—  
THE HALF-CENTURY  
FIGHT FOR LESBIAN AND GAY  
EQUAL RIGHTS

*"One of the definitive works on gay life.  
Through this collective testimony we may come to understand what it is  
to be 'the other'; in short, the other part of ourselves."*

## **Making Gay History The Half Century Fight For Lesbian And Gay Equal Rights:**

Making Gay History Eric Marcus, 2009-03-17 Rich and often moving at times shocking but often enlightening and inspiring oral history at its most potent and rewarding Kirkus Reviews A completely revised and updated edition of the classic volume of oral history interviews with high profile leaders and little known participants in the gay rights movement that cumulatively provides a powerful documentary look at the struggle for gay rights in America From the Boy Scouts and the U S military to marriage and adoption the gay civil rights movement has exploded on the national stage Eric Marcus takes us back in time to the earliest days of that struggle in a newly revised and thoroughly updated edition of Making History originally published in 1992 Using the heartfelt stories of more than sixty people he carries us through a compelling five decade battle that has changed the fabric of American society The rich tapestry that emerges from Making Gay History includes the inspiring voices of teenagers and grandparents journalists and housewives from the little known Dr Evelyn Hooker and Morty Manford to former vice president Al Gore Ellen DeGeneres and Abigail Van Buren Together these many stories bear witness to a time of astonishing change as queer people have struggled against prejudice and fought for equal rights under the law

*Gay and Lesbian Rights* David E. Newton, 2009-10-27 This thoroughly updated edition provides readers with the background and resources needed to understand one of the greatest civil rights issues of our time When it was first published in 1994 *Gay and Lesbian Rights A Reference Handbook* was acclaimed in *School Library Journal* for taking a sober and balanced approach in addressing this emotionally charged and complex topic The new edition shows just how far the nation has come in securing legal protections regardless of sexual orientation and how far we still have to go *Gay and Lesbian Rights A Reference Handbook Second Edition* provides a history of the gay liberation and gay rights movements in the United States and other parts of the world Maintaining the careful approach of the first edition it addresses a range of current issues from housing and employment discrimination to military service to same sex marriage and adoption laws Wholly rewritten with almost 80 percent new material it is the ideal introduction to one of the most important civil rights issues in the world today

*Queering Gay and Lesbian Studies* Thomas Piontek, 2010-10-01 *Queering Gay and Lesbian Studies* is a broadly interdisciplinary study that considers a key dilemma in gay and lesbian studies through the prism of identity and its discontents the field studies has modeled itself on ethnic studies programs perhaps to be intelligible to the university community but certainly because the ethnic studies route to programs is well established Since this model requires a stable and identifiable community gay and lesbian studies have emphasized stable and knowable identities The problem of course is that sexuality is neither stable tidy nor developmental With the advent of queer theory there are now other perspectives available that frequently find themselves at odds with traditional gay and lesbian studies In this pioneering new study Thomas Piontek provides a critical analysis of the development of gay and lesbian studies alongside the development of queer theory the disputes between them and criticism of their activities from both in and outside of the gay academic

community Examining disputes about transgendering gay male promiscuity popular culture gay history political activism and non normative sexual practices Piontek argues that it is vital to queer gay and lesbian studies opening this emerging discipline to queer critical interventions without however further institutionalizing queer theory     *Steven Petrow's Complete Gay & Lesbian Manners* Steven Petrow,2011-06-01 A big book of manners for the more than 15 million lesbian gay bisexual and transgender people in the United States and Canada and the people who love them work with them and live with them Written by Steven Petrow the go to authority on the subject he s the same sex wedding expert at The New York Times and a columnist for The Huffington Post Yahoo s Shine GayWeddings com and the Q Syndicate with distribution to more than 100 LGBT newspapers and websites this is the definitive book of LGBT etiquette Encyclopedic in its approach filled with practical wisdom lively wit and much insight Steven Petrow s Complete Gay from dealing with the joy and complexity of same sex weddings and commitment ceremonies including how to propose and write meaningful vows to handling the legal paperwork every couple needs There s a chapter on sex etiquette and another on the challenges and opportunities of raising a family plus sections on travel bullying entertaining meeting new friends introducing your partner to your family a primer on gay pride and so much more Throughout there are hundreds of questions some posed by LGBT folk and others by straight people What do the mothers of two brides wear to a lesbian wedding What do you say to an anti gay joke How do you answer Who s the father when there are two mothers Manners yes but with a twist In recognition of Quality Excellence and Design this ebook has been granted a QED seal of approval from Digital Book World     Youth Information-seeking Behavior II Mary K. Chelton,Colleen Cool,2007 Presents an historical overview of the literature on children s use and understanding of electronic information systems     **Hoover's War on Gays** Douglas M. Charles,2015-09-18 At the FBI the Sex Deviates program covered a lot of ground literally at its peak J Edgar Hoover s notorious Sex Deviates file encompassed nearly 99 cubic feet or more than 330 000 pages of information In 1977 1978 these files were destroyed and it would seem that four decades of the FBI s dirty secrets went up in smoke But in a remarkable feat of investigative research synthesis and scholarly detective work Douglas M Charles manages to fill in the yawning blanks in the bureau s history of systematic some would say obsessive interest in the lives of gay and lesbian Americans in the twentieth century His book Hoover s War on Gays is the first to fully expose the extraordinary invasion of US citizens privacy perpetrated on a historic scale by an institution tasked with protecting American life For much of the twentieth century when exposure might mean nothing short of ruin gay American men and women had much to fear from law enforcement of every kind but none so much as the FBI with its inexhaustible federal resources connections and its carefully crafted reputation for ethical by the book operations What Hoover s War on Gays reveals rather is the FBI s distinctly unethical off the books long term targeting of gay men and women and their organizations under cover of official rationale such as suspicion of criminal activity or vulnerability to blackmail and influence The book offers a wide scale view of this policy and practice from a

notorious child kidnapping and murder of the 1930s ostensibly by a sexual predator with homosexual tendencies educating the public about the threat of deviates through WWII's security concerns about homosexuals who might be compromised by the enemy to the Cold War's Lavender Scare when any and all gays working for the US government shared the fate of suspected Communist sympathizers Charles's work also details paradoxical ways in which these incursions conjured counterefforts like the Mattachine Society ONE Inc and the Daughters of Bilitis aimed at protecting and serving the interests of postwar gay culture With its painstaking recovery of a dark chapter in American history and its new insights into seemingly familiar episodes of that story involving noted journalists politicians and celebrities this thorough and deeply engaging book reveals the perils of authority run amok and stands as a reminder of damage done in the name of decency

**Queer America** Vicki L. Eaklor, 2008-03-30 Perhaps no topic today is politically more divisive than homosexuality particularly when it is coupled with the deeply rooted concept of civil rights This work focuses on 20th 21st century U S history as it pertains to GLBT history Major issues and events such as the Stonewall riot Don't Ask Don't Tell in the military same sex marriage gay rights gay pride organizations and alliances AIDS and legal battles and court cases are discussed Also included are sidebars highlighting major debates legal landmarks and key individuals A timeline and further reading sections concluding each chapter as well as a full bibliography and black and white images enhance the text In these opening years of the 21st century in the United States perhaps no topic is more divisive than homosexuality particularly when it is coupled with the deeply rooted concept of civil rights The same sex marriage debate for example is but part of a larger discussion over issues crucial to American life such as the role of law in the lives of individuals relationships among law economics and morality and the values thought to distinguish and define us GLBT history is not just the struggle for rights it is people simply living their lives the best they knew how regardless of the terms they or others use for them This work focuses on U S history and within that the 20th century particularly because the vast majority of work in GLBT history has been during this place and time Major issues and events such as the Stonewall riot Don't Ask Don't Tell in the military same sex marriage gay rights gay pride organizations and alliances AIDS and legal battles and court cases are discussed Included in this reference work are sidebars highlighting major debates legal landmarks and key individuals A timeline and further reading sections concluding each chapter as well as a full bibliography and black and white images enhance the text
