*Distancing* L. David Marquet, Michael A. Gillespie, 2025-08-12 Distance gives you perspective Bestselling author of *Turn the Ship Around* former US Navy Captain David Marquet and professor of psychology Michael Gillespie show you how to make better decisions by becoming your own coach Be yourself Be fully present Be in the moment This is a message we hear constantly While this may be beneficial some of the time the biggest obstacle to making wiser decisions that actually drive lasting success is ourselves Being fully immersed in our own limited point of view biases our decisions toward defending our previous actions and maintaining our self image We need to exit our me here and now self and get an outside perspective that sees us and the situation we are in objectively We need a coach This book shows us how to become our own coach by using a mental technique called psychological distancing We do this in three ways self distancing spatial distancing and temporal distancing First we can be someone else inhabiting another's perspective This

activates the neutral observer's outside point of view. Second, we can be somewhere else. We zoom out and see ourselves from afar as just another person who is part of a larger context. Third, we can be sometime else, imagining that we are our future selves who are thinking back to what we wish we had done today. In each case, we can coach ourselves from this distanced perspective. The result is a powerful and immediate reframe of how we see ourselves, our situation, and what we should do. Featuring compelling scientific research, business cases, and exercises, *Distancing* equips us with effective practical tools to reduce anxiety, see more clearly, and make better decisions for ourselves and for our organizations. ***The Homestead Hero*** James Turner III, 2022-09-06 Are you a source of inspiration or in search of a spark to ignite your flame? Get the tools and concepts that have a high beam effect on your thinking; project your focus more accurately into the future and cash in on the positive benefits of your improved strategic planning now and in years to come. ***God of Many Loves*** Max Oliva SJ, 2019-05-16 Sometimes the simplest truths are the hardest to remember. Sometimes we forget that Christianity is first of all about love, and that it begins with God's love for us, not with our love for God. A seasoned spiritual director, Fr. Max Oliva knows how easy it is to get caught up in ourselves and lose track of God. As he guides us on this enriching journey of remembrance and discovery, he encourages us to remember all the ways God has been present throughout our lives and to discover God's love anew. ***God of Many Loves*** Max Oliva, 2019-05-16 Sometimes the simplest truths are the hardest to remember. Crosby, 2011-04-01

Reduced to its simplest form The Dysfunctional Church maintains that The Catholic church is an addict an institutional addict It s addicted to preserving the male celibate clerical model of the church Many Catholics exhibit patterns of classic codependency which reinforce this addiction The result is a dysfunctional church unable to confront a problem many members know is there Michael Crosby breaks the silence to talk openly about the abuse of authority in the Catholic church He does this in a way that offers comfort hope and challenge to the frustrated but caring members of its family He traces the historical gathering of powers by the hierarchy into its own hands and its ramification for today Applying the approach that Matthew s Jesus took to the church leaders of his day Crosby brings the discerning light of scripture into the dark corners of growing addiction The Dysfunctional Church is a clear loving and unequivocal intervention The author calls on church leaders and all other codependents in the church to face their addiction and seek recovery through spiritual conversion Acknowledging that he himself is a recovering codependent he invites us all to turn to God to fill the hole in our wholeness This involves coming under the authority of a higher power as well as finding support in prophetic communities modeled on the Twelve Steps For those who left the church in anger Crosby s analysis invites compassion for those who remain in frustration it offers hope and for the many who feel condemned to the church s use of authority it offers a way of recovery

**Carpe Diem** Prajakta Taiwade, Have you observed and heard the sound of knife cutting through a Watermelon Or have you felt the touch of water when you wash your Hands No right have you ever wondered why It is just Because while doing these things you are already thinking of something in future or dwelling in the past to be in the present moment all you have do is to be completely sensitive towards your surroundings The More you are sensitive towards your surroundings the more you are sizing the moment Live life truly deeply madly while you are alive Experience each and everything Take care of yourself and of your family and friends Have fun to the fullest be crazy be weird Go out and screw up You are anyways going to so always make sure you are enjoying the process Always make sure that you are taking the opportunity to learn from your mistakes find the root cause of all your problem and try to eliminate it one at a time Don t try to be unnecessarily perfect just be an excellent version of yourself The future starts from today my friend so seize the moment and make the most out of it

**Carpe Diem** *Codependency* David Lawson PhD, Are you having trouble fostering healthy relationships Are you stressed feeling drained and exhausted from giving too much in your relationships Do you know who you are What you need What you like Or do you feel that you need to be validated and approved by a partner or any other person to feel good about yourself If your life has been overshadowed by an addiction trauma or toxic shame you are probably fighting with an invisible enemy an enemy that is particularly difficult to vanquish codependency Codependency is notoriously difficult to combat because there is no precise definition of the disorder The signs and symptoms also differ for everyone It is often mistaken for narcissism or other personality disorders that do not reflect the true situation Experts say that it is a pattern of behavior in which a person finds themselves dependent on someone else s approval for their self esteem and identity People who suffer from this

disorder tend to mask what they really feel At other times they are not even aware of what they are doing This only serves to cloud the overall picture by delaying positive interventions which sometimes will never come I RECOMMEND THAT YOU READ THIS BOOK IF You are not aware of how you truly feel You have difficulty identifying your feelings You have difficulty expressing your feelings You tend to minimize modify or even deny the reality of what you feel You tend to worry and or fear how others may respond to how you feel You give power over your feelings to others Does this sound familiar to you DOES YOUR PARTNER OFTEN Focus his or her attention on pleasing you Focus his or her attention on protecting you even when it is not necessary Focus his or her attention on solving your problems Focus his or her attention on relieving your pain Focus his or her attention on manipulating you forcing you to do things his or her way There are numerous other situations that are listed in this book Knowing the right information allows you to limit any damage by avoiding unnecessary suffering Everyone seems to know a couple relationship in which one partner seems to be more involved than the other and tries to get their love and care by satisfying their needs They try to control their partner s behavior through such subtle manipulation techniques and the partner will often not even notice They make endless and complicated dances around problems but what they never do is establish a sincere and healthy connection WHAT YOU NEED NOW Listen to those who understand this problem and have experienced the dynamics just listed Inquire read watch videos and access people who have the skills to alleviate the destructive damage that unstable parents can create This manual offers support not only to those who are codependent but also gives useful advice to partners family and friends on how to reduce the discomfort and suffering of their loved one with sections written especially for them This complete approach makes this manual a milestone of its kind Act now before it s too late If a codependent denies his destructive behavior he can pass it on to his children If the child does not realise the behavioural model of the parents and its negative impact it will generate the same patterns as an adult An endless cycle can be established Commit to breaking this cycle and regain control of your life Scroll up and click Buy Now botton at the top of this page
