Parliament. House of Lords,1856 The New York Dental Journal ,1861 **BUILDING MATERIALS, SECOND EDITION**
VARGHESE, P. C.,2015-02-26 This practice oriented book now in its second edition presents a lucid yet comprehensive
coverage of the engineering properties and uses of the materials commonly used in building construction in India Profusely
illustrated with tables and diagrams the book brings into light the basics of building materials and their specifications
Besides giving information regarding the traditional building materials the text now acquaints the reader with up to date and
in depth information pertaining to modern materials available in the market The references to IS codes and standards make
this text suitable for further study and field use The second edition possesses some substantial changes in Chapters 12 13 14
and 20 Now the book offers a new section on durability of concrete in Chapter 12 a modified section regarding revision of IS
10262 1982 code on concrete mix design to IS 10262 2009 and a new section on classification of exposure conditions in
Chapter 13 and a new section relating to large advances made in concrete construction and repair chemicals in Chapter 14
Besides the content of Chapter 20 has been completely updated with a particular emphasis on the extensive use of aluminium
in building construction Primarily intended for the students pursuing undergraduate degree B E B Tech and diploma courses
in civil engineering and architecture the book on account of lecture based presentation of the subject should also prove
eminently utilitarian for the young teachers to use it in their classroom lectures as well as for practising engineers to get a
clear understanding of the fundamentals of the subject NEW TO THE SECOND EDITION Review questions at the end of each
chapter enable the reader to recapitulate the topics Considerable attention is given on field practice Syllabus of laboratory
work on construction materials and a model question paper Anna University are given in appendices to guide the reader
