overdue wake up call railing at society s idealisation and narcissism Martin Stanton has created a guide for a postmodern
world that is constructed through social media and communicates principally through tweets texts and selfies Like Homer s

and causal interpretation into a parallel unconscious universe of uncontrolled feeling which traps fragments of fantasy in the

retreating tides of reality Making Sense collects together a group of major and minor characters some real some imaginary who set out to make sense of life together by opening the social media gate between Reality and Fantasy A survey of Martin Stanton s own thinking and feeling on his original psychoanalytic odyssey across becalmed seas random conversations with a therapeutic parrot stranded for a while with Socrates on the black sandy beach of Paradise he explores how a bezoar stone a caddis insect and a karaoke moment can linger through his life and make sense for him as a primary source as unconscious effects which sustain enlighten and entertain him through darker times This book scrawls a message of hope in the sand once the outgoing tide has retreated Enjoy life it says Celebrate it in yourself and in others **The Wedding** Sheena
