Four Major Plays of Chikamatsu. Translated by Donald Keene. Extracts from "Major Plays of Chikamatsu". Monzaemon CHIKAMATSU, Donald Keene, 1961 Four Major Plays of Chikamatsu , 1969 Chikamatsu C. Andrew Gerstle, Chikamatsu, 2002-09-04 Chikamatsu Monzaemon 1653 1725 often referred to as Japan s Shakespeare and a god of writers was arguably the most famous playwright in Japanese history and wrote more than 100 plays for the kabuki and bunraku theaters Today the plays of this major literary figure are performed on kabuki and bunraku stages as well as in the modern theater and forty nine films of his plays have been made thirty one of them from the silent era Translations of Chikamatsu s plays are available but we have few examples of his late work in which he increasingly incorporated stylistic elements of his shorter contemporary dramas into his longer period pieces Translator C Andrew Gerstle argues that in these mature history plays Chikamatsu depicted the tension between the private and public spheres of society by combining the rich character development of his contemporary pieces with the larger political themes of his period pieces In this volume Gerstle translates five plays four histories and one contemporary piece never before available in English that complement other collections of Chikamatsu s work revealing new dimensions to the work of this great Japanese playwright and artist *The Major Plays of Chikamatsu* Chikamatsu Monzaemon, Donald Keene, 1961-06 **Four Major Plays of Chikamatsu (Monzaemon Chikamatsu). Andrew Gerstle, 2020-03-17 The vibrant merchant culture of Tokugawa Japan gave rise to many new forms of art none more fascinating than the puppet theater J ruri created chiefly by Chikamatsu Monzaemon the foremost playwright of popular Japanese drama In this analysis of Chikamatsu s artistry Dr

Gerstle focuses on features hitherto neglected by Western scholars the musical structure of J ruri integral to the form mood and movement of the drama For extensive translations from the various types of Chikamatsu s dramas Gerstle supplies the musical notations which illuminate the sophisticated conventions of this unique and timeless artistic form Chikamatsu s art combining puppets text samisen music and chanting narration encompasses three major types of drama history contemporary life and love suicide plays each with distinct structural features Gerstle shows how the music of J ruri a mixture of the samisen and chanting narration supplements the texts and expresses a dramatized action or emotion through complex changes in pitch tempo and style of delivery Richly illustrated with woodblock prints this is a fascinating study which will be welcomed by scholars of Japanese culture literature and musicology **World Within Walls** Donald Keene,1999 The Tokugawa family held the shogunate from 1603 to 1867 ruling Japan and keeping the island nation isolated from the rest of the world for more than 250 years Donald Keene looks within the walls of isolation and meticulously chronicles the period s vast literary output providing both lay readers and scholars with the definitive history of premodern Japanese literature World Within Walls spans the age in which Japanese literature began to reach a popular audience as opposed to the elite aristocratic readers to whom it had previously been confined Keene comprehensively treats each of the new popular genres that arose including haiku Kabuki and the witty urbane prose of the newly ascendant merchant class

Van Compernelle,2020-03-23 The pioneering writer Higuchi Ichii 1872

1896 has been described as the last woman of old Japan a consummate stylist of classical prose whose command of the linguistic and rhetorical riches of the premodern tradition might suggest that her writings are relics of the past with no concern for the problems of modern life Timothy Van Compernelle investigates the social dimensions of Ichiy s artistic imagination and argues that she creatively reworked the Japanese literary tradition in order to understand confront and critique the emerging modernity of the Meiji period For Ichiy the classical canon was a reservoir of tropes and paradigms that could be reshaped and renewed as a way to explore the sociopolitical transformations of the 1890s and cast light upon the human costs of modernization Drawing critical momentum from the dialogical theory of Mikhail Bakhtin the author explores in five of Ichiy s best known stories how traditional rhetoric and literary devices are dialogically engaged with discourses associated with modernity within the pages of Ichiy s narratives In its close sensitive readings of Ichiy s oeuvre The Uses of Memory not only complicates the scholarly discussion of her position in the Japanese literary canon but also broaches larger theoretical issues

Early Modern Japan Conrad Totman, 1995-08 A survey of Japan s early modern period 1568 1868 that blends political economic intellectual literary and cultural history It also introduces a fresh ecological perspective covering natural disasters resource use demographics and river control
