Hamish Lindsay, 2013-11-11 One of the wonderful aspects of the US Manned Spaceflight Program was the opportunity for people around the entire globe to participate in one of man's greatest adventures As we laid out the plans for flying the first manned spaceflight program it was obvious that we would require extensive operations around the earth One of the most challenging features of this plan was to build a world wide network of tracking stations to provide communications with the orbiting spacecraft At the time about 1958 and 59 the construction of these facilities in what turned out to be some very interesting pieces of geography was a tremendous task Christopher C Kroft Jr Australia is located roughly 180 degrees longitude from the launch site Cape Canaveral and so occupied not only a unique position but a very critical one Determining the position of the spacecraft as it traversed the Australian continent was critical to the orbit determination This set of parameters was necessary to properly manage the entire operation Such things as the time of retrofire paramount to

recovery of the crew and the information required for signal acquisition at each of the tracking sites around the world are but two examples Also because the status of the astronaut and the spaceship were extremely critical to the decision making process the stations down under provided vital data to evaluate the progress and to allow the flight control team to manage the problems that inevitably developed *Paperbound Books in Print*, 1991 *Triple Death: Embers of Terror* Robert Algeri, 2020-12-01 Filthy Lucre Some call it dirty money Anchorage Alaska 1981 As the oil industry and business across Alaska booms a lethal combination of greed corruption and crime rise viciously across the city of Anchorage This destabilized climate provides a windfall for a new breed of transnational criminal elite they are utterly ruthless Standing in the seedy shadows lurk three violent homicidal maniacs all entwined by a devious conspiracy to deal in human flesh human trafficking Robert Hansen known as the Butcher Baker abducted raped and murdered at least 17 women in and around Anchorage Alaska Between 1971 and 1983 he hunted many of his victims down in the wilderness with a Ruger Mini 14 and a knife
