The Life of Isaac Ingalls Stevens (Complete) Hazard Stevens, 2020-09-28 About 1640 a mere handful of English colonists went out from Boston and made the first settlement in

the town of Andover Essex County Massachusetts They laid out their homes on the Cochichewick a stream which flows out of the Great Pond in North Andover and falls into the Merrimac River on the south side a few miles below Lawrence The infant settlement was known as Cochichewick until 1646 when it was incorporated as a town under its present name after the Andover in Hampshire England the birthplace of some of the settlers Among the first who thus planted their hearthstones in the wilderness was John Stevens His name stands fifth in an old list in the town records containing the names of all the householders in order as they came to town The mists of the past still allow a few glimpses of this sturdy Puritan settler He was admitted a freeman of the colony June 2 1641 Old Style He was appointed by the General Court May 15 1654 one of a committee of three to settle the boundary between the towns of Haverhill and Salisbury a duty satisfactorily performed He was sergeant in the military company of the town a post then equivalent to captain or commander According to Savage N E Genealogies vol i p 186 John Stevens lived at Caversham County Oxford England and came to America in the Confidence from Southampton in 1638 Large substantial head and foot stones of slate sculptured and lettered in the quaint fashion of his day still mark the resting place of John Stevens after the storms of now two and a third centuries in the oldest graveyard of Cochichewick situated opposite the Kittredge mansion and about half a mile north of the old parish meeting house in North Andover He died April 11 1662 in the fifty seventh year of his age and was therefore thirty five years old when he founded his future home John Stevens was evidently a man of note and substance the worthy progenitor of a prolific family which has filled Andover with his descendants and put forth from time to time strong flourishing branches into all quarters of the country It may indeed be safely said that there is scarcely a State in the Union which does not contain descendants of this sturdy Puritan

The Cracked Lookingglass Albert Wachtel, 1992 There are basic problems and if we can't solve them we should hold off on theorizing To begin at the beginning what was Father Flynn's great wish for the boy in *The Sisters* The uncle thinks he knows but is he right Can we be sure How And how about the beginning and end of *An Encounter* How do they fit together What is the specific import to the boy in *Araby* of the shards of conversation between the salesgirl and the Britishers Can we or Eveline be certain of Frank's motives in her story If not what relevance do they have And how in *A Portrait of the Artist as a Young Man* do Stephen's use

and understanding of art evolve In what crucial respects do they fall short of the understanding a careful reader of the novel can attain What in *Ulysses* does Buck Mulligan have in mind when he demands twopence for a pint of what And in what ways are Bloom's ruminations about things like mity cheese that digests all but itself and saltwater fish Why is it that they are not crucial to the novel There are bigger questions What roles do all the accidental occurrences play Do they heighten or diminish causality and probability What are the functions of allusion and stylistic experimentation Is there any overriding significance to the whole Is there a didactic component in Joyce's writing If so is the didactic element a flaw in his art What is the relationship between art and instruction in Joyce and in general Is good didactic art a contradiction in terms These latter questions are enticing but to speculate theorize deconstruct or decontextualize Joyce's works with regard to them without a firm understanding and perhaps even answers to the vital though sometimes seemingly trivial former questions is to abrogate critical responsibility and relinquish what one of the formative giants of the twentieth century has to say to us When relevant the former are almost always answerable and the mundane answers often surprising are frequently crucial not only for answering the latter questions but for fresh insight into both Joyce's world and our own By mapping routes to the revelations such mundane facts yield *The Cracked Lookingglass* establishes a firm base for future interpretations of Joyce's stories from *Dubliners* through *Ulysses* It approaches his works as fictional histories grounding its exemplary readings in relationships among the underlying facts of Joyce's created worlds The study presents both a method of inquiry and as examples of its fruit some of the ways in which the apparent undiscoverables of Joyce's fiction disclose new and indisputable insights into his characters and stories and through them our world The approach opens avenues of access to the depths of *Dubliners* to the assessments of art religion and human relationships in *A Portrait of the Artist as a Young Man* to the necessitous underpinnings of Joyce's experimentation in *Ulysses* the ground and justification of his uses of psychocausal chance the mythical method and the seemingly gratuitous stylistic experiments that mirror our lives and suggest new directions for them
