**Of Women, Poetry, and Power** Zofia Burr, 2002 The haunting legacy of Emily Dickinson's life and work has shaped a romantic conception of poetry as private personal and expressive that has governed the reception of subsequent American women poets *Of Women Poetry and Power* demonstrates how the canonization of Dickinson has consolidated limiting assumptions about women's poetry in twentieth century America and models an alternative reading practice that allows for deeper engagement with the political work of modern poetry Analyzing the reception of poems by Josephine Miles Gwendolyn Brooks Audre Lorde and Maya Angelou Zofia Burr shows the persistence of these critical outlooks and dispels the belief that we have long since moved beyond such limiting gendered expectations Turning away from an obsessive concern with a poet's biography Burr's readings of contemporary women's poetry accentuate its engagement and provocation of readers through its forms of address Burr shows how displacing the limits of dominant reception is possible by approaching poetry as communicative utterance not just as self expression Working Women's College. An Address delivered to the students at the opening of the College Session, October, 1872 ... Reprinted from The Victoria Magazine Sir Joshua Girling FITCH, 1872
