Selected Essays Of R P Blackmur

Geoffrey Tillotson

Selected Essays Of R P Blackmur:

Selected Essays of R.P. Blackmur Richard P. Blackmur, 1986 In the years since Blackmur's death in 1965 literary criticism has changed significantly Partly in reaction to the 30 year sway of formalist New Criticism exemplified by Blackmur John Crowe Ransom and Allen Tate it has become fashionable to embrace structuralist and poststructuralist literary theory in an effort to shift attention from the art object and the artist's voice to the cultural and linguistic systems or codes that govern discourse In the process Blackmur has become part of literary history respected but unread In this carefully edited selection of Blackmur's essays Donoghue a keen critic of modern writing has rediscovered Blackmur's impressive independence and insight ISBN 0 88001 083 5 17 50 **[Selected essays] ; Selected essays of R. P. Blackmur** Richard P. Blackmur, 1986

Selected Essays of R.P. Blackmur Richard P. Blackmur, 1986 Examines the nature of literary criticism and analyzes the works of writers including E E Cummings Henry James Thomas Mann and Emily Dickinson *The Cambridge History of Literary Criticism: Volume 7, Modernism and the New Criticism* George Alexander Kennedy, 1989 The history of the most hotly debated areas of literary theory including structuralism and deconstruction **The Practice of Reading** Denis Donoghue, 2000-01-01 This lucid and elegantly written book is a sustained conversation about the nature and importance of literary interpretation Distinguished critic Denis Donoghue argues that we must read texts closely and imaginatively as opposed to merely or mistakenly theorizing about them He shows what serious reading entails by discussing texts that range from Shakespeare's plays to a novel by Cormac McCarthy Donoghue begins with a personal chapter about his own early experiences reading literature while he was living and teaching in Ireland He then deals with issues of theory focusing on the validity of different literary theories on words and their performances on the impingement of oral and written conditions of reading and on such current forces as technology and computers that impinge on the very idea of reading Finally he examines certain works of literature Shakespeare's Othello and Macbeth Swift's Gulliver's Travels a passage from Wordsworth's The Prelude a chapter of Joyce's Ulysses Yeats's Leda and the Swan and Coole and Ballylee 1931 and Cormac McCarthy's Blood Meridian demonstrating what these texts have in common and how they must be differentiated through a sympathetic imaginative and informed reading **The Collected Essays of Elizabeth Hardwick** Elizabeth Hardwick, 2017-10-17 The first ever collection of essays from across Elizabeth Hardwick's illustrious writing career including works not seen in print for decades A New York Times Notable Book of 2017 Elizabeth Hardwick wrote during the golden age of the American literary essay For Hardwick the essay was an imaginative endeavor a serious form criticism worthy of the literature in question In the essays collected here she covers civil rights demonstrations in the 1960s describes places where she lived and locations she visited and writes about the foundations of American literature Melville James Wharton and the changes in American fiction though her reading is wide and international She contemplates writers lives women writers rebels Americans abroad and the literary afterlife of biographies letters and diaries Selected and with an introduction

by Darryl Pinckney the *Collected Essays* gathers more than fifty essays for a fifty year retrospective of Hardwick's work from 1953 to 2003 For Hardwick writes Pinckney the poetry and novels of America hold the nation's history Here is an exhilarating chronicle of that history **Religion and Myth in T.S. Eliot's Poetry** Michael Bell, Scott Freer, 2016-08-17 T S

Eliot was arguably the most important poet of the twentieth century Nonetheless there remains much scope for reconsidering the content form and expressive nature of Eliot's religious poetry and this edited collection pays particular attention to the multivalent spiritual dimensions of his popular poems such as *The Lovesong of J Alfred Prufrock* *The Waste Land* *Journey of the Magi* *The Hollow Men* and *Choruses from The Rock* Eliot's sustained popularity is an intriguing cultural phenomenon given that the religious voice of Eliot's poetry is frequently antagonistic towards the unchurched or secular reader You Hypocrite lecteur This said Eliot's spiritual development was not a logical matter and his devotional poetry is rarely didactic The volume presents a rich and powerful range of essays by leading and emerging T S Eliot and literary modernist scholars considering the doctrinal religious humanist mythic and secular aspects of Eliot's poetry Anglo Catholic belief Barry Spurr the integration of doctrine and poetry Tony Sharpe the modernist mythopoeia of *Four Quartets* Michael Bell the felt significance of religious poetry Andy Mousley ennui as a modern evil Scott Freer Eliot's pre conversion encounter with modernist theology Joanna Rzepa Eliot's religious agrarianism Jeremy Diaper the maternal allegory of *Ash Wednesday* Matthew Geary and an autobiographical reading of religious conversion inspired by Eliot in a secular age Lynda Kong This book is a timely addition to the return of religion in modernist studies in the light of renewed interest in T S Eliot scholarship **Princeton Alumni Weekly** ,1950 **Criticism and the Nineteenth Century** Geoffrey

Tillotson, 2014-07-23 The re emergence into critical esteem of the literature of the English mid nineteenth century has been one of the post war excitements for students and general readers Mid nineteenth century literature is not simply the best body of literature the English have produced It happens also to be literature that has a practical interest for ourselves We live so plainly in its wake The problems being faced a hundred years ago are the problems still facing ourselves such as the continued supremacy of science and its methods and the consequently progressive disappearance of what was called the supernatural Nineteenth century literature however is interesting for other reasons than extended topicality offering infinite aesthetic riches as Geoffrey Tillotson discusses in this volume of essays [The Collected Essays and Criticism, Volume 1](#) Clement Greenberg, 1986 Clement Greenberg is widely recognized as the most influential and articulate champion of modernism during its American ascendancy after World War II the period largely covered by these highly acclaimed volumes of *The Collected Essays and Criticism* Volume 3 *Affirmations and Refusals* presents Greenberg's writings from the period between 1950 and 1956 while Volume 4 *Modernism with a Vengeance* gathers essays and criticism of the years 1957 to 1969 The 120 works range from little known pieces originally appearing *Vogue* and *Harper's Bazaar* to such celebrated essays as *The Plight of Our Culture* 1953 *Modernist Painting* 1960 and *Post Painterly Abstraction* 1964 Preserved in their original form

these writings allow readers to witness the development and direction of Greenberg's criticism from his advocacy of abstract expressionism to his enthusiasm for color field painting. With the inclusion of critical exchanges between Greenberg and F. R. Leavis, Fairfield Porter, Thomas B. Hess, Herbert Read, Max Kozloff, and Robert Goldwater, these volumes are essential sources in the ongoing debate over modern art.

Selected Essays Of R P Blackmur Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is really remarkable.
