manipulation which makes the image of women lose the intention initially attempted This is often the case with adaptations of literary texts to the screen when the initial literary message is changed because of for example marketing demands or some ideological stance Rarely do we find the opposite case where the indifferent or emasculated original female characters are turned into guardians and or apologists of feminine power The present volume focuses precisely on the way in which the image of women is modified in films and TV series when compared with the original literary texts

After several contacts with Jamal DeMillo and his friends, they notice their lives and most things around them are changing. Although they were sure he was not like them, they still accept an invitation to a party given by him and learn they have made the worst mistake of their young vibrant lives. DeMillo and his friends turn to Mogis, a professor of supernatural studies, hoping for answers and truth, but everything goes wrong. They began to turn on one another; they are picked up and questioned for murders they did not commit. Shadows and voices fill their homes, followed by echoes of death, and that horrible night of Jamal's party, they decide to go old school and play detective to find the underlying cause of things, and that is when their ride began. They do everything their young minds can think of to get help with their dilemma, and when all hope was gone, they had to face Jamal and the reasons behind his visit, and they eagerly learn that their own sexuality holds the key.
