Rollyson, 2014-10-16 From hefty biographies and fact-based novels to photograph collections and memoirs more books have been written about Marilyn Monroe than any other female over the past century However no biography regardless how

authoritative can contain all of the facts and events of an individual's life and Marilyn's is no exception. In *Marilyn Monroe Day by Day: A Timeline of People, Places, and Events*, Carl Rollyson provides a documentary approach to the life and legend of this singular personality. With details of her childhood, her young adult years, her ascent to superstardom, and the hour-by-hour moments leading to her tragic early death, this volume supplements and in some cases corrects the accounts of previous biographies. In addition to restoring what is left out in other narratives about Marilyn's life, this book also illuminates the gaps and discrepancies that still exist in our knowledge of her. Drawing on excerpts from her diaries, journals, letters, and even checks and receipts, as well as reports of others, Rollyson recreates the day-to-day world of a woman who still fascinates us more than fifty years after her death. In addition to the calendar, Rollyson also profiles important figures in Marilyn's life and includes a brief biography of the actress, providing a context for the timeline. An annotated bibliography of books and websites highlights the most reliable sources about Marilyn. With its vivid recreation of the key events in her life, *Marilyn Monroe Day by Day* is the perfect book for fans who can't get enough of this cultural icon.

The Cinema of Paul Thomas Anderson Ethan Warren, 2023-04-25 Paul Thomas Anderson's evolution from a brash self-anointed Indiewood auteur to one of his generation's most distinctive voices has been one of the most remarkable career trajectories in recent film history. From early efforts to emulate his cinematic heroes to his increasingly singular late films, Anderson has created a body of work that balances the familiar and the strange, history and myth, viewers feel perpetually off-balance, unsure of whether to expect a pitch-black joke or a moment of piercing emotional resonance. This book provides the most complete account of Anderson's career to date, encompassing his varied side projects and unproduced material, his personal and professional relationships with directors such as Jonathan Demme, Robert Altman, and Robert Downey Sr., and his work as a director of music videos for Fiona Apple, Joanna Newsom, and Haim. Ethan Warren explores Anderson's recurring thematic preoccupations, the fraught dynamics of gender and religious faith, biological and found families, and his native San Fernando Valley, as well as his screenwriting methods and his relationship to his influences. Warren argues that Anderson's films conjure up an alternate American history that exaggerates and elides verifiable facts in search of a heightened truth marked by a deeper level of emotional hyperrealism. This book is at once an unconventional primer on Anderson's films and a provocative reframing of what makes his work so essential.
