Louisiana Lullaby Elizabeth Hillery Sullivan, 1982 **Hearing Sappho in New Orleans** Ruth Salvaggio, 2012-06-13 While sifting through trash in her flooded New Orleans home Ruth Salvaggio discovered an old volume of Sappho's poetry stained with muck and mold In her efforts to restore the book Salvaggio realized that the process reflected how Sappho s own words were unearthed from the refuse of the ancient world Undertaking such a task in New Orleans she sets out to recover the city's rich poetic heritage while searching through its flooded debris Hearing Sappho in New Orleans is at once a meditation on this poetic city its many languages and cultures and a history of its forgotten poetry Using Sappho s fragments as a guide Salvaggio roams the streets and neighborhoods of the city as she explores the migrations of lyric poetry from ancient Greece through the African slave trade to indigenous America and ultimately to New Orleans The book also directs us to the lyric call of poetry the voice always in search of a listener Writing in a post Katrina landscape Salvaggio recovers and ponders the social consequences of the long song lyric chants especially the voices of women lost in time as it resonates from New Orleans's poetic sites like Congo Square where Africans and Indians gathered in the early eighteenth century to the modern day Maple Leaf Bar where poets still convene on Sunday afternoons She recovers for example an all but forgotten young Creole woman named L l and leads us all the way up to celebrated contemporary writers such as former Louisiana poet laureate Brenda Marie Osbey Sybil Kein Nicole Cooley and Katherine Soniat Hearing Sappho in New Orleans is a reminder of poetry's ability to restore and secure fragile and fragmented connections in a vulnerable and imperiled world

Gailene McGhee St Amand and Kim Vaz Deville Since 2004 the Baby Doll Mardi Gras tradition in New Orleans has gone from an obscure almost forgotten practice to a flourishing cultural force The original Baby Dolls were groups of black women and some men in the early Jim Crow era who adopted New Orleans street masking tradition as a unique form of fun and self expression against a backdrop of racial discrimination Wearing short dresses bloomers bonnets and garters with money tucked tight they strutted sang ribald songs chanted and danced on Mardi Gras Day and on St Joseph feast night Today s Baby Dolls continue the tradition of one of the first street women s masking and marching groups in the United States They joyfully and unabashedly defy gender roles claiming public space and proclaiming through their performance their right to social citizenship Essayists draw on interviews theoretical perspectives archival material and historical assessments to describe women s cultural performances that take place on the streets of New Orleans They recount the history and contemporary resurgence of the Baby Dolls while delving into the larger cultural meaning of the phenomenon Over 140 color photographs and personal narratives of immersive experiences provide passionate testimony of the impact of the Baby Dolls on their audiences Fifteen artists offer statements regarding their work documenting and inspired by the tradition as it stimulates their imagination to present a practice that revitalizes the spirit The City in American Literature and Culture Kevin R. The Publishers' Trade List Annual ,1985 Davis, 2011-11-21 In this innovative approach to southern literary cultures Thadious Davis analyzes how black southern writers use their spatial location to articulate the vexed connections between society and environment particularly under segregation and its legacies Basing her analysis on texts by Ernest Gaines Richard Wright Alice Walker Natasha Trethewey Olympia Vernon Brenda Marie Osbey Sybil Kein and others Davis reveals how these writers reconstitute racial exclusion as creative black space rather than a site of trauma and resistance Utilizing the social and political separation epitomized by segregation to forge a spatial and racial vantage point Davis argues allows these writers to imagine and represent their own subject matter and aesthetic concerns Focusing particularly on Louisiana and Mississippi Davis deploys new geographical discourses of space to expand analyses of black writers relationship to the South and to consider the informing aspects of spatial narratives on their literary production She argues that African American writers not only are central to the production of southern literature and new southern studies but also are crucial to understanding the shift from modernism to postmodernism in southern letters A paradigm shifting work Southscapes restores African American writers to their rightful place in the regional imagination while calling for a more inclusive conception of region **Historical Dictionary of** African American Theater Anthony D.
