the Bilingual Student: La Enseñanza de la Lectura en Español Para El Estudiante Bilingüe Angela Carrasquillo, Philip Segan, 2013-10-14 This dual language text provides theory and methodology for teaching reading in Spanish to Spanish English bilingual or Spanish dominant students. The goal is to help educators teach these students the skills necessary to become proficient readers and thus successful in the school system. At the very core of the book are the hispano parlantes, the Spanish speaking children who bring to the schools along with their native language and cultures a wealth of resources that must be tapped and to whom all educators have a responsibility to respond. True to the concepts of developing bilingual educators to serve bilingual students, the text presents chapters in English and Spanish. Each chapter is written in only one language at the preference of the author. Thus to be successful with this book, the reader must be bilingual. Themes emphasized in the text include current reading methodologies, the concept of reading as developmental literacy skills, reading in the content areas, new views of the development of proficiency in the second language, issues related to students with special learning needs, assessment and the uses of technology in the delivery of instruction. Never losing sight of its goal to teach reading in Spanish to bilingual or Spanish dominant students, the book includes a series of focusing questions and follow-up activities. These are not simply translations of existing activities; strategies and techniques intended for monolingual English students but specifically designed to be appropriate for Spanish speaking students. Directed to university preservice and in-service instructors of reading and bilingual education as well as administrators and district and school level staff developers who work with Hispanic populations, the book is sensitive at all times to nuances of the languages and cultures of the intended audiences. **Ciudades imágenes ideas** Marcela Lucci, Fernando Martínez Nespral, Mariano Rodríguez Otero, 2021-06-17 El presente volumen compila una decena de trabajos que fueron presentados como ponencias en varias mesas temáticas que coordinamos en el marco de las Jornadas Interescuelas Departamentos de Historia entre los años 2005 y 2015. En el espíritu de aquellas reuniones ya estaba presente el enfoque interdisciplinario a partir del diálogo entre historiadores y arquitectos que ya prefiguraba nuestro previo diálogo como coordinadores. Post-war Spanish Women Novelists and the Recuperation of Historical Memory Patricia O'Byrne,2014 Reconstructs through testimonial literature the repression of women during the Franco years and recovers the writings of some of the forgotten post war women novelists The passing of Spain's Law of Historical Memory 2007 marked the official recognition of the need to confront a violent and painful past Article 2 makes reference to specific groups who experienced discrimination including religious and ethnic communities no reference is made to the gender repression endured by women enforced by a patriarchal regime through its legislation and policies with the active support of the Church and the Women's Section of the Falange Revised narratives of the period that have emerged in recent decades have raised issues in relation to the reliability and selectivity of memory and its ongoing mediation by intervening events While documentary sources of the period are prejudicial contemporaneous post war testimonial novels provide an invaluable resource in reconstructing the past particularly the novels of women writers This book draws on their narrative to reconstruct the female experience of the post war years and in particular on the writings of novelists whose work has undeservedly been disregarded Neither the experience of women under Franco nor the narrative of women writers of the period should be forgotten Patricia O Byrne lectures in Hispanic Studies and Comparative Literature at Dublin City University
