B & W photographs throughout. **Love, Lucy** Lucille Ball, Betty Hannah Hoffman, 1997 Over thirty years ago the undisputed queen of comedy sat down to record the story of her life. A recently discovered treasure, *Love Lucy* is the valentine Lucille Ball left for her fans: the story of the ingenue from Jamestown, New York, determined to go to Broadway, destined to make a big splash, bound to marry her Valentino, Desi Arnaz. It tells of their life together, both storybook and turbulent; intimate stories of their children and friends; wonderful backstage anecdotes; the creation of the most popular show on TV; the production empire they founded; the dissolution of their marriage.

Television, History, and American Culture Mary Beth Haralovich, Lauren Rabinovitz, 1999 In less than a century the flickering blue-gray light of the television screen has become a cultural icon. What do the images transmitted by that screen tell us about power, authority, gender stereotypes, and ideology in the United States? *Television History and American Culture* addresses this question by illuminating how television both reflects and influences American culture and identity. The essays collected here focus on women in front of, behind, and on the TV screen as producers, viewers, and characters. Using feminist and historical criticism, the contributors investigate how television has shaped our understanding of gender, power, race, ethnicity, and sexuality from the 1950s to the present. The topics range from the role that women broadcasters played in radio and early television to the attempts of Desilu Productions to present acceptable images of Hispanic identity; from the impact of TV talk shows on public discourse and the politics of offering viewers positive images of fat women to the negotiation of civil rights, feminism, and abortion rights on news programs and shows such as *I Spy* and *Peyton Place*. Innovative and accessible, this book will appeal to those interested in women's studies, American studies, and popular culture, and the critical study of television. Contributors: Julie D. Acci, Mary Desjardins, Jane Feuer, Mary Beth Haralovich, Michele Hilmes, Moya Luckett, Lauren Rabinovitz, Jane M. Shattuc, Mark Williams. **The 25 Sitcoms That Changed Television** Aaron Barlow, Laura Westengard, 2017-12-01 This book spotlights the 25 most important sitcoms to ever air on American television, shows that made generations laugh, challenged our ideas regarding gender, family, race, marital roles, and sexual identity, and now serve as time capsules of U.S. history. What was the role of *The Jeffersons* in changing views regarding race and equality in America in the 1970s? How did *The Golden Girls* affect how society views older people? Was *The Office* an accurate (if exaggerated)

depiction of the idiosyncrasies of being employees in a modern workplace How did the writers of The Simpsons make it acceptable to air political satire through the vehicle of an animated cartoon ostensibly for kids Readers of this book will see how television situation comedies have consistently held up a mirror for American audiences to see themselves and the reflections have not always been positive or purely comedic The introduction discusses the history of sitcoms in America identifying their origins in radio shows and explaining how sitcom programming evolved to influence the social and cultural norms of our society The shows are addressed chronologically in sections delineated by decade Each entry presents background information on the show including the dates it aired key cast members and the network explains why the show represents a notable turning point in American television and provides an analysis of each sitcom that considers how the content was received by the American public and the lasting effects on the family unit gender roles culture for young adults and minority and LGBT rights The book also draws connections between important sitcoms and other shows that were influenced by or strikingly similar to these trendsetting programs Lastly a section of selections for further reading points readers to additional resources
