Freedom Is, Freedom Ain't Scott Saul, 2003-11-24 In the long decade between the mid 1950s and the late 60s jazz was changing more than its sound The age of Max Roach's Freedom Now Suite John Coltrane's A Love Supreme and Charles Mingus's The Black Saint and the Sinner Lady was a time when jazz became both newly militant and newly seductive its example powerfully shaping the social dramas of the Civil Rights movement the Black Power movement and the counterculture Freedom Is Freedom Ain't is the first book to tell the broader story of this period in jazz and American history The story's central figures are jazz musicians like Coltrane and Mingus who rewrote the conventions governing improvisation and composition as they sought to infuse jazz with that gritty exuberance known as soul Scott Saul describes how these and other jazz musicians of the period engaged in a complex cultural balancing act utopian and skeptical race affirming and cosmopolitan they tried to create an art that would make uplift into something forceful undeniable in its conviction and experimental in its search for new possibilities Freedom Is Freedom Ain't considers these musicians and their allies as a cultural front of the Civil Rights movement a constellation of artists and intellectuals whose ideas of freedom pushed against a Cold War consensus that stressed rational administration and collective security Capturing the social resonance of the

understanding of love as the emotion we feel towards whomever or whatever we experience as grounding our life as offering us a possibility of home in a world that we supremely value He sees love as motivated by a promise of ontological rootedness rather than as two thousand years of tradition variously asserts by beauty or goodness by a search for wholeness by virtue by sexual or reproductive desire by compassion or altruism or empathy or in one of today's dominant views by no qualities at all of the loved one After arguing that such founding Western myths as the Odyssey and Abraham's call by God to Canaan in the Bible powerfully exemplify his new conception of love May goes on to re-examine the relation of love to beauty sex and goodness in the light of this conception offering among other things a novel theory of beauty and suggesting against Plato that we can love others for their ugliness while also seeing them as beautiful Finally he proposes that in the Western world romantic love is gradually giving way to parental love as the most valued form of love namely the love without which one's life is not deemed complete or truly flourishing May explains why childhood has become sacred and excellence in parenting a paramount ideal as well as a litmus test of society's moral health In doing so he argues that the child is the first genuinely modern supreme object of love the first to fully reflect what Nietzsche called the death of God Readers will find Love Excitingly new yet immediately recognizable that's the paradox at the very heart of love and it is what Simon May has achieved Los Angeles Review of Books

Powell, 2020-11-03 A sixty year history of Afro South Asian musical collaborations From Beyoncé's South Asian music inspired Super Bowl Halftime performance to jazz artists like John and Alice Coltrane's use of Indian song structures and spirituality in their work to Jay Z and Missy Elliott's high profile collaborations with diasporic South Asian artists such as the Panjabi MC and MIA African American musicians have frequently engaged South Asian cultural productions in the development of Black music culture Sounds from the Other Side traces such engagements through an interdisciplinary analysis of the political implications of African American musicians South Asian influence since the 1960s Elliott H Powell asks what happens when we consider Black musicians South Asian sonic explorations as distinct from those of their white counterparts He looks to Black musical genres of jazz funk and hip hop and examines the work of Miles Davis John Coltrane Rick James OutKast Timbaland Beyoncé and others showing how Afro South Asian music in the United States is a dynamic complex and contradictory cultural site where comparative racialization transformative gender and queer politics and coalition politics intertwine Powell situates this cultural history within larger global and domestic sociohistorical junctures that link African American and South Asian diasporic communities in the United States The long historical arc of Afro South Asian music in Sounds from the Other Side interprets such music making activities as highly political endeavors offering an essential conversation about cross cultural musical exchanges between racially marginalized musicians

Hidden in Contradiction Jeff McSwain, 2023-09-22 Does God's grace grab you and stir you to purposeful Spirit filled living Or is the gospel that you hear and preach big on belief and short on embodiment Do you see a need for change whether personal ecclesial or social that transcends us righteous vs them

wicked polarizations Beginning with every person's participation in Christ as a keystone to creation Jeff McSwain introduces the vibrant reality of Trinitarian community and shows us the dangers of losing sight of the belovedness we share as humans hidden with Christ in God Avoiding simplistic categories McSwain exalts the total goodness of every person in this world by virtue of creation in Christ while also acknowledging the simultaneous contradiction the total depravity of every person by virtue of the fall If ignoring our human duplicity contributes to relational fractures at every level McSwain's dimensional view of human agency urges us to embrace the redemptive truth of our identity in Christ and to refuse our false destructive selves that have been crucified with Christ Filled with scriptural exegesis and practical illustrations that pastors and teachers will especially appreciate this project is a refreshing application of Christology to anthropology and everyday life an inspiring work of systematic theology aimed at systematic change
