The Old South Frontier Donald P. McNeilly, 2000-01-01 In this deeply researched and well written study Donald P. McNeilly examines how moderately wealthy planters and sons of planters immigrated into the virtually empty lands of Arkansas seeking their fortune and to establish themselves as the leaders of a new planter aristocracy west of the Mississippi River These men sometimes alone sometimes with family and usually with slaves sought the best land possible cleared it planted their crops and erected crude houses and other buildings Life was difficult for these would be leaders of society and their families and especially hard for the slaves who toiled to create fields in which they labored to produce a crop McNeilly argues that by the time of Arkansas s statehood in 1836 planters and large farmers had secured a hold over their frontier home and that between 1840 and the Civil War planters solidified their hold on politics economics and society in Arkansas The author takes a topical approach to the subject with chapters on migration slavery non planter whites politics and the secession crisis of 1860 1861 McNeilly offers a first rate analysis of the creation of a white cotton based society in Arkansas shedding light not only on the southern frontier but also on the established Old South before the Civil War The Routledge Handbook on Ecosocialism Leigh Brownhill, Salvatore Engel-Di Mauro, Terran Giacomini, Ana Isla, Michael Löwy, Terisa E. Turner, 2021-12-27 Building on the classical works that have propelled and shaped ecosocialist thinking and action and more recent political developments on the ground the volume will provide a reference point for international work in the field both directly political and academic The Handbook acquaints readers with the varied roots of and sometimes conflicting

approaches to ecosocialism It does not attempt any unification of ecosocialist currents Rather it aims to provide a resource that is as comprehensive as possible with respect not only to theorization and ideological framing but also and especially to existing projects practices and movements and giving a sense of the geographical reach that ecosocialism so far represents This includes scholarship that extends Marxist foundations and reflects on more recent political developments The theoretical and practice oriented moorings are buttressed by discussions on movements frameworks and prefigurative processes as well as on social struggles occurring within institutional settings Together the collection offers a reference point for international work in the field in social movements and in institutional transformations Providing detailed but accessible overviews of the complex varied dimensions of ecosocialism the Handbook is an essential up to date guide and reference not only for researchers but also for undergraduate and graduate students in geography environmental studies development studies sociology and political science as well as for policymakers and activists **Subject Catalog, 1979** Library of Congress,1979

Agenda for Reform Cathy Kunzinger Urwin,1991-01-01 When Winthrop Rockefeller was elected governor of Arkansas in 1966 he became the first Republican to hold the governor s office since Reconstruction Cathy Kunzinger Urwin examines Rockefeller s tenure by looking beyond his immediate successes and failures to the broader dramatic changes that marked the era Rockefeller helped break up the political machines that had controlled Arkansas politics for almost a hundred years made lasting contributions in the areas of prison reform and civil rights and obliged the Democratic Party to find Dale Bumpers a young bright progressive gubernatorial candidate to oppose him in 1970
