Women and Politics Julie Dolan,Melissa M. Deckman,Michele L. Earthly Encounters Stephanie D. Clare,2019-08-23 Earthly Encounters develops a fuller account of the lived experience of racialized gender formation as it exists on this planet earth It analyzes sensations the chill of winter the warm embrace of the wind the feeling of being immersed in water and a stifling sense of containment Through this analysis in settler colonial and colonial contexts in twentieth century North America and Africa Stephanie D Clare shows how sensation is unevenly distributed within social worlds and productive of racial national and gendered subjectivities From revealing the relevance of phenomenology especially in the writings of Maurice Merleau Ponty and Frantz Fanon to debates concerning new materialism and affect theory Clare shows how the phenomenology of race and gender must consider both the production of the body subject and the environment She concludes by making a case for the continued significance of sensation in the context of the Anthropocene

Politics for Hire Stefan Svallfors,2020-12-25 This ground breaking book investigates the work of policy professionals They consist of political actors who although not elected to office are nonetheless employed to affect policy and politics on a partisan basis Through an analysis of the influence and power they wield this book sheds light on how the growth of this group represents a major transformation of the organization of politics and policy making in advanced democracies

The Future of Nostalgia Svetlana Boym,2008-08-05 Can one be nostalgic for the home one never had Why is it that the age of globalization is accompanied by a no less global epidemic of nostalgia Can we know what we are nostalgic for In the seventeenth century Swiss doctors believed that opium leeches and a trek through the Alps would cure nostalgia In 1733 a Russian commander disgusted with the debilitating homesickness rampant among his troops buried a soldier alive as a deterrent to nostalgia In her new book Svetlana Boym develops a

comprehensive approach to this elusive ailment Combining personal memoir philosophical essay and historical analysis Boym explores the spaces of collective nostalgia that connect national biography and personal self fashioning in the twenty first century She guides us through the ruins and construction sites of post communist cities St Petersburg Moscow Berlin and Prague and the imagined homelands of exiles Benjamin Nabokov Mandelstam and Brodsky From Jurassic Park to the Totalitarian Sculpture Garden from love letters on Kafka s grave to conversations with Hitler s impersonator Boym unravels the threads of this global epidemic of longing and its antidotes Alleviative Objects David Frohnapfel,2020-12-07 The global field of contemporary art is shaped by inter racial conflicts Alleviative Objects approaches Caribbean art through intersectional entanglements and combines decolonial epistemologies with critical whiteness studies and affect theory in order to rethink Euro and U S centric perspectives on art race and class David Frohnapfel shows how progressive racism in the discourse on Haitian art recenters Whiteness by performing benign innocent and heroic identifications with the artist group Atis Rezistans While the study turns critically towards Whiteness it also turns away from it and towards the compelling contributions of Haitian curators and artists to the decentralization of contemporary art *Russia's Wisdom* Daniel H. Shubin,2014-08-10 Collection of aphorisms and philosophic religious and political convictions from the greatest of Russia s thinkers writers and clerics Lincoln and the Power of the Press Harold Holzer,2014 Examines Abraham Lincoln s relationship with the press arguing that he used such intimidation and manipulation techniques as closing down dissenting newspapers pampering favoring newspaper men and physically moving official telegraph lines **Henry Clay** James C. Klotter,2018-07-02 Charismatic charming and one of the best orators of his era Henry Clay seemed to have it all He offered a comprehensive plan of change for America and he directed national affairs as Speaker of the House as Secretary of State to John Quincy Adams the man he put in office and as acknowledged leader of the Whig party As the broker of the Missouri Compromise and the Compromise of 1850 Henry Clay fought to keep a young nation united when westward expansion and slavery threatened to tear it apart Yet despite his talent and achievements Henry Clay never became president Three times he received Electoral College votes twice more he sought his party s nomination yet each time he was defeated Alongside fellow senatorial greats Daniel Webster and John C Calhoun Clay was in the mix almost every moment from 1824 to 1848 Given his prominence perhaps the years should be termed not the Jacksonian Era but rather the Age of Clay James C Klotter uses new research and offers a more focused nuanced explanation of Clay s programs and politics in order to answer to the question of why the man they called The Great Rejected never won the presidency but did win the accolades of history Klotter s fresh outlook reveals that the best monument to Henry Clay is the fact that the United States remains one country one nation one example of a successful democracy still working still changing still reflecting his spirit The appeal of Henry Clay and his emphasis on compromise still resonate in a society seeking less partisanship and more efforts at conciliation

Becoming Canada Ken Dryden,2010 In this passionate thought provoking vision for Canada Ken Dryden argues that we

have paid a price for having the wrong sense of ourselves as a country The old definition of Canada genial but sometimes too self deprecating and ambition killing is no longer the real story Through recent global events such as Barack Obama s election and first year in office the climate conference in Copenhagen and even the 2010 Winter Olympics Dryden explores the clash between politics and story and the importance of a nation finding its true narrative in order to thrive By tracing the ups and downs in contemporary Canadian politics from the Liberal leadership race to Stephen Harper s Conservative minority governments Michael Ignatieff s appointment as Opposition leader and prorogation Ken Dryden presciently identifies the obstacles facing Canada He observes a sea change taking place among Canadians who want something more for their country The ambition of Canada s policies and the nature of our politics will not change Dryden says until we conceive of a new story for the nation Becoming Canada is at once a celebration of Canada and a timely ardent rallying cry to all Canadians to build upon Canada s unique place in the world It is certain to inspire new conversations about our Canada s identity at home and abroad
