Jane Gallop's book offers a clear-eyed and comprehensive history of feminist literary criticism. Why she asks, have we so quickly buried 1970s feminist criticism? What lies buried there? Why do 1990s academic feminists accuse other academic feminists of being academic? Gallop takes the novel approach of structuring her inquiry around anthologies of feminist criticism: twelve important texts that have had a wide impact on more than a decade of scholarship. In reading an anthology as a whole, she typically identifies a central hegemonic voice, usually that of the editor's, which would organise all the voices into a unity and then explores the resistance within that volume to such a unity. Weight is placed behind these internal differences as a wedge against the centrist drive. Around 1981, addresses briefly French feminism and psychoanalytic feminism before focusing on its principal subject: the mainstream of feminist literary criticism before and after its general acceptance as part of the changing institution of literary studies. This brilliantly illuminates the dilemma of the feminist critic divided by her allegiance to both feminism and literary studies.

Spirituality, Feminism, and Pre-Raphaelitism in Modern British Art and Culture Alice Eden, 2024-04-17 This book proposes new understandings of modern life in Britain by bringing constructs of female spirituality centre stage and examining three forgotten artists identified with the Pre-Raphaelites and Victorianism. Thomas Cooper Gotch, Robert Anning Bell, and Frederick Cayley Robinson are resituated squarely within the tumultuous social and cultural changes of the period. Becoming visible again in more inclusive histories allows such artists not only to re-inhabit but to reshape narratives of modernism, reanimating the scholarly discourse and creating a dynamic cultural history of modern Britain expressed through their striking visions of womanhood. This book will be of interest to scholars in art history, gender studies, and British studies.

**Images of Women and Gender Identity in John Marston's Plays** Sukanya Behura Senapati, 2023-10-16 Images of Women and Gender Identity in John Marston's Plays contends that although the Jacobean period was known for its misogyny and John Marston for his quarrels with his fellow poets, Marston's plays deserve reevaluation and critical interrogation through a feminist lens. Arguing that patriarchy and ownership of private property are intimately meshed together, Senapati posits that Marston interrogates the misogyny of the Jacobean period by delimiting two predominant myths that have crippled women through the centuries: the beauty myth and the myth of the weak and sexual female. Both constructs of patriarchy. Through the tracing of the history of five prototype images of women in literature: wench, wife, widow, sex worker, and witch from antiquity to the early modern period, Sukanya Behura Senapati demonstrates Marston's explosions of binary

gender categorizations to open space for experimental constructions of fluid and flexible gender identities *PN Review*  
,1992 Circumscribing the Prostitute Mary E. Shields,2004-01-01 In Jeremiah 3 1 4 4 the prophet employs the image of Israel as God's unfaithful wife who acts like a prostitute The entire passage is a rich and complex rhetorical tapestry designed to convince the people of Israel of the error of their political and religious ways and their need to change before it is too late As well as metaphor and gender another important thread in the tapestry is intertextuality according to which the historical political and social contexts of both author and reader enter into dialogue and thus produce different interpretations But as Shields shows in her final chapter it is in the end the rhetoric of gender that actually constructs the text providing the frame the warp and woof of the entire tapestry and thus the prophet's primary means of persuasion
