John Ashbery and Anglo-American Exchange Oli Hazzard, 2018-06-13 In 1966 John Ashbery wrote The English language is constantly trying to stave off invasion by the American language it lives in a state of alert which is reflected to some degree in English poetry This book shows how the work of a major post war American poet has been centrally concerned with questions of national identity and intercultural poetic exchange by reading crucial episodes in Ashbery's oeuvre in the context of an other tradition of modern English poets he himself has defined This line runs from the editor of Ashbery's recent *Collected Poems* Mark Ford through Lee Harwood in the late 1960s F T Prince in the 1950s to chronologically the first and therefore most important influence on his own work W H Auden Through detailed close readings of the poetry of Ashbery and these English poets original interviews and extensive archival research a new account of Ashbery's aesthetic and a significant re mapping of post war English poetry is presented The biographical slant of the book is highly significant as it reads these writers poetry and correspondence together for the first time suggesting how major poetic innovations arose from specific social contexts from the particulars of relations between poets and also from a broader climate of Anglo American exchange as registered by each poet The book's presentation of the process of poetic influence is attentive to actual exchanges between contemporaries as evidenced in correspondence as opposed to speculative relationships with dominant figures and as such represents a departure from many other studies of Ashbery's work Key themes include Englishness as a national imaginary the concept of the minor reciprocal influence and the poetry of coteries The result is that both Ashbery himself and the landscape of post war English poetry are presented in significantly new lights *General Register* University of Michigan, 1957 Announcements for the following year included in some vols *Anthologies of British Poetry*, 2021-11-22 From Tottel's Miscellany 1557 to the last twentieth century Oxford Book of English Verse 1999 anthologies have been a prime institution for the preservation and mediation of poetry The importance of anthologies for creating and re creating the canon of English poetry for introducing new programmes of poetry as a record of changing poetic fashions audience tastes and reading practices or as a profitable literary commodity has often been asserted Despite its impact however the poetry anthology in itself has attracted surprisingly little critical interest in Britain or elsewhere in the English speaking world This volume is the first publication to explore the largely unmapped field of poetry anthologies in Britain Essays written from a wide range of perspectives in literary and cultural studies and the point of view of poets editors publishers and cultural institutions aim to do justice to the typological functional and historical variety with which this form of publication has manifested itself from early modern print culture to the postmodern age of the world wide web **A**

Between Two Fires Justin Quinn, 2015-09-10

Between Two Fires is about the transnational movement of poetry during the Cold War Beginning in the 1950s it examines transnational engagements across the Iron Curtain reassessing US poetry through a consideration of overlooked radical poets of the mid century and then asking what such transactions tell us about the way that anglophone culture absorbed new models during this period The Cold War synchronized culture across the globe leading to similar themes forms and critical maneuvers Poetry a discourse routinely figured as distant from political concerns was profoundly affected by the ideological pressures of the period But beyond such mirroring there were many movements across the Iron Curtain despite the barriers of cultural and language difference state security surveillance spies traitors and translators Justin Quinn shows how such factors are integral to transnational cultural movements during this period and have influenced even postwar anglophone

poetry that is thematically distant from the Cold War For the purposes of the study Czech poetry its writers its translators its critics stands on the other side of the Iron Curtain as receptor and which has been overlooked part creator of the anglophone tradition in this period By stepping outside the frameworks by which anglophone poetry is usually considered we see figures such as Robert Lowell Derek Walcott Allen Ginsberg and Seamus Heaney in a new way with respect to the ideological mechanisms that were at work behind the promotion of the aesthetic as a category independent of political considerations foremost among these postcolonial theory **Indiana University Bulletin** ,1994 **A Christian Guide to the Classics** Leland Ryken,2015-08-17 Most people are familiar with the classics of Western literature but few have actually read them Written to equip readers for a lifetime of learning this beginner s guide to reading the classics by renowned literary scholar Leland Ryken answers basic questions readers often have including Why read the classics and How do I read a classic Offering a list of some of the best works from the last 2 000 years and time tested tips for effectively engaging with them this companion to Ryken s Christian Guides to the Classics series will give readers the tools they need to read interact with and enjoy some of history s greatest literature *Catalog of Copyright Entries.
