Loose Cannons And Red Herrings A Of Lost Metaphors:

Loose Cannons and Red Herrings Robert Claiborne,1989 Explains the origins and original meanings of common metaphors and expressions from ace in the hole to zero sum **Loose Cannons & Red Herrings** Robert Claiborne,1988 Explains the origins and original meanings of common metaphors and expressions from ace in the hole to zero sum *Loose Cannons Red Herrings and Other Lost Metaphors* Robert Claiborne,2001-07-31 A colorful compendium of everyday words and phrases and where they originated The English language is a treasury of splendid mysteries among them the many words and phrases whose origins we no longer know Often the original meaning was literal pertaining to forgotten objects or activities such as aftermath which once meant the grass that sprang up after a farmer had mowed a field With the informal scholarship and good humored wit that are his trademarks Robert Claiborne reveals the wonders buried in our speech vivid images of people and customs of the past As the reader soon discovers they are a sort of hidden poetry that can heighten the colors and sharpen the meanings of words and phrases that we read or write daily **Metaphor II** Jean-Pierre Noppen,Edith Hols,1990-01-01 Metaphor though not now the scholarly mania it once was remains a topic of great interest in many disciplines albeit with interesting shifts in emphasis Warren Shibbes *Metaphor An Annotated Bibliography and History* Bloomington Ind 1971 recorded the initial interest Then *Metaphor A Bibliography of Post 1970 Publications* published by John Benjamins continued the record through the mania years up to 1985 when writings proliferated as metaphor was seen to be a fundamental category in human thought and language Five years later there is a need for a report on the newest thinking and tendencies in the field This need is fulfilled by *Metaphor II* which offers a comprehensive view of information which would otherwise remain scattered throughout a numbing plethora of resources including many sometimes hard to find publications from Eastern Europe *Metaphor II* systematically collects references of books articles and papers published between 1985 and May 1990 and includes for completeness corrections and additions to the earlier bibliographies Abstracts are given for many of the titles while four indices disciplines semantic fields metaphor theory and names multiply the number of access points to the information *Metaphors in International Relations Theory* M. Marks,2011-08-14 Metaphors constitute a fundamental way in which humans understand the world around them This book offers a comprehensive analysis of metaphors in theories of international relations Until recently conscious attention to metaphors in theories of international relations has been haphazard and sporadic This book examines the metaphors that inform the major paradigms in international relations theory Readers will discover that the vast majority of the terminology cataloguing defining and naming theories concepts and analytical tools pertaining to the study of international relations are metaphorical in nature The book concludes that metaphors are an essential element in all aspects of international relations theory **Food** Robert Palmatier,2000-08-30 Each of the more than seven hundred entries in the dictionary contains a description of the historical background of each of the two types of language literal and nonliteral and provides an explanation for the relationship

between them Wherever possible dates of first record in English are provided along with the bibliographical sources of these dates and all of the works that record those terms and expressions are given in coded form as listed in the Key to Works Cited A Guide to Reading the Entries illustrates the typical form of an entry by analyzing an example from the dictionary that introduces five nonliteral expressions cites thirteen bibliographical sources and refers the reader to three other relevant entries by means of cross references Following the dictionary proper is a Classification of Terms According to Source in which nearly three hundred nonliteral terms and expressions are listed under the more than four hundred literal categories from which they derive

Speaking of Animals Robert Palmatier, 1995-04-30 No other nonhuman source has served as the basis for more metaphors than animals Speaking of Animals is a dictionary of animal metaphors that are current in American English It is comprehensive historical and metaphor based Each entry refers to the other dictionaries that catalog that same metaphor and the dates of first appearance in writing are supplied where possible for both the metaphor and the name of the source The main text is organized alphabetically by metaphor rather than by animal or animal behavior all the metaphors are classified according to their animal source in a list at the end of the book An animal metaphor is a word phrase or sentence that expresses a resemblance or similarity between someone or something and a particular animal or animal class True metaphors are single words such as the noun tiger the verb hog and the adjective chicken Phrasal metaphors combine true metaphors with other words such as blind tiger hog the road and chicken colonel Other animal metaphors take the form of similes such as like rats leaving a sinking ship and prickly as a hedgehog Still others take the form of proverbs such as Don't count your chickens before they hatch and Let sleeping dogs lie The horse is the animal most frequently referred to in metaphors followed closely by the dog The Bible is the most prolific literary source of animal metaphors followed closely by Shakespeare
