**Narrative(s) in Conflict** Wolfgang Müller-Funk, Clemens Ruthner, 2017-11-07 Narrative(s) in Conflict presents the proceedings of an international workshop held at the Trinity Long Room Hub Dublin in 2013 to a wider audience This was a cross disciplinary cooperation between the comparative research network Broken Narratives University of Vienna the research strand Identities in Transformation Trinity College Dublin and the Graduate Center for the Study of Culture at the

University of Giessen What has brought this informal network together is its credo that theories of narrative should be regarded as an integral part of cultural analysis Choosing exemplary case studies from early Habsburg days up to the wars and genocides of the 20th century and the post 9 11 War on terror our volume tries to analyze the relation between representation and conflict i e between narrative constructions social historical processes and cultural agon Here it is crucial to state that narratives do not simply and passively mirror conflicts as the conventional realistic paradigm suggests they rather provide a symbolic sense making matrix and even a performative dimension It even can be said that in many cases narratives make conflicts

*The Musical Thought and Spiritual Lives of Heinrich Schenker and Arnold Schoenberg* Matthew Arndt, 2017-09-11 This book examines the origin content and development of the musical thought of Heinrich Schenker and Arnold Schoenberg One of the premises is that Schenker's and Schoenberg's inner musical lives are inseparable from their inner spiritual lives Curiously Schenker and Schoenberg start out in much the same musical spiritual place yet musically they split while spiritually they grow closer The reception of Schenker's and Schoenberg's work has sidestepped this paradox of commonality and conflict instead choosing to universalize and amplify their conflict Bringing to light a trove of unpublished material Arndt argues that Schenker's and Schoenberg's conflict is a reflection of tensions within their musical and spiritual ideas They share a particular conception of the tone as an ideal sound realized in the spiritual eye of the genius The tensions inherent in this largely psychological and material notion of the tone and this largely metaphysical notion of the genius shape both their musical divergence on the logical technical level in theory and composition including their advocacy of the *Ursatz* versus *twelvetone* composition and their spiritual convergence including their embrace of Judaism These findings shed new light on the musical and philosophical worlds of Schenker and Schoenberg and on the profound artistic and spiritual questions with which they grapple

Raehan and Amolika come from two very different worlds And for the time that their worlds overlap and stick to one path life seems beautiful Between projects at college and hanging out with friends the two of them come to a startling revelation that

involves a bond of love between them Unbeknownst to the both of them there lies a leviathan of espionage that eventually consumes the bond they share driving them apart by force Sixteen years pass when fate decides to rekindle their bond only this time the challenges are exacerbated by the unresolved baggage of the past Do the two of them find each other Does the dull grey long standing spell of winter rise to give way to spring

**Cry Not for Spring** E. Frank Mancil, 2014-08-20 This book does not portray any great feats of heroism as might be expected of a war book Rather it follows the three agonizing years of a group of terrified individuals who refused to knuckle under to the Germans and their horror filled occupation of the Ukraine Though faced with almost insurmountable hardships this small band these guerillas fought back as best as they could Through the bitter winters the starvation the almost hopeless future they never wavered in their determination to remain free Their battle was not fought on a large scale nor were there any clear cut victories There were no headlines to herald them when a bridge was blown up or when a train was dynamited from the tracks Their losses were suffered in silence as were their victories Bravery heroic deeds suffering defeat and victory were absorbed in silent gratefulness that at least they still possessed life a victory in itself for it was the only thing they were fighting for No lofty ideals or romantic causes just life

*Tormented Master* Arthur Green, 1979 If Hasidism begins in the life enhancing spirituality of the Baal Shem Tov it concludes in the tortuous elitist and utterly fascinating career of Nahman of Bratslav 1722 1810 whose biography and teaching Arthur Green has set forth in his comprehensive moving and subtle study *Tormented Master* Arthur Green has managed to lead us through the thickets of the Bratslaver discourse with a grace and facility thus far unequaled in the English language literature on Hasidism *Tormented Master* is a model of clarity and percipience balancing awe respect and honor for its subject with a ruthless pursuit of documented truth *Tormented Master* is sufficiently open to the agonies of religion in general and the issues of modern religion in particular to make Nahman a thinker utterly relevant to our time Nahman of Bratslav is unique in the history of Judaism Green emphasizes for having made the individual's quest for intimacy with God the center of the religious way He was a Kierkegaard before his time believing in the utter abandon of the life of faith and the risk of paradoxicality He was more than all others the predecessor of Kafka whose tales like Nahman's have no explicit key and rankle flush and irritate the spirit compelling us even in our failure to understand to acknowledge their potency and challenge New York Times
