Making an Entrance Adam Benjamin, 2013-10-18 *Making an Entrance* is the first ever practical introduction to teaching dance with disabled and non disabled students This clearly written thought provoking and hugely enjoyable manual is essential reading whether you re just starting out or are already active in the field Taking improvisation as his focus and as the starting point of choreographic exploration Adam Benjamin asks what it has to offer as an art form and how it can be better used to meet the changing needs of dance education In the theoretical section Benjamin explores the history of a disintegrated dance practice placing it within the wider context of cultural and political movements He questions what is meant today when we talk about inclusive or integrated dance and what we might expect of it The book includes over 50 exercises and improvisations designed to stimulate and challenge students at all levels of dance Benjamin also includes useful hints on the practicalities of setting up workshops covering issues as diverse as a class size the safety aspects of wheelchairs and the accessibility of dance spaces ***Sociobiology and the Arts***, 2023-11-27 *Choreomania* Kéline Gotman, 2018 When political protest is read as epidemic madness religious ecstasy as nervous disease and angular dance moves as dark and uncouth the disorder being described is choreomania At once a catchall term to denote spontaneous gestures and the unruly movements of crowds choreomania emerged in the nineteenth century at a time of heightened class conflict nationalist policy and colonial rule In this book author Kéline Gotman examines these choreographies of unrest rethinking the modern formation of the choreomania concept as it moved across scientific and social scientific disciplines Reading archives describing dramatic misformations of bodies and body politics she shows how prejudices against expressivity unravel in turn revealing widespread anxieties about demonstrative agitation This history of the fitful body complements stories of nineteenth century discipline and regimentation As she notes constraints on movement imply constraints on political power and agency In each chapter Gotman confronts the many ways choreomania works as an extension of discourses shaping colonialist orientalism which alternately depict riotous bodies as dangerously infected others and as curious bacchanalian remains Through her research Gotman also shows how beneath the radar of this colonial

discourse men and women gathered together to repossess on their terms the gestures of social revolt
