## **Making Ends Meet:**

**Making Ends Meet** David Caplovitz, 1979-08      **Making Ends Meet** Barbara Howar, 1976      *Making Ends Meet* Ian Wedde, 2005

Passionate witty and erudite these essays by a radical curator describe how museums approach their sometimes conflicting missions to sponsor scholarship generate popular appeal and claim social significance This analysis includes discussions of art and ethnology the failure of late Modernist art history the construction of official culture the intellectual history of European exploration in the Pacific problems with cultural studies of the Pakeha Maori and the conservation of archives and narratives

**Making Ends Meet** Kathryn Edin, Laura Lein, 1997-04-17

Welfare mothers are popularly viewed as passively dependent on their checks and averse to work Reformers across the political spectrum advocate moving these women off the welfare rolls and into the labor force as the solution to their problems *Making Ends Meet* offers dramatic evidence toward a different conclusion In the present labor market unskilled single mothers who hold jobs are frequently worse off than those on welfare and neither welfare nor low wage employment alone will support a family at subsistence levels Kathryn Edin and Laura Lein interviewed nearly four hundred welfare and low income single mothers from cities in Massachusetts Texas Illinois and South Carolina over a six year period They learned the reality of these mothers struggles to provide for their families where their money comes from what they spend it on how they cope with their children s needs and what hardships they suffer Edin and Lein s careful budgetary analyses reveal that even a full range of welfare benefits AFDC payments food stamps Medicaid and housing subsidies typically meet only three fifths of a family s needs and that funds for adequate food clothing and other necessities are often lacking Leaving welfare for work offers little hope for improvement and in many cases threatens even greater hardship Jobs for unskilled and semi skilled women provide meager salaries irregular or uncertain hours frequent layoffs and no promise of advancement Mothers who work not only assume extra child care medical and transportation expenses but are also deprived of many of the housing and educational subsidies available to those on welfare Regardless of whether they are on welfare or employed virtually all these single mothers need to supplement their income with menial off the books work and intermittent contributions from family live in boyfriends their children s fathers and local charities In doing so they pay a heavy price Welfare mothers must work covertly to avoid losing benefits while working mothers are forced to sacrifice even more time with their children *Making Ends Meet* demonstrates compellingly why the choice between welfare and work is more complex and risky than is commonly recognized by politicians the media or the public Almost all the welfare reliant women interviewed by Edin and Lein made repeated efforts to leave welfare for work only to be forced to return when they lost their jobs a child became ill or they could not cover their bills with their wages Mothers who managed more stable employment usually benefited from a variety of mitigating circumstances such as having a relative willing to watch their children for free regular child support payments or very low housing medical or commuting costs With first hand accounts and detailed financial data *Making Ends Meet* tells the real story of the

challenges hardships and survival strategies of America's poorest families. If this country's efforts to improve the self-sufficiency of female-headed families is to succeed, reformers will need to move beyond the myths of welfare dependency and deal with the hard realities of an unrewarding American labor market, the lack of affordable health insurance and child care for single mothers who work, and the true cost of subsistence living. **Making Ends Meet** is a realistic look at a world that so many would change and so few understand. **Making Ends Meet**, 2015. **Making Ends Meet** Beverly R. ANNA. CLIFTON, 2016. **Reducing Inequalities** Renato Miguel Carmo, Cédric Rio, Márton Medgyesi, 2018-01-17. This edited collection analyses social inequality in the European Union within and between countries. The work critically explores both vertical inequality existing between those with high incomes and low incomes and horizontal inequality existing between groups according to nationality, age, ethnicity, and gender. **Reducing Inequalities** has been written by leading academics in the field who describe the current social situation in the European Union, focussing on inequality from a multidimensional perspective that includes income, poverty, social exclusion, education. The authors argue that social issues such as these have become national prerogatives for countries within the European Union. In response, they ask: How does the European Union engage with inequality today? What principles of social solidarity ought to be applied between states and citizens of the European Union? What should be the role of European Union and its institutions regarding the challenge of reducing

inequality This book will be of interest to anyone seeking to understand inequality as a multidimensional concept rather than solely as an economic phenomenon across different geographical and historical contexts Making Work Pay Bruce D. Meyer, Douglas Holtz-Eakin, 2002-01-10 Since its inception under President Ford in 1975 the Earned Income Tax Credit EITC has become the largest antipoverty program for the non elderly in the United States In 1998 more than nineteen million families received EITC payments and the program lifted over four million Americans above the poverty line Despite the rapid growth of the EITC throughout the 1990s little has been written about how the program works or how it affects low income families Making Work Pay provides the first full scale examination of the EITC exploring its effects on income distribution poverty work and marriage Making Work Pay opens with a history of the EITC its emergence in the 1970s as a pro work low cost antipoverty program and its expansion through the 1980s and 1990s The central chapters in the volume look at the substantial impact of the EITC on work incentives in recent years and show that the program in combination with welfare reform and a strong economy has led to an unprecedented increase in the employment of single mothers In one study researchers conclude that the EITC with its stipulation that one family member be a wage earner was the most important change in work incentives for single mothers between 1984 and 1996 a period when the employment rate of single mothers rose sharply Several chapters outline proposals for reforming the program addressing the concerns by policymakers about the work disincentives that rise as benefits fall with increasing income Finally Making Work Pay examines how EITC recipients view the credit and what they do with it once they get it The contributors find that not only does EITC s lump sum payment increase consumption but it also allows recipients to make changes in economic status Many families use the end of the year payment as a form of forced savings enabling them to save for home improvement a new car or other purchases to improve their lives and providing the extra economic cushion needed to move beyond mere day to day survival Comprehensive in scope Making Work Pay is an indispensable resource for policymakers administrators and researchers seeking to understand the ramifications of the country s largest programs for aiding the working poor Making Ends Meet in Contemporary Russia Simon Clarke, 2002 This book reviews the available data to analyse the forms scale and incidence of these phenomena The author finds that so called survival strategies merely represent a continuation of traditional Soviet practices He demonstrates that they disproportionately benefit the better off and that they do not provide a means by which those who have suffered misfortune can compensate for a fall in their earnings Instead he illustrates that most Russian households have adapted simply by cutting expenditure rather than by finding new sources of income The author concludes by arguing that the notion of a household survival strategy is inappropriate for the study of post Soviet society BOOK JACKET *The Proletarian Gamble* Ken C. Kawashima, 2009-04-17 A Marxist interpretation of Korean migrant workers struggles in Japan during the 1920s and 1930s "Yes We Can" Wolfgang Mieder, 2009 As President Barack Obama outlined his promise for change during the presidential campaign he made effective use of proverbs and proverbial phrases and invented many

quotable epithets that have all the makings of future proverbs This book examines how Obama's natural and authentic reliance on traditional metaphors enhances his impressive rhetoric rather than reducing it to mere sound bites Proverbs with their often colorful metaphors add expressiveness and emotion to his communications giving people the opportunity to follow his pragmatic or philosophical arguments through common language No matter the subject Obama's prose contains metaphorical language that makes his rhetoric and oratory universally accessible This book contains detailed analyses of the proverbial rhetoric in Obama's books *Dreams from My Father* 1995 and *The Audacity of Hope* 2006 A section looks at his proverbial language in 229 speeches news conferences interviews and radio addresses and the final section presents in depth studies of his seven most significant addresses It includes a comprehensive contextualized index of 1714 proverbial texts found within the writings and speeches from Obama's political beginnings to his memorable inaugural address

**Sociology Through Active Learning** Kathleen McKinney, Barbara S. Heyl, 2008-07-10 The exercises in this text are designed to give students the chance to explore in depth some of the most important ideas in the discipline by providing hands on experience investigating empirical and theoretical questions

**Food Insecurity Among Members of the Armed Forces and Their Dependents** Beth J. Asch, Stephanie Rennane, Thomas E. Trail, Lisa Berdie, Jason M. Ward, Dina Troyanker, Catria Gadwah-Meaden, Jonas Kempf, 2023-01-03 The National Defense Authorization Act for fiscal year 2020 directed the Secretary of Defense to report on food insecurity among members of the armed forces and their dependents The directive includes the following elements an assessment of the current extent of food insecurity among not only service members and their dependents but also those living on post and presumably not receiving the basic allowance for housing BAH participation in food assistance programs barriers to accessing this assistance a description of other sources of income to meet basic needs an assessment of the feasibility and advisability of a basic needs allowance BNA for low income members and three sets of recommendations for policies programs and activities to address food insecurity among military families RAND researchers examined these elements and developed answers along with listing areas requiring additional analysis
