

Makers of Modern Strategy

from Machiavelli to the Nuclear Age

EDITED BY PETER PARET

Makers Of Modern Nuclear Strategy

**Peter Paret, Gordon A. Craig, Felix
Gilbert**

Makers Of Modern Nuclear Strategy:

Makers of Modern Strategy from Machiavelli to the Nuclear Age Peter Paret, Gordon A. Craig, Felix Gilbert, 1986-10-30 War cannot be controlled in future without an understanding of its past These essays analyse war its strategic characteristics and its political and social functions over the past five centuries

The New Makers of Modern Strategy Hal Brands, 2023-05-02 First published by Princeton in 1943 the collection of essays that constituted Makers of Modern Strategy has largely held the field as the key book that studied the means and ends of military power and thought and the historical figures that shaped that history The books in two editions have long been a staple of Princeton s backlist in international politics and strategic studies The first edition edited by Edward Mead Earle and subtitled Military Thought from Machiavelli to Hitler emerged out of a seminar of foreign policy and security experts organized between Princeton and the Institute of Advanced Study in reaction to World War II as a global conflict The subsequent edition edited by Peter Paret then at Stanford University was prepared in the early 1980s and subtitled From Machiavelli to the Nuclear Age In that edition three essays were reprinted from the earlier book four others were revised and the remainder twenty two essays were wholly new to reflect the updates in the field and also how the global political context had changed The two books together are regarded as the founding and leading text in military and strategic studies containing influential essays by many of the best known scholars of the subject The ambition of the new volume is to commission an entirely new edition of this classic reference work with 37 chapters organized into 5 sections covering key military leaders and the most important elements of strategic thinking since Thucydides and Sun Tzu The field of strategic and military history has witnessed an intellectual renaissance in recent decades as the number of strategic challenges faced by the world has grown enormously International politics has also changed The Cold War ended and the Soviet Union disappeared The United States entered a period of unipolarity only to see it challenged by the rise of new powers China in particular Terrorism civil wars so called rogue states insurgency and counter insurgency and cybersecurity all joined a growing list of strategic concerns New technologies promise to upend our understanding of conflict Furthermore scholars have learned more about earlier periods from the classic thinkers of strategy to the struggles of great power war to the dynamics of world politics during the Cold War Finally scholarship on international politics war and peace in the 20th century and after has become increasingly internationalized with the opening of new archives and the incorporation of new perspectives The aim of this volume is to serve as an overview and stimulant to research in this field one that encompasses the broader definitions of strategy in current research reflects the current state of world politics and also takes a more global and less Western perspective Publisher s description

Preventive Attack and Weapons of Mass Destruction Lyle Goldstein, 2006 This comprehensive survey of weapons of mass destruction WMD rivalries places the Bush Doctrine of preemption in historical context arguing that instability fueled by first strike incentives is an inherent byproduct of WMD proliferation

Grand Strategy in Theory and Practice William C. Martel, 2015-01-12 This

book explores fundamental questions about grand strategy as it has evolved across generations and countries. It provides an overview of the ancient era of grand strategy and a detailed discussion of its philosophical, military, and economic foundations in the modern era. The author investigates these aspects through the lenses of four approaches: those of historians, social scientists, practitioners, and military strategists. The main goal is to provide contemporary policy makers and scholars with a historic and analytic framework in which to evaluate and conduct grand strategy. By providing greater analytical clarity about grand strategy and describing its nature and its utility for the state, this book presents a comprehensive theory on the practice of grand strategy in order to articulate the United States' past, present, and future purpose and position on the world stage.

Justifying Ballistic Missile Defence Columba Peoples, 2010. Examines the ways in which views of technology have been used in debates over ballistic missile defence.

The Social Science Encyclopedia Adam Kuper, 2003-12-16. The Social Science Encyclopedia first published in 1985 to acclaim from social scientists, librarians, and students, was thoroughly revised in 1996 when reviewers began to describe it as a classic. This third edition has been radically recast. Over half the entries are new or have been entirely rewritten, and most of the balance have been substantially revised. Written by an international team of contributors, the Encyclopedia offers a global perspective on the key issues within the social sciences. Some 500 entries cover a variety of enduring and newly vital areas of study and research methods. Experts review theoretical debates from neo-evolutionism and rational choice theory to poststructuralism and address the great questions that cut across the social sciences: What is the influence of genes on behaviour? What is the nature of consciousness and cognition? What are the causes of poverty and wealth? What are the roots of conflict, wars, revolutions, and genocidal violence? This authoritative reference work is aimed at anyone with a serious interest in contemporary academic thinking about the individual in society.

Understanding Contemporary Strategy David J. Lonsdale, Thomas M. Kane, 2019-11-20. This textbook provides a comprehensive introduction to modern strategy, covering the context, theory, and practice of military strategy in all its different forms. Covering all the main issues in the field, the book explores the major themes through a combination of classical and modern strategic theory, history, and current practice. It is split into three main sections. The first provides the context for contemporary strategy and includes discussions of the human, technological, intelligence, ethical, and grand strategic dimensions. The second part explores the theory and practice of strategy in different geographical domains, including land, sea, air, space, and cyberspace. The final part engages with three of the most challenging forms of strategy in the contemporary era: nuclear weapons, terrorism, and insurgency. This second edition brings the book up to date by including discussions of the rise and fall of the Islamic State of Iraq and Syria (ISIS), the emergence of robotics and artificial intelligence, major events in space and cyberspace, and the growing profile of nuclear weapons. Each chapter presents the reader with a succinct summary of the topic, provides a challenging analysis of current issues, and finishes with key points, questions for discussion, and further reading. This book will be essential reading for upper-level students of strategic studies, war studies,

military history and international security Contemporary Military Theory Jan Angstrom,J.J. Widen,2014-07-17 The book aims to provide the reader with a state of the art introduction to classic and modern military theory The text accounts for the most important theories within the field by developing and analyzing these theories as well as problematizing both their normative and explanatory aims While focusing on military theory the book does not only reflect a single way of relating to knowledge of war and warfare but furthers learning by introducing contrasting perspectives as well as constantly criticizing the theories There is a clear need for an introductory text for the entire field of military theory that focuses whole heartedly on the theories not on their context or how they are expressed in practice during war This book covers such questions as how we should understand the changing character of war the utility of force and how the pursuit of political ends is achieved through military means It draws upon and illustrates military thought through a wide ranging number of examples from the Napoleonic Wars to the current war in Afghanistan This book will be of great interest for students of military theory strategic studies security studies and defence studies *Liddell Hart and the Weight of History* John J. Mearsheimer,2010 This troubling book offers a striking illustration of how history can be used and abused how a gifted individual can create their own self serving version of the past Understanding Contemporary Strategy Thomas M. Kane,David J. Lonsdale,2012-03-12 Understanding Contemporary Strategy provides an accessible and comprehensive introduction to the theory and practice of modern strategy Covering all the main issues in the field the book explores the major themes through a combination of classical and modern strategic theory history and current practice The book is split into three main sections Definition and Context including discussion of the human technological intelligence ethical and grand strategic dimensions Strategy in the Geographic Environments land sea air and space Contemporary Strategic Challenges terrorism insurgency and nuclear strategy Each chapter presents the reader with a succinct summary of the topic but also provides a challenging analysis of current issues supporting students with pedagogical features such as suggested further reading boxed case studies and study questions This book will be essential reading for upper level students of strategic studies war studies military history and international security **The Ashgate Research Companion to Political Violence** Marie Breen-Smyth,2016-03-23 Aimed at scholars students and lay persons interested in peace and conflict studies The Ashgate Research Companion to Political Violence is a comprehensive resource to understand the principal debates on political violence a field which is becoming an increasingly important part of courses on peace and conflict Organized into seven main sections this volume deals with a wide range of issues covering the following important research areas Issues of definition and nomenclature and how contests over these relate to political violence Theoretical frameworks and methods for understanding and researching political violence Motivations and goals of those who use political violence The various forms of political violence Perspectives on countering political violence by state and non state actors Why and how political violence ends The aftermath of political violence Contributions by leading scholars in the field provide an authoritative guide and

source book on political violence for the scholar the researcher and the informed general reader **Makers of Nuclear Strategy** John Baylis, John Garnett, 1991 This book deals with the very foundations of contemporary strategic studies in that it examines the ideas of nine leading strategic thinkers over the past four decades within the context of current debates on nuclear strategy *Understanding War* Christian P. Potholm, 2016-08-03 The third book in Professor Christian Potholm's war trilogy which includes *Winning at War* and *War Wisdom* *Understanding War* provides a most workable bibliography dealing with the vast literature on war and warfare As such it provides insights into over 3000 works on this overwhelmingly extensive material *Understanding War* is thus the most comprehensive annotated bibliography available today Moreover by dividing war material into eighteen overarching themes of analysis and fifty seminal topics and focusing on these *Understanding War* enables the reader to access and understand the broadest possible array of materials across both time and space beginning with the earliest forms of warfare and concluding with the contemporary situation Stimulating and thought provoking this volume is essential for an understanding of the breadth and depth of the vast scholarship dealing with war and warfare through human history and across cultures *Strategy for Chaos* Colin Gray, 2004-08-02 In this volume Professor Colin Gray develops and applies the theory and scholarship on the allegedly historical practice of the Revolution in Military Affairs (RMA) in order to improve our comprehension of how and why strategy works The author explores the RMA hypothesis both theoretically and historically The book argues that the conduct of an RMA has to be examined as a form of strategic behaviour which means that of necessity it must work as strategy works The great RMA debate of the 1990s is reviewed empathetically though sceptically by the author with every major school of thought allowed its day in court The author presents three historical RMAs as case studies for his argument those arguably revealed in the wars of the French Revolution and Napoleon in World War I and in the nuclear age The focus of his analysis is how these grand RMAs functioned strategically The conclusions that he draws from these empirical exercises are then applied to help us understand what indeed is and what is not happening with the much vaunted information technology led RMA of today **India's Evolving Deterrent Force Posturing in South Asia** Zulfqar Khan, Zafar Khan, 2020-12-16 The book discusses India's evolving deterrent force posturing in South Asia under the conceptual essentials of nuclear revolution when it comes to various combinations of conventional and nuclear forces development and the strategic implications it intentionally or unintentionally poses for the South Asian region The book talks about how the contemporary restructuring of India's deterrent force posture affects India's nuclear strategy in general and how this in turn could affect the policies of its adversaries China and Pakistan in particular Authors discuss the motivations of such posturing that broadly covers India's restructuring of its Nuclear Draft Doctrine (NDD) the ballistic missile development program including that of its Ballistic Missile Defence (BMD) system and the possibility of conflicts between China India and India Pakistan given their transforming strategic force postures and their recurring adversarial behavior against each other in the Southern Asian region *The Blackwell Dictionary of Modern*

Social Thought William Outhwaite, 2008-04-15 Modern social thought ranges widely from the social sciences to philosophy political theories and doctrines cultural ideas and movements and the influence of the natural sciences Provides an authoritative overview of the main themes of social thought Long essays and entries give full coverage to each topic Covers major currents of thought philosophical and cultural trends and the individual social sciences from anthropology to welfare economics New edition updates about 200 entries and includes new entries suggestions for further reading and a bibliography of all sources cited within the text

[The Nature of War in the Information Age](#) David J. Lonsdale, 2004-06-01 There has been a great deal of speculation recently concerning the likely impact of the Information Age on warfare In this vein much of the Revolution in Military Affairs RMA literature subscribes to the idea that the Information Age will witness a transformation in the very nature of war In this book David Lonsdale puts that notion to the test Using a range of contexts the book sets out to look at whether the classical Clausewitzian theory of the nature of war will retain its validity in this new age The analysis covers the character of the future battlespace the function of command and the much hyped concept of Strategic Information Warfare Finally the book broadens its perspective to examine the nature of Information Power and its implications for geopolitics Through an assessment of both historical and contemporary case studies including the events following September 11 and the recent war in Iraq the author concludes that although the future will see many changes to the conduct of warfare the nature of war as given theoretical form by Clausewitz will remain essentially unchanged

The Evolution of Nuclear Strategy Lawrence Freedman, Jeffrey Michaels, 2019-07-31 The Evolution of Nuclear Strategy quickly established itself as a classic when it first appeared in 1981 This edition makes it even better incorporating as it does new material about the Cold War and up dating to include subsequent developments Filled with insights and penetrating analysis this volume is truly indispensable Robert Jervis Author of *How Statesmen Think* Freedman and Michaels have written a thorough and thought provoking guide to nuclear strategy The authors analyze the causes of both wise and unwise strategic decisions in the past and thereby shine a bright light on dilemmas we face in our common nuclear future Scott Sagan Stanford University USA With its comprehensive coverage clear and direct language and judicious summaries of a vast literature this new and wholly revised edition of *The Evolution of Nuclear Strategy* will be essential reading for any student of nuclear history strategic studies or contemporary international relations Matthew Jones London School of Economics and Political Science UK Sir Lawrence Freedman's *The Evolution of Nuclear Strategy* has been the first port of call for three generations of academics and policy makers wanting to familiarize themselves with the subject matter The success of this book could have led Professor Freedman to satisfy himself with regular updates or afterwords But the tireless author is now gracing us with an entirely revised edition of his masterpiece nearly forty years after its initial publication taking into account findings from archives and declassified documents At the same time *The Evolution of Nuclear Strategy* remains true to its original purpose and spirit an easy to read manual light with footnotes focusing on policy rather than on theory and

thus the best possible introduction to an arcane subject In an era when nuclear strategy issues seem to be becoming relevant again its historical scope and breadth will make its reading or re reading even more useful if only because knowing about the absurdity of the Cold war arms race is a prerequisite if one does not want to repeat its mistakes Bruno Tertrais Deputy Director Fondation pour la Recherche Stratégique France This updated and improved edition of the classic text on the evolution of nuclear strategy is a must read for anyone attempting to understand the nuclear predicament and where it is heading Impressive in every respect T V Paul James McGill Professor of International Relations McGill University Canada and the author of The Tradition of Non Use of Nuclear Weapons After the end of the Cold War we hoped for a world in which nuclear weapons would have low salience or might even disappear into virtual non assembled arsenals Alas they are coming to the fore again With changes in political context and technology it is thus pressing that the Bible on the Evolution of Nuclear Strategy should be updated Lawrence Freedman s great classic has been admirably updated with the help of Jeff Michaels The work just as its previous editions thus remains the definitive and authoritative point of reference on nuclear strategy in the twenty first century Beatrice Heuser Chair of International Relations University of Glasgow Scotland First published in 1981 Lawrence Freedman s The Evolution of Nuclear Strategy was immediately acclaimed as the standard work on the history of attempts to cope militarily and politically with the terrible destructive power of nuclear weapons It has now been completely rewritten drawing on a wide range of new research and updated to take account of the period following the end of the cold war and covering all nuclear powers

Security and Strategy in the New Europe Colin McInnes, 2002-09-11 The thawing of the Cold War has brought new concerns over the nature of European security to the fore and uncovered major differences in the approaches of individual states to changed circumstances This book clarifies the options for a new European security order and contribute to the growing debate It adopts a medium term analytical approach and uses a three tier format covering the nature and structure of security and the security implications of Europe s resurgent nationalism security strategy with particular reference to the NATO perspective and to the European Community and the distinctive security concerns of individual states It looks at both Eastern and Western Europe and at the Soviet Union and it analyses the role of the United States in European security The thawing of the Cold War has brought new concerns over the nature of European security to the fore and uncovered major differences in the approaches of individual states to changed circumstances

Strategy in the Contemporary World John Baylis, James J. Wirtz, Colin S. Gray, 2013 The fourth edition of this successful textbook has been revised and updated in light of recent events and includes a new chapter on the rise of cyberpower Its comprehensive coverage of issues of war and peace such as terrorism intelligence and weapons of mass destruction makes it the major strategic studies textbook in the field

Makers Of Modern Nuclear Strategy Introduction

Makers Of Modern Nuclear Strategy Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Makers Of Modern Nuclear Strategy Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Makers Of Modern Nuclear Strategy : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Makers Of Modern Nuclear Strategy : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Makers Of Modern Nuclear Strategy Offers a diverse range of free eBooks across various genres. Makers Of Modern Nuclear Strategy Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Makers Of Modern Nuclear Strategy Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Makers Of Modern Nuclear Strategy, especially related to Makers Of Modern Nuclear Strategy, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Makers Of Modern Nuclear Strategy, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Makers Of Modern Nuclear Strategy books or magazines might include. Look for these in online stores or libraries. Remember that while Makers Of Modern Nuclear Strategy, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Makers Of Modern Nuclear Strategy eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Makers Of Modern Nuclear Strategy full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Makers Of Modern Nuclear Strategy eBooks, including some popular titles.

FAQs About Makers Of Modern Nuclear Strategy Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Makers Of Modern Nuclear Strategy is one of the best book in our library for free trial. We provide copy of Makers Of Modern Nuclear Strategy in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Makers Of Modern Nuclear Strategy. Where to download Makers Of Modern Nuclear Strategy online for free? Are you looking for Makers Of Modern Nuclear Strategy PDF? This is definitely going to save you time and cash in something you should think about.
