## **Long Old Road An Autobiography:**

**Long Old Road** Horace Cayton, 2017-07-05 From the time that he ran away to sea at sixteen until he graduated from the University of Washington Horace R Cayton was a messman on a freighter an unknowing handyman in an Alaskan brothel a juvenile delinquent and inmate of a reform school a dock worker and steward on a passenger liner and a deputy in the sheriff's office of King County Washington Born in Seattle a city then uniquely free from racial tensions and prejudices Cayton found the privileged secure middle class position of his well to do parents ineffectual against the gradual spread of racism that was sweeping America His disarmingly honest autobiography is the ever absorbing record of an intelligent sensitive and proud man's attempts to find identity in a confusing and conflicting chaos of black and white in a nation that although dedicated to equality somehow managed to deny this ideal by almost every action Although his turbulent life was complicated by the color barrier often resulting in reverses and frustrations that have rendered him close to a breakdown this alone is not what makes Cayton's book such captivating reading Wholly lacking in self pity or special pleading Horace Cayton has written a personal narrative of unfailing interest on any number of scores a book that ranks with the best of American autobiographical writing For it manages to remain highly critical without once resorting to bitterness to be filled with hope though not always hopeful and brims with compassion and bemused and acute insights into a troubled society It is a telling almost poetic tribute to the resiliency of black culture

**The Forging of a Black Community** Quintard Taylor, 2022-06-07 Seattle's first black resident was a sailor named Manuel Lopes who arrived in 1858 and became the small community's first barber He left in the early 1870s to seek economic prosperity elsewhere but as Seattle transformed from a stopover town to a full fledged city African Americans began to stay and build a community By the early twentieth century black life in Seattle coalesced in the Central District a four square mile section east of downtown Black Seattle however was never a monolith Through world wars economic booms and busts and the civil

rights movement black residents and leaders negotiated intragroup conflicts and had varied approaches to challenging racial inequity Despite these differences they nurtured a distinct African American culture and black urban community ethos With a new foreword and afterword this second edition of *The Forging of a Black Community* is essential to understanding the history and present of the largest black community in the Pacific Northwest *Pioneer Urbanites* Douglas Henry Daniels,2023-11-15 The black migration to San Francisco and the Bay Area differed from the mass movement of Southern rural blacks and their families into the eastern industrial cities Those who traveled West or arrived by ship were often independent sophisticated single men Many were associated with the transportation boom following the Gold Rush others traveled as employees of wealthy individuals Douglas Daniels argues for the importance of going beyond the written record and urban statistics in examining the life of a minority community He has studied photographs from family albums and interviewed members of old black San Francisco families in his effort to provide the first nuanced picture of the lives of black San Franciscans from the 1860s to the 1940s The black migration to San Francisco and the Bay Area differed from the mass movement of Southern rural blacks and their families into the eastern industrial cities Those who traveled West or arrived by ship were often independent sophisticated single

Clair Drake graduate students whose conception of the South Side of Chicago established a new paradigm for thinking about Northern racism and poverty in the 1940s He also discusses the psychological links between slum conditions and black powerlessness the controversy over Daniel Patrick Moynihan s report on the black family and how the debate about urban America changed as middle class African Americans started escaping the ghettos In this sweeping and incisive study Duneier offers a clear eyed assessment of the thinkers and doers who have shaped American ideas about urban poverty and the ghetto The result is a valuable new estimation of an age old concept A New York Times Notable Book Winner of the Z calo Public Square Book Prize

Abandoning the Black Hero John C. Charles,2012-12-15 Abandoning the Black Hero is the first book to examine the postwar African American white life novel novels with white protagonists written by African Americans These fascinating works have been understudied despite having been written by such defining figures in the tradition as Richard Wright Zora Neale Hurston James Baldwin Ann Petry and Chester Himes as well as lesser known but formerly best selling authors Willard Motley and Frank Yerby John C Charles argues that these fictions have been overlooked because they deviate from two critical suppositions that black literature is

always about black life and that when it represents whiteness it must attack white supremacy The authors are however quite sympathetic in the treatment of their white protagonists which Charles contends should be read not as a failure of racial pride but instead as a strategy for claiming creative freedom expansive moral authority and critical agency In an era when Negro writers were expected to protest their sympathetic treatment of white suffering grants these authors a degree of racial privacy previously unavailable to them White writers after all have the privilege of racial privacy because they are never pressured to write only about white life Charles reveals that the freedom to abandon the Negro problem encouraged these authors to explore a range of new genres and themes generating a strikingly diverse body of novels that significantly revise our understanding of mid twentieth century black writing
