Louisiana In The Confederacy

Michael Brown

Louisiana In The Confederacy:

Louisiana in the Confederacy Jefferson Davis Bragg, 1997 In this study the author examines the economic political and military history of Confederate Louisiana which has frequently been overlooked due to the early fall of New Orleans which severed the port and its environs from the social and economic problems made acute by a year of war **The Civil War in Louisiana** John D. Winters, 1991-08-01 This comprehensive history fills an important gap in the story of the Civil War Too often the war waged west of the Mississippi River has been given short shrift by historians and scholars who have tended to focus their attention on the great battles east of the river This book looks in detail at the military operations that occurred in Louisiana most of them minor skirmishes but some of them battles and campaigns of major importance The Civil War in Louisiana begins with the first talk of secession in the state and ends with the last tragic days of the war John D Winters describes with great fervor and detail such events as the fall of Confederate New Orleans and the burning of Alexandria In addition to military action Winters discusses the political economic and social aspects of the war in Louisiana His accounts of battles and the men who waged them provide a fuller story of Louisiana in the Civil War than has ever before been told

Guide to Louisiana Confederate Military Units, 1861-1865 Arthur W. Bergeron, Jr., 1996-10-01 Bergeron has produced a book essential to the serious Confederate scholar *Journal of American History* In *Guide to Louisiana Confederate Military Units* Arthur W Bergeron Jr examines the 111 artillery cavalry and infantry units that Louisiana furnished to the Confederate armies No other reference has the complete and accurate record of Louisiana s contribution to the war For each unit Bergeron provides a brief account of its war activities including battles losses and dates of important events He also lists the units field officers the companies in each regiment or battalion and the names of company commanders This book should serve as a model for studies of other states in the Civil War *Military History of the Southwest* [Louisiana in the Civil War](#) Louisiana Civil War Centennial Commission, 1961 *Louisianians in the Western Confederacy* Stuart Salling, 2014-01-10 The Louisiana Brigade served the Confederacy in the Army of Tennessee battling on the western frontier Commanded by Daniel W Adams and Randall L Gibson the brigade fought from the Battle of Shiloh in April 1862 to the surrender at Meridian in May 1865 This volume follows the formation and history of the individual units the politics of command and the war s end and aftermath **Louisianians in the Civil War** Lawrence L. Hewitt, Arthur W. Bergeron, 2002 *Louisianians in the Civil War* brings to the forefront the suffering endured by Louisianians during and after the war hardships more severe than those suffered by the majority of residents in the Confederacy The wealthiest southern state before the Civil War Louisiana was the poorest by 1880 Such economic devastation negatively affected most segments of the state s population and the fighting that contributed to this financial collapse further fragmented Louisiana s culturally diverse citizenry The essays in this book deal with the differing segments of Louisiana s society and their interactions with one another Louisiana was as much a multicultural society during the Civil War as the United States is today One manner in which this diversity manifested itself

was in the turning of neighbor against neighbor This volume lays the groundwork for demonstrating that strongholds of Unionist sentiment existed beyond the mountainous regions of the Confederacy and to a lesser extent that foreigners and African Americans could surpass white native born Southerners in their support of the Lost Cause Some of the essays deal with the attitudes and hardships the war inflicted on different classes of civilians sugar planters slaves Union sympathizers and urban residents especially women while others deal with specific minority groups or with individuals Written by leading scholars of Civil War history Louisiana in the Civil War provides the reader a rich understanding of the complex ordeals of Louisiana and her people Students scholars and the general reader will welcome this fine addition to Civil War studies

Forsyth,2015-07-11 The Union Army s Red River Campaign began on March 12 1864 with a two pronged attack aimed at gaining control of Shreveport Louisiana It lasted until May 22 1864 when after suffering significant casualties the Union army retreated to Simmesport Louisiana The campaign was an attempt to prevent Confederate alliance with the French in Mexico deny supplies to Confederate forces and secure vast quantities of Louisiana and Texas cotton for Northern mills With this examination of Confederate leadership and how it affected the Red River Campaign the author argues against the standard assumption that the campaign had no major effect on the outcome of the war In fact the South had and lost an excellent opportunity to inflict a decisive defeat that might have changed the course of history With this campaign as an ideal example the politics of military decision making in general
