What is the Meaning of Human Life? Raymond Angelo Belliotti, 2021-08-04 This book examines core concerns of

human life What is the relationship between a meaningful life and theism Why are some human beings radically adrift without radical foundations and struggling with hopelessness Is the cosmos meaningless Is human life akin to the ancient Myth of Sisyphus What is the role of struggle and suffering in creating meaning How do we discover or create value Is happiness overrated as a goal of life How if at all can we learn to die meaningfully *The Older Prisoner* Diete Humblet, 2021-01-23

This book critically explores the world of older prisoners to provide a more nuanced understanding of imprisonment at old age Through an ethnographical study of male and female older prisoners in two Belgian prison settings one in which older prisoners are integrated and one in which they are segregated it informs debates and seeks to recognise ageist discourse attitudes practices in prison The Older Prisoner seeks to situate the older prisoner from both a penological and gerontological perspective organised around the following broad themes the construction of the older prisoner the physical prison world the social prison world surviving prison and giving meaning The book allows readers to navigate between contrasting perspectives and voices rather than reinforcing traditional narratives and prevailing discourses on the older prisoner In doing so it hopes to open up a broader dialogue on ageing and punishment It also offers insights into the concept of meaning in life as an analytical tool to study prisoners **Is Human Life Absurd? A Philosophical Inquiry into Finitude, Value, and Meaning** Raymond Angelo Belliotti, 2019-06-24

In this work Belliotti unravels the paradoxes of human existence The purpose of this philosophical journey is to reveal paths for forging meaningful significant valuable even important lives By examining notions of The Absurd expressed within Search for the Holy Grail The Seventh Seal and The Big Lebowski the author crafts a working definition of absurdity He then investigates the contributions of classical thinkers such as Shakespeare Schopenhauer Nietzsche Kierkegaard Tolstoy Sartre Camus as well as philosophers such as Nagel Feinberg and Taylor After arguing that human life is not inherently absurd Belliotti examines the implications of mortality for human existence the relationship between subjective and objective meaning and the persuasiveness of several challenging contemporary renderings of meaningful human lives **The Development of Generativity across Adulthood** Feliciano Villar, Heather L. Daniel A. Roberts, Michael Freidman, 2017-11-22 In *Clergy Retirement Every Ending a New Beginning* for Clergy Their Families and Congregants retirement is likened to a death experience but much more Besides saying goodbye to congregants colleagues and a career it is equally important as in any other loss to take time to grieve and then to discover new meaning in life through which to reinvent oneself and grow to new heights This book is a manual for transition into a new world as one approaches retirement It not only encourages the retiree to think through the process of making new meaning but offers practical suggestions of how to do so *Aging and the Art of Living* Jan Baars, 2012-08-20 In this deeply considered

meditation on aging in Western culture Jan Baars argues that in today's world living longer does not necessarily mean living better He contends that there has been an overall loss of respect for aging to the point that understanding and dealing with

aging people has become a process focused on the decline of potential and the advance of disease rather than on the accumulation of wisdom and the creation of new skills To make his case Baars compares and contrasts the works of such modern era thinkers as Foucault Heidegger and Husserl with the thought of Plato Aristotle Sophocles Cicero and other Ancient and Stoic philosophers He shows how people in the classical period less able to control health hazards had a far better sense of the provisional nature of living which led to a philosophical and religious emphasis on cultivating the art of living and the idea of wisdom This is not to say that modern society's assessments of aging are insignificant but they do need to balance an emphasis on the measuring of age with the concept of living in time Gerontologists philosophers and students will find Baars discussion to be a powerful perceptive conversation starter W Andrew Achenbaum author of *Older Americans Vital Communities*
