Love Other Near Death Experiences:

Love and Other Near-Death Experiences Mil Millington, 2006-02-14 Hello My name is Robert and I haven't been dead for sixty three days now If he hadn't bought those crummy towels Rob would be six feet under But his poor shopping sense accidentally set off a convoluted chain of events that meant he lived when all those others died in the pub explosion Okay maybe it wasn't the ugly towels that saved his life Perhaps it was some other random action some other small movement that was the utterly trivial yet vitally important factor And that's the real problem Now with his wedding fast approaching Rob suddenly finds himself paralyzed with indecision about Every Little Thing He just can't be sure which seemingly innocuous choice will mean the difference between life and death Should he wash the fork or the knife first Should he step out of the shower with his left leg or his right leg Red sweater or blue One thing is certain His fiancée Jo is at her wits end To save his relationship and his sanity Rob embarks on a quest to find out why he's still breathing When he meets up with others who have had similar lifesaving near misses he figures the answer must be close But fate may just catch them yet for Rob's search to understand why he's still alive might well turn out to be the very thing that kills them all Filled with the barbed and sparkling dialogue that made *Things My Girlfriend and I Have Argued About* a cult hit Mil Millington's *Love and Other Near Death Experiences* is a hilarious existential romantic comedy about second guesses and second chances

Life and Other Near-death Experiences Abookaday, 2016-08-20 Warning This is an independent addition to *Life and Other Near Death Experiences* meant to enhance your experience of the original book If you have not yet bought the original copy make sure to purchase it before buying this unofficial summary from aBookaDay

INTRO The first couple chapters of this novel might as well have been called *Libby Ross and the Terrible Horrible No Good Very Bad Day* Within a matter of hours Libby learns that she has aggressive cancer and that her beloved husband Tom is gay Having lost her own mother to cancer at the age of ten Libby is well acquainted with the realities of such a diagnosis Facing three to six months of loneliness and pain followed by death she goes a little off the rails Unable to bear the thought of breaking the news to her twin brother Paul her father or her now estranged husband and unwilling to subject herself to the horrors of chemotherapy Libby packs her bags and jet sets off to the remote island town of Vieques in Puerto Rico She plans to spend her time there sealed away from the world wrapping her head around her impending doom and enjoying life's little pleasures while she still has the time Except that it's true what they say about best laid plans and life has plenty more surprises in store for Libby A new adventure begins when she meets Shiloh an enigmatic pilot who pays no attention to the walls Libby tries to put up around herself As their relationship develops Libby is forced to take a step back and reconsider the snap decisions she has made about her sickness and the effects those decisions will have on the people she loves and who love her *Life and Other Near Death Experiences* is a quick read that nonetheless manages to pack an emotional punch As a protagonist Libby is occasionally insufferable and sometimes even downright cruel to those around her but that's what makes the book so refreshingly honest As stated on the very first

NEARDEATH EXPERIENCES Nandikaa,2023-08-25 A book about neardeath experiences and its explanation in neuropsychology Neardeath experiences NDEs have fascinated humanity for centuries going beyond cultural religious and geographical boundaries In this chapter we will understand the phenomenon of NDE and explore its historical cultural and crossculture aspects By examining NDEs diverse perspectives and interpretations we aim to lay the foundation for a deeper understanding of this extraordinary phenomenon In examining the historical perspectives of neardeath experiences we uncover a tapestry of beliefs and accounts that date back centuries Throughout different cultures and civilizations encounters resembling NDEs have been documented and interpreted within the context of their respective times

The Gifts of Near-Death Experiences Dennis Linn,Sheila Fabricant Linn,Matthew Linn,2016-05-01 Prepare to immerse yourself in accounts of real near death experiences and discover the wisdom they have to offer you Near death experiences NDEs are common well documented and similar across cultures throughout the world Current estimates are that between four and fifteen percent of the world's population have had an NDE Some of the fascination with NDEs comes from the fact that they often result in great leaps in personal growth These leaps are characterized by the loss of the fear of death the healing of deep hurts an increase in self esteem and compassion for others a sense of union with all things and a clearer sense of how to fulfill one's purpose in life This is a book that teaches readers how to reap the benefits of NDEs without having to experience trauma In the course of their many workshops around the world the authors have discovered that when one immerses oneself in accounts of NDEs one can experience love hope healing and a sense of purpose This is the only book that systematically encourages the reader to create a spiritual and psychological healing practice based on NDEs Each chapter includes an account of a fascinating NDE followed by a series of questions meditations exercises and video links The reader is encouraged to contemplate these stories and their own lives It is truly a profound guide to both living and dying Praise for The Gifts of Near Death Experiences A fresh and exciting perspective to understanding near death experiences Everyone can benefit from learning the wisdom so clearly and eloquently expressed in this book With each turn of the page you will find a

treasure trove of insights inspiration and practical pointers that will really work in your life This outstanding book is expertly written remarkably easy to read and enthusiastically recommended Jeffrey Long M D author of the New York Times bestselling *Evidence of the Afterlife The Science of Near Death Experiences* The Linns have written a book that is both inspirational and practical They provide wise and gentle wisdom that lead readers into a place of growth and healing Richard Rohr O F M author of *Falling Upward* *Nothing More Important Than Others* Kevin R Williams,2019-06-07 Nothing is more important than other people Near death experiences affirms this fact Why Because God is manifest within other people and how we treat other people is how we treat God Loving other people unconditionally is the goal for every human being because God is love and love is God How we treat other people will determine exactly which afterlife realm we will inhabit after death Those people who love others the most will inhabit the highest heaven In other words the afterlife is about deeds not creeds and loving others unconditionally is where God is manifest the most Giving and receiving love is what produces heaven it s the only thing we can take with us after death Loving others is heaven And love is joy The more love we have for other people the more joy we have in our lives And there are a multitude of heavens of varying degree of love and joy so that no one goes where they are unwelcome or do not fit in Birds of a feather flock together This book reveals the importance of loving others Three exceptional near death experiences are provided to make this point The author s research conclusions includes topics such as the Earth as the School of Hard Knocks the problem of war and evil the death process the soul as an orb the homecoming experienced by NDErs the intense emotions experienced in NDEs forgotten knowledge people receive during their NDE and a description of some of the afterlife realms This book also includes articles from the author s website showing how love is supreme when it comes to NDEs

Near-Death Experiences John Martin Fischer,Benjamin Mitchell-Yellin,2016-05-02 Near death experiences offer a glimpse not only into the nature of death but also into the meaning of life They are not only useful tools to aid in the human quest to understand death but are also deeply meaningful transformative experiences for the people who have them In a unique contribution to the growing and popular literature on the subject philosophers John Martin Fischer and Benjamin Mitchell Yellin examine prominent near death experiences such as those of Pam Reynolds Eben Alexander and Colton Burpo They combine their investigations with critiques of the narratives analysis by those who take them to show that our minds are immaterial and heaven is for real In contrast the authors provide a blueprint for a science based explanation Focusing on the question of whether near death experiences provide evidence that consciousness is separable from our brains and bodies Fischer and Mitchell Yellin give a naturalistic account of the profound meaning and transformative effects that these experiences engender in many This book takes the reality of near death experiences seriously But it also shows that understanding them through the tools of science is completely compatible with acknowledging their profound meaning

Near-Death Experiences, The Rest of the Story P.M.H. Atwater,2009-01-09 Real life stories of out of body experiences encountering a special light greeters from the afterlife

life reviews tunnels and 360 degree vision are all part of this intriguing look at near death experiences NDEs by one of the world's noted authorities P M H Atwater Atwater shares her amazing findings based on her sessions with more than 4 000 adults and children and over 40 years of research a breathtaking culmination to a successful and controversial career Atwater examines every aspect of the near death phenomenon from first hand accounts of survivors experiencing flash forwards waking up in morgues and developing psychic abilities to stunning cases of groups experiencing NDEs together Atwater offers statistics from her findings to show the distinctive common patterns that people experience as well as the common aftereffects and how it changed their lives She also explores the physiological and spiritual changes that result from near death experiences and looks at the connections between the NDE experience and what is often called enlightenment Near Death Experiences not only provides a glimpse of what lies beyond the veil of our temporal existence but points to what or who we really are and what we are meant to be

Science and the Near-Death Experience Chris Carter,2010-08-23

The scientific evidence for life after death Explains why near death experiences NDEs offer evidence of an afterlife and discredits the psychological and physiological explanations for them Challenges materialist arguments against consciousness surviving death Examines ancient and modern accounts of NDEs from around the world including China India and many from tribal societies such as the Native American and the Maori Predating all organized religion the belief in an afterlife is fundamental to the human experience and dates back at least to the Neanderthals By the mid 19th century however spurred by the progress of science many people began to question the existence of an afterlife and the doctrine of materialism which believes that consciousness is a creation of the brain began to spread Now using scientific evidence Chris Carter challenges materialist arguments against consciousness surviving death and shows how near death experiences NDEs may truly provide a glimpse of an awaiting afterlife Using evidence from scientific studies quantum mechanics and consciousness research Carter reveals how consciousness does not depend on the brain and may in fact survive the death of our bodies Examining ancient and modern accounts of NDEs from around the world including China India and tribal societies such as the Native American and the Maori he explains how NDEs provide evidence of consciousness surviving the death of our bodies He looks at the many psychological and physiological explanations for NDEs raised by skeptics such as stress birth memories or oxygen starvation and clearly shows why each of them fails to truly explain the NDE Exploring the similarities between NDEs and visions experienced during actual death and the intersection of physics and consciousness Carter uncovers the truth about mind matter and life after death

The Facts on Near Death Experiences John Ankerberg,John Weldon,2011-04-09

Testimonies about near death experiences What does the Bible say Can these experiences be deceptive and consequential What heaven and hell are like

Near Death Experiences Oliver Faith,AI,2025-02-14 Near Death Experiences explores the profound phenomenon of NDEs examining accounts of individuals who have clinically died and returned to life It probes fundamental questions about consciousness spirituality and the nature of reality particularly focusing on out of body

experiences life reviews and feelings of peace Historically dismissed NDEs are now recognized as complex experiences that challenge scientific materialism and offer comfort to those facing death or grief The book uniquely synthesizes scientific research religious interpretations and personal narratives to bridge the gap between science and spirituality making it valuable for those interested in religion spirituality and consciousness studies The book is structured to provide a comprehensive overview starting with the core elements of NDEs It then examines scientific research analyzing physiological and psychological aspects Next it explores religious interpretations across faiths like Christianity Islam Hinduism and Buddhism comparing beliefs about death and the afterlife Finally it analyzes cross cultural accounts identifying universal motifs and cultural variations This approach culminates in arguing that NDEs regardless of their origin can profoundly impact individuals fostering compassion and diminishing the fear of death

Shadows of the Sacred Frances E. Vaughan, 2005 A brilliant and groundbreaking exploration of the promises and pitfalls of the spiritual path written by one of the pioneers of transpersonal psychology A must for every serious spiritual seeker students of consciousness and all those concerned about the future of our planet Stanislav Grof M D Regardless of one's religious preferences this pioneering classic eloquently and objectively addresses the spiritual issues of our time Angeles Arrien Here presented with clarity and courage are the foundations for a transpersonal psychotherapy that respects the multileveled richness of the human psyche Ram Dass

Near Death Experiences, 2025-08-15 390 Near Death Experiences A Documented Collection is a unique compilation of authentic accounts of people from around the world who have gone through near death experiences Spanning over 400 pages and featuring 390 documented cases this book offers readers an extraordinary glimpse into what many describe as the threshold between life and death Each experience has been carefully collected organized and edited to provide clarity and depth while maintaining the authenticity of the original testimonies This work is not intended to promote any single interpretation or belief Instead it serves as a resource for researchers spiritual seekers and curious readers who wish to explore the common themes and diverse perspectives surrounding the mystery of near death experiences Whether you are looking for inspiration scientific curiosity or spiritual reflection this book presents an invaluable window into one of humanity's most profound mysteries

God So Loved the World Robert Spitzer, 2016-03-10 In this volume the brilliant Fr Spitzer probes in detail the major question that if an intelligent Creator God manifest in logical proofs scientific evidence and near death experiences who is the source of our desire for the sacred and the transcendental desires for truth love goodness and beauty would want to reveal himself to us personally and ultimately He then shows this is reasonable not only in light of our interior experience of a transcendent Reality but also that a completely intelligent Reality is completely positive implying its possession of a completely positive virtue namely love defined as agape This leads to the question whether God might be unconditionally loving and if he is whether he would want to make a personal appearance to us in a perfect act of empathy face to face After examining the rational evidence for this he reviews all world religions to see if there is one that reveals

such a God an unconditionally loving God who would want to be with us in perfect empathy This leads us to the extraordinary claim of Jesus Christ who taught that God is Abba the unconditionally loving Father Jesus claims go further saying that He is also unconditional love and that his mission is to give us that love through an act of complete self sacrifice He also claims to be the exclusive Son of the Father sent by God to save the world and the one who possesses divine power and authority The rest of the book does an in depth examination of the evidence for Jesus unconditional love of sinners his teachings his miracles and his rising from the dead As well as the evidence for Jesus gift of the Holy Spirit that enabled his disciples to perform miracles in his name and evidence for the presence of the Holy Spirit today If this strong evidence convinces us to believe that Jesus is our ultimate meaning and destiny and desire His saving presence in our lives that evidence should galvanize the Holy Spirit within us to show that Jesus is Lord and Savior the way the truth and the life And our faith in him will transform everything we think about our nature dignity and destiny and how we live endure suffering contend with evil and treat our neighbor

Near Death Experiences and Sacred Scripture Douglas Charles Hodgson,2024-08-30 Near Death Experiences and Sacred Scripture The Parallel Messaging examines striking similarities and parallels between messaging found in accounts of those who have written about their near death experiences and in accounts contained in the sacred scriptures of the world s great religions This symmetrical and mutually reinforcing messaging is timeless in nature and is arguably more relevant today than in any previous period in human history as humanity continues to face existential threats to its survival In an era of rampant materialism and consumerism armed conflict environmental degradation species extinction global warming as well as an obsessive preoccupation with self rather than others and a devaluation of the life s sanctity It s timely to spark a revived interest in and knowledge of God and the afterlife and in seeking answers to life s larger religious spiritual philosophical and metaphysical questions This book will provide assurance and solace to those who are terminally ill or fear the death of their physical body for those who are suffering a difficult bereavement and for those who feel lost and confused about the meaning and purpose of life and what lies ahead of them

Pieces of the Puzzle, Volume 3 - The Afterlife and Infinite Beyond Trinda Latherow,2015-12-22 Pieces of the Puzzle One title four volumes and countless stories that tell of both the mysterious and miraculous aspects to our world and us An epic adventure for the soul Volume 3 The Afterlife and Infinite Beyond The reality of an afterlife is what we can if only first believe and perceive of it to be

The Transformative Power of Near-Death Experiences Dr. Penny Sartori,Kelly Walsh,2017-11-14 An enthralling study of the far reaching positive effects of Near Death Experiences a well written and thought provoking book Anita Moorjani author of Dying to Be Me Near death experiences NDEs are often

transformative not only on an individual level but on a collective level too This book contains a selection of inspiring stories from ordinary people whose extraordinary experiences have changed the course and direction of their lives opening each and every one of them to the power of divine love Recent years have seen a dramatic change of attitude towards NDEs Unfortunately the ongoing debates about NDEs have detracted greatly from their transformational effects and how empowering they can be for the whole of mankind For those who experience them NDEs often instill the knowledge that we are all interconnected and part of one great whole This book aims to inspire people from all walks of life creeds cultures and faiths to the transformational power of the message of NDEs and to show how the love experienced during the NDE has the capacity to heal minds bodies and souls

Ethics and Animals Harlan B. Miller, William H. Williams, 2012-12-06 This volume is a collection of essays concerned with the morality of human treatment of nonhuman animals The contributors take very different approaches to their topics and come to widely divergent conclusions The goal of the volume as a whole is to shed a brighter light upon an aspect of human life our relations with the other animals that has recently seen a great increase in interest and in the generation of heat The discussions and debates contained herein are addressed by the contributors to each other to the general public and to the academic world especially the biological philosophical and political parts of that world The essays are organized into eight sections by topics each section beginning with a brief introduction linking the papers and the sections to one another There is also a general introduction and an Epilog that suggests alternate possible ways of organizing the material The first two sections are concerned with the place of animals in the human world Section I with the ways humans view animals in literature philosophy and other parts of human culture and Section II with the place of animals in human legal and moral community The next three sections concern comparisons between human and nonhuman animals Section III on the rights and wrongs of killing Section IV on the humanity of animals and the animality of humans and Section V on questions of the conflict of human and animal interests
