**Love Alone** Hans Urs Von Balthasar, 1970-01-01 What differentiates Christianity from other religions Key to Christian self understanding is the recognition of the importance and glorification of divine love In this sketch Balthasar presents a theological aesthetic that covers both the study of perception and the self expression of divine glory Christian belief is thus reassessed through the lens which sees the glory of God's love **Love Alone** Hans Urs von Balthasar, 1968 **Love Alone:**

**The Way of Revelation** Hans Urs von Balthasar, 1968 *The Trinity and the Paschal Mystery* Anne Hunt, 1997 As a text for college or graduate student courses as a scholarship reference and as a guide for interested educated laity The Trinity and the Paschal Mystery is an exhilarating and invigorating journey into the most central of the Christian mysteries the triune God The book is a valuable and thought provoking resource that complements and enriches current theologies of the Trinity

**Balthasar's Trilogy** Stephen Wigley, 2010-09-23 This book is an undergraduate introduction to one of the most important works of 20th century Catholic theology **The Glory of the Lord** Hans Urs Von Balthasar, 2013-06-05 In this fourth volume of his magnum opus von Balthasar considers the metaphysical tradition of the contemplation of Being He provides major studies of Homer the Greek Tragedians Plato and Plotinus and the development of this tradition in the Middle Ages He then explores the analogy between the metaphysical vision of the Being and the Christian vision of the divine glory of the Trinity The book is a remarkable attempt to rediscover the ancient vision of Being in all its awesomeness as the context within which the specifically Christian vision rooted in God's gracious self revelation took form and was expressed **The**

**Conversation of Faith and Reason** Aidan Nichols, 2011 **The Incarnation** Brian Hebblethwaite, 1987-06-26 A collection of essays defending the Christian doctrine of the Incarnation against its modern critics **Dogmatics after Babel** Ruben Rosario Rodriguez, 2018-10-09 Ruben Rosario Rodriguez addresses the long standing division between Christian theologies that take revelation as their starting point and focus and those that take human culture as theirs After introducing these two theological streams that originate with Karl Barth and Paul Tillich respectively Rosario asserts that they both seek to respond to the Enlightenment's critique and rejection of Christianity In so doing they have bought into Enlightenment understandings of human reality and the transcendent Rosario argues that in order to get beyond the impasse between theologies of the Word and culture we need a different starting point He discovers that starting point in two sources 1 through the work of liberation and contextual theologians on the role of the Holy Spirit and 2 through a comparative analysis of the teachings on the hiddenness of God from the three Abrahamic religions Judaism Christianity and Islam Rosario offers a strong argument for why this third theological starting point represents not just a marginal or niche position but a genuine alternative to the two traditional theological streams His work will shift readers understanding of the options in theological discourse beyond the false alternatives of theologies of the Word and culture **Pro Ecclesia Vol 18-N3** Pro Ecclesia, 2009-10-16 Pro

Ecclesia is a quarterly journal of theology published by the Center for Catholic and Evangelical Theology It seeks to give

contemporary expression to the one apostolic faith and its classic traditions working for and manifesting the church's unity by research theological construction and free exchange of opinion Members of its advisory council represent communities committed to the authority of Holy Scripture ecumenical dogmatic teaching and the structural continuity of the church and are themselves dedicated to maintaining and invigorating these commitments The journal publishes biblical liturgical historical and doctrinal articles that promote or illumine its purposes Ways to subscribe Call toll free 800 273 2223 Email journals rowman com For back issues please contact journals rowman com Editorial inquiries Joseph Mangina joseph mangina utoronto ca Submissions should be sent by email attachment in Microsoft Word double spaced with identifying marks removed for the purposes of blind peer review Book review inquiries Chad Pecknold pecknold cua edu Advertising inquiries Charles Roth Jr charlie spireads com Subscription inquiries journals rowman com ISSN 1063 8512     **Human Being** Thomas Langan,2009 Langan draws on a lifetime of study to offer a new understanding of the central question of our existence turning to phenomenology and philosophical anthropology to help us better understand who we are as individuals and communities and what makes us act the way we do Provided by publisher     Selected Essays, Volume II Andrew Louth,2023 These two volumes contain selected essays written over forty years by Andrew Louth a major scholar in the fields of Theology and Patristics early Christian thought Many of the essays in volume II concern the nature of theology drawing from a famous group of twentieth century Russian thinkers exiled after the 1917 Communist revolution     Balthasar Karen Kilby,2012-11-30 The enormously prolific Swiss Roman Catholic theologian Hans Urs von Balthasar 1905 1988 was marginalized during much of his life but his reputation over time has only continued to grow He was said to be the favorite theologian of John Paul II and is held in high esteem by Benedict XVI It is not uncommon to hear him referred to as the great Catholic theologian of the twentieth century In Balthasar A Very Critical Introduction Karen Kilby argues that although the low regard in which Balthasar was held from the 1950s to 1960s was not justified neither is the current tendency to lionize him Instead she advocates a more balanced approach particularly in light of a fundamental problem in his writing namely his characteristic authorial voice an over reaching God's eye point of view that contradicts the content of his theology     My Work Hans Urs Von Balthasar,2012-09-10 Hans Urs von Balthasar made detailed statements about his work on five occasions mostly on the birthdays that marked the end of a decade of his life as a young author in his desire to lift out of the jumble of history the four or five figures which represent for me the constellation of my idea and my mission as publisher and writer out of concern for the reader and in order to equip this reader with a guide to his own books Then in the midst of the transformations connected with the Council he wrote an Account for himself and his readers about what had been done and what was still required Finally in a kind of pause as one already looking toward the close of his life he gave once again an account of what had been achieved and what could no longer be achieved in a clear shift of emphasis away from his authorship in favor of the pastoral work in the communities which he had founded This present volume is a helpful guide to

his many sided work      **Divine Fruitfulness** Aidan Nichols,2007 This fifth and final book in Aidan Nichols Introduction to Hans Urs von Balthasar series covers Balthasar s prodigious output from the 1940s to his death in 1988 leaving aside the great multi volume trilogy Nichols identifies Balthasar s most significant sources including the Church Fathers especially Origen Gregory of Nyssa Maximus the Confessor and Augustine Henri de Lubac Karl Barth and Adrienne von Speyr He then guides the reader through Balthasar s works thematically covering fundamental theological themes revelation and theology divine providence the paschal mystery Mary and the church the saints prayer and mysticism and Christian literature      *The Heart Has Its Reasons* Beata Toth,2016-05-26 The Heart Has Its Reasons explores a hitherto neglected area of theological anthropology the unity of human emotion and reason embodied in the Biblical concept of the heart While the theological contours of human rationality have long been clearly drawn and presented as the exclusive seat of the image of God affectivity has been relegated to a secondary position With the reintegration of the body into recent philosophical and theological discourses a number of questions have arisen if the image also resides in the body how does this change one s view of the theological significance of human affect In what way is our likeness to God realised in the whole of what we are Can one overcome the traditional dissociation between intellect and affect by a renewed theory of love In conversation with patristic and medieval authors like Irenaeus Tertullian Gregory of Nyssa Maximus and Thomas Aquinas and in dialogue with more recent interlocutors such as Blaise Pascal Ricoeur Marion Milbank and John Paul II Beata Toth pursues a novel theological vision of the essential unity of our humanity      **The Catholic Tradition** Thomas Langan,1998 Langan philosophy U of Toronto examines the history of the Catholic Church and the origins of its teachings since the Church s conception Although committed to the Catholic religion he does not obscure the Church s failings as he lays out the fundamentals of the faith He provides insights into the great Christological councils discusses the differences in the spiritualities of East and West and portrays the crucial roles that the pope and bishops played during the Middle Ages Incorporating the thought of Augustine Aquinas and medieval Catholicism he traces the rise and decline of Christian Europe and the issues raised by reform Annotation copyrighted by Book News Inc Portland OR      **Spiritual Theology of the Priesthood** Dermot A. Power,1998-01-01 Hans Urs von Balthasar s writings have pastoral implications that even now are barely recognised and hardly developed Here a pastorally experienced theologian who knew von Balthasar personally unfolds this pastoral dimension for the first time Integrating Christology and Ecclesiology with the profound spirituality that for von Balthasar is inseparable from authentic theology Fr Power demonstrates the paradoxical grandeur and weakness of the Catholic priesthood He highlights the roles of the Catholic priest as servant bridegroom shepherd victim teacher prophet celebrant and minister of reconciliation At a time when many priests feel their identity called into question this book offers new hope for the renewal of the priesthood in the Catholic Church      *Solidarity with the World* Carolyn A. Chau,2016-11-15 Is Christian mission even possible today In a secular age is it possible to talk about the goodness of God in a compelling way

How should the church proceed Carolyn Chau explores the question of Catholic mission in a secular age through a constructive interpretation of the work of two celebrated Catholic thinkers philosopher Charles Taylor and theologian Hans Urs von Balthasar arguing that Taylor and Balthasar together offer a promising path for mission today Chau attends to Taylor's account of the conditions of belief today and the genesis of the sociohistorical limits on contemporary God talk as well as his affirmation of certain aspects of Western modernity's culture From Balthasar Chau sifts out the distinctiveness of his view of the human person as defined by mission and his encouragement of a kenotic self understanding of the church In the end Chau claims that if modern persons in secular Western societies are seeking fulfillment and integrity Christian spirituality remains a rich resource on offer

**Shaping a Theological Mind** Darren C. Marks, 2017-07-05 Rarely do theological thinkers have the opportunity to present their own self understanding of both their context and their methodology and the inter relation of the two This book gives leading theological minds from North America Great Britain and Europe an opportunity to explore the shaping of their theological minds in regard to context and methodology Asking why theology each contributor explores their sense of call to the Christian faith the purpose of their theological journey and reflects on his or her context and theology Cutting across denominational gender disciplinary international and generational boundaries to explore shifts in theology and methodology this book provides a diagnostic tool for examining where theology has come from and a compass to where theology is headed Contributors include James H Cone Edward Farley Colin E Gunton Alister E McGrath Wayne A Meeks John Milbank Jürgen Moltmann Gerald O Collins Rosemary Radford Ruether Kathryn Tanner Keith Ward and John Webster
