Griffin, 2019-06-05 Think of a man walking in the desert writes Griffin looking for the path to its summit looking for the observatory that may at last shed light on what's below In this luminous and moving book of essays award winning author Shaun Griffin weaves together a poetic meditation on living meaningfully in this world Anchored in the American West but reaching well beyond he recounts his discoveries as a poet and devoted reader of poetry a teacher of the disadvantaged a friend of poets and artists and a responsible member of the human family Always grounded in place be it Nevada South Africa North Dakota Spain Zimbabwe or Mexico Griffin confronts the world with an openness that allows him to learn and grow from the people he meets This is a meditation on how all of us can confront our own influences to achieve wholeness in our lives Along with Griffin readers will reflect on how they might respond to a homeless man walking through central Nevada viewing the open desert as Thoreau might have viewed Walden seeing the US Mexico border as a region of lost identity reconciling how poets who live west of the Hudson River find anonymity to be their laurel and experiencing how writing poetry in prison becomes lifesaving Whether poets or places in the West or beyond experiences with other cultures or an acute awareness that poetry is the refuge of redress all have influenced Griffin's writing and thinking as a poet and activist in the Great Basin The mindfulness of *Because the Light Will Not Forgive Me* demonstrates that even though the light does not forgive it still reveals **International Who's Who in Poetry 2004** Europa Publications, 2003 Provides up to date

profiles on the careers of leading and emerging poets **Poetry by American Women 1975-1989** Joan Reardon, 1990-12 Lists the volumes of some 1 565 women who have published poetry in America since the base volume came out in 1979 Those who have qualified for inclusion have published at least one volume during the years 1975 1989 excluding audio visual works mixed genre foreign language editions broadsides a West of the American Dream Paul Christensen, 2001 West of the American Dream is a multifaceted account of the search Christensen shares his feelings of culture shock in east central Texas as he meets the cowboy version of the blue collar Texan and his Mexican American neighbours He introduces readers to the convoluted history of poetry in Texas a tradition started by women that shifted from a focus on the land to the quotidian habits of urban living Using a unique dissection of the public ritual of a poetry reading Christensen assesses the origins of modern poetry the value of imagination in modernist and postmodernist verse and what Texas poets achieved and how their work evolved after World War II Jacket **James Wright** Jonathan Blunk, 2017-10-17 The authorized and sweeping biography of one of America s most complex influential and enduring poets In the extraordinary generation of American poets who came of age in the middle of the twentieth century James Wright 1927 1980 was frequently placed at the top of the list With a fierce single minded devotion to his work Wright escaped the steel town of his Depression era childhood in the Ohio valley to become a revered professor of English literature and a Pulitzer Prize winner But his hometown remained at the heart of his work and he courted a rough enduring muse from his vivid memories of the Midwest A full throated lyricism and classical poise became his tools honesty and unwavering compassion his trademark Using meticulous research hundreds of interviews and Wright s public readings Jonathan Blunk s authorized biography explores the poet s life and work with exceptional candor making full use of Wright s extensive unpublished work letters poems translations and personal journals Focusing on the tensions that forced Wright s poetic breakthroughs and the relationships that plunged him to emotional depths Blunk provides a spirited portrait and a fascinating depiction of this turbulent period in American letters A gifted translator and mesmerizing reader Wright appears throughout in all his complex and eloquent urgency Discerning yet expansive James Wright will change the way the poet s work is understood and inspire a new appreciation for his enduring achievement *Beautiful Enemies* Andrew Epstein, 2006-09-21 Although it has long been commonplace to imagine the archetypal American poet singing a solitary Song of Myself much of the most enduring American poetry has actually been preoccupied with the drama of friendship In this lucid and absorbing study Andrew Epstein argues that an obsession with both the pleasures and problems of friendship erupts in the New American Poetry that emerges after the Second World War By focusing on some of the most significant postmodernist American poets the New York School poets John Ashbery Frank O Hara and their close contemporary Amiri Baraka Beautiful Enemies reveals a fundamental paradox at the heart of postwar American poetry and culture the avant garde s commitment to individualism and nonconformity runs directly counter to its own valorization of community and collaboration In fact Epstein demonstrates that the clash between friendship and

nonconformity complicates the legendary alliances forged by postwar poets becomes a predominant theme in the poetry they created and leaves contemporary writers with a complicated legacy to negotiate Rather than simply celebrating friendship and poetic community as nurturing and inspiring these poets represent friendship as a kind of exhilarating maddening contradiction a site of attraction and repulsion affinity and rivalry Challenging both the reductive critiques of American individualism and the idealized heavily biographical celebrations of literary camaraderie one finds in much critical discussion this book provides a new interpretation of the peculiar dynamics of American avant garde poetic communities and the role of the individual within them By situating his extensive and revealing readings of these highly influential poets against the backdrop of Cold War cultural politics and within the context of American pragmatist thought Epstein uncovers the collision between radical self reliance and the siren call of the interpersonal at the core of postwar American poetry
