Making Memories Live Writing Your Life Story Can Be Fun:

Making Memories Live Esther Peters Balisky, 2001 Writing True Stories Patti Miller, 2023-05-31 Writing True Stories is the essential book for anyone who has ever wanted to write a memoir or explore the wider territory of creative nonfiction. It provides practical guidance and inspiration on a vast array of writing topics including how to access memories, find a narrative voice, build a vivid world on the page, create structure, use research, and face the difficulties of truth telling. This book introduces and develops key writing skills and then challenges more experienced writers to extend their knowledge and practice of the genre into literary nonfiction, true crime, biography, the personal essay, and travel and sojourn writing. Whether you want to write your own autobiography, investigate a wide-ranging political issue, or bring to life an intriguing history, this book will be your guide. Writing True Stories is practical and easy to use, as well as an encouraging and insightful companion on the writing journey. Written in a warm, clear, and engaging style, it will get you started on the story you want to write and keep you going until you reach the end.

The Smell of the Soil Dale Kueter, 2012-03-09 Stories bring people to life, even the dead. They paint an indelible history. It's commendable to have an orderly and complete genealogy. It is the official family record, but it's only the bare bones. Stories put flesh on these people. The Smell of the Soil is both a montage of my stories, including a revealing account of why I danced naked in front of my mother, and an earnest plea that you write your family stories. My sincere hope is that my stories will jog memories of your stories. Stories are for joining the past to the future, says author Tim O'Brien. Stories are for those late hours in the night when you can't remember how you got from where you were to where you are. Stories are for eternity when memory is erased when there is nothing to remember except the story. That is a defining tribute to stories. It is compelling testimony why you should write yours. What could be more precious to preserve than the stories that comprise your family's life? What greater gift could you give to your family than a book of family stories? That's what I request: implore that you write stories of zany Uncle Louie, sedate Aunt Daphne, cool cousin Corrine, those precocious grandchildren, and all the characters in your life. You be the author. You can do it. I believe this book will help. Dale Kueter
