

# Different Approaches to Expressive Writing

## **"Standard" expressive writing:**

Deepest thoughts and feelings about a stressful or traumatic event. Write about the same or different topics over writing sessions.

## **Cognitive processing:**

Thoughts and feelings with an attempt to derive more understanding and insight (cognitive processing) regarding a traumatic or stressful event.

## **Exposure:**

Deepest thoughts and emotions about the same event across all writing sessions to promote emotional habituation/adaptation.

## **Benefit finding:**

Identify an event and then focus on the positive aspects of the experience; this might include a focus on how you have grown or changed as a person due to the event and how you might be better equipped to meet future challenges.

## **Best possible future self:**

Think about your life in the future and write about this life as if you have worked hard and succeeded at accomplishing all of your life goals.
