Making Christian Decisions in an Age of Deception Loyst Streeter, 2012 **Making Christian Decisions in an Age of Deception** Loyst R Streeter, 2021-02-06 A Changing World Christians as never before in history are being required to make decisions that previous generations never had to face Choices such as are you for or against stem cell research genetic engineering the right to die cloning security versus freedom environmental legislation global warming etceteras In addition there are the constant pleas for financial support from a hundred or more religious humanitarian and political organizations disaster relief children s hospitals television evangelists animal rights supporters requests that are not limited to local needs but global concerns The list goes on and on Sound decisions require an understanding not merely of the issue but also of the morals ethics mores culture and customs of society Furthermore time itself plays an important part in any decision What was true in a previous generation may no longer apply in todays world Last but by no means least Christians must answer to a higher authority What if anything do the scriptures teach that can help sort through the conflicting claims and rhetoric coming from every quarter In a world rife with mendacity and alternative facts responsible adults need to be constantly vigilant for deception especially when it is deceitfully disguised under the cloaks of religion and patriotism It is the Author s hope that this book will provide to the reader a valuable understanding into the decision making process itself and will help clarify all of the factors involved While this book is written from a Christian perspective anyone who is required to make important decisions will benefit from its insight and increase their ability to discern the true from the false As a result they will develop a much greater confidence in making sound decisions which in turn will lead to a more just and better world for themselves their children and all mankind Loyst R Streeter Making Christian Decisions in an Age of Deception Loyst R. Streeter, 2005-05 **Constructing Moral Concepts of God in a Global Age** Myriam Renaud, 2022-07-29 Constructing Moral Concepts of God in a Global Age focuses on what people say and think about God rather than on arguments about God s existence It advances a theological method or step by step approach to explore and reframe personal convictions about God and the worldviews shaped by those convictions Since a moral God is more likely to foster a moral life this method integrates an ethical check to ensure that understandings of God and their associated worldviews are validly moral The proposed method builds on the work of twentieth century theologian Gordon Kaufman during the Kantian phase of his work It anticipates a person like God who hears prayers loves without end and comforts in times of hardship To accommodate today s pluralistic and globalized world the ethical check integrated in the method is a widely collaborative and vetted global ethic the Parliament of the World s Religions Declaration Towards a Global Ethic This volume of constructive philosophical theology is written for seminary students educators clergy study groups and anyone interested in delving more deeply and systematically into understandings of God whether their own or those of others Christianity - the Simple Made Impossible Alan G. people are only concerned with what happens today or perhaps a few months down the road At best they may be concerned with what happens after retirement But what about life after death Are you prepared for it Although your physical body will die someday your spirit More will continue to live for eternity Whether your spirit resides in heaven or in hell depends on the choices you have made In this book best selling author Joyce Meyer outlines God s plan for salvation so you can make the right decision

The Path Rev. Dr. Ebele Okonkwo Onuigbo,2016-06-23 Decision making is a fundamental aspect of our daily lives shaping our paths through the resolutions we reach after careful consideration From the simplest choices to the most complex dilemmas individuals continuously navigate the terrain of decision making throughout their lifetimes These decisions serve as compass points guiding us toward the fulfillment of our goals and aspirations whether they lead to positive outcomes or negative consequences How many individuals truly take the time to thoroughly consider the available facts before diving into the decision making process Engaging in wise deliberation of facts prior to making a decision is crucial for ensuring that the resulting choice will have a meaningful impact whether on the individual themselves or the circumstances at hand So how does one go about making a wise decision It involves carefully weighing the available information considering potential consequences and evaluating the implications for both oneself and others in the surrounding community Ultimately the decisions we make not only shape our own lives but also have far reaching effects on the well being and experiences of those around us In the modern world we observe a striking dichotomy between Jesus purpose driven ethos and the prevalent self centered pursuits that often consume individuals Amidst the clamor for material possessions societal status and personal comfort many seem to lose sight of life s deeper significance While the pursuit of such desires is not inherently erroneous an excessive fixation on them can obscure individuals from fulfilling their higher calling

sometimes feigned From Rags to Royalty Connie Cenac,2006-03 **Synod on Synodality: Death Knell of the Church**
 Rev. Fr. Conrad Saldanha ,2022-07-31 Synod on Synodality Is one of the most insidious action ever of a Pope in the history of humanity since its beginning which will definitely lead to its ultimate death The Synod in a true Socio Marxist Humanistic spirit rejects the true authority given by Christ to the Church The ultimate act of destruction of the institution founded by Christ The Author well versed in these games shows how Francis as Pope in a way rejects the elite governing body and reaches out to any untrained humans apparent empowerment in true Marxist style in order to surreptitiously arrive at his own predetermined goal through the Synod on Synodality The author having been instrumental in exposing such frauds right through his youth brings out the power game play at work In this people are merely used through lies and intrigues as a pawn to achieve one s own insidious agenda a predetermined end detrimental to their Salvation Thus the author analyses the mind set of Francis to reaffirm the point through pertinent select examples to keep the book short and the urgency to reach out palpable To assuage the faithful the author briefly and logically brings out the reason for such a catastrophic situation in the Church and the way to deal with it Ultimately the book doesn t disappoint but consoles one in the right hope that leads to peace Why wait pick up a copy of the book now so as to save your soul and of the many *The Healing Gods* Candy Gunther Brown,2013-07-30 The question typically asked about complementary and alternative medicine CAM is whether it works However an issue of equal or greater significance is why it is supposed to work The Healing Gods Complementary and Alternative Medicine in Christian America explains how and why CAM entered the American biomedical mainstream and won cultural acceptance even among evangelical and other theologically conservative Christians despite its ties to non Christian religions and the lack of scientific evidence of its efficacy and safety Before the 1960s most of the practices Candy Gunther Brown considers yoga chiropractic acupuncture Reiki Therapeutic Touch meditation martial arts homeopathy anticancer diets were dismissed as medically and religiously questionable These once suspect health practices gained approval as they were re categorized as non religious though generically spiritual health care fitness or scientific techniques Although CAM claims are similar to religious claims CAM gained cultural legitimacy because people interpret it as science instead of religion Holistic health care raises ethical and legal questions of informed consent consumer protection and religious establishment at the center of biomedical ethics tort law and constitutional law The Healing Gods confronts these issues getting to the heart of values such as personal autonomy self determination religious equality and religious voluntarism
 What Would Moses Say? Pamela Susanne Snyder,2023-11-27 What Would Moses Say is a carefully researched and crafted book The author began with the premise that Moses s Law in fact much of Old Testament history is nonbinding for today s believer Her journey and findings brought a surprising revelation that all of God s word is useful for our spiritual growth As she explored each of the Ten Commandments the truth became even more clear The moral principles that God had established as a standard for the Israelites still hold true for today In fact as society continues to break down with prevailing

lawlessness there has never been a better time than now to address our application of God's commandments. Could it be that a careless disregard for the obsolete law is the reason for the lukewarm state of many believers in the twenty-first century? Decreased church attendance, high divorce rates, disobedient children, loss of young adults to secular pursuits, and an absence of God's name in day-to-day conversation all characterize the problem. Could it be that good people who call themselves Christian could benefit from a deeper look at the Ten Commandments? According to the findings, the answer is yes. The evidence points to the need for a new or renewed relationship with God's appointed head of the church, Jesus Christ. There cannot be any substantial law-keeping in the absence of the lawgiver. We must first love God, the first commandment, before we can love others. The worldliness of today's church has impacted Christianity as we know it. There is no other answer than to be unique and separate. This book was written for readers in all stages of their spiritual journey. It promises to be interesting, challenging, enlightening, and instructional. Use it for personal reading or a group study.

Morning Serenity, The Vows of Religious Life in a Secular Society Judith A. Merkle, 2025-08-21 This book investigates religious vows, shedding light on the type of faith that can sustain humanity in secular times. It examines the personal impact of religious life as well as its potential to foster a sense of completeness within society at large. Unbelief in today's society can be partially rooted in the shallowness of the sort of religion that the secular can abandon. Such a religion, characterized as magical, shallow, illusory, or rooted solely in external rituals, lacks the depth required to thrive in a secular society. It fails to address the profound aspects of human existence: the authentic freedom of the spirit and the enduring obedience of faith. This study of religious vows uncovers their deeper meanings in light of these challenges. It invites us to consider whether religious life, despite contemporary criticisms, can be seen as touching wholeness. This book does not only delve into the theological foundations of these vows but also key areas which impact their understanding and living in new contexts. It surveys sociological landscapes and goes beyond to encompass shifts in science, psychology, and theology. Religious life, in this sense, is part of the renewal of the church as well as an agent in it. By focusing briefly on each vow, Judith A. Merkle illustrates how religious life serves as a bridge connecting the secular and the sacred. It is a life focused on love of God and service of others, which is a witness to the coming of Kingdom of God and values which truly matter in contemporary society.
