Southern Pharmaceutical Journal ,1923 **Fade to Gray (HB)** Richard Masinton,2018-09-24 Fade to Gray By Richard Masinton My wife Dana was stricken with early onset Alzheimer s disease at the horrifyingly young age of 55 Fade to Gray is our story about dealing with the only disease for which modern medicine has no means to prevent cure or slow its progression Shock disbelief and overwhelming emotions followed her diagnosis with a disease we thought only happened to the very elderly Furthermore I was appalled to discover that the business of Alzheimer s care is broken Caring and competent caregivers are hard to find and assisted care facilities and other health care institutions that pride themselves on caring and competence are often anything but caring and competent I refused to accept business as usual in confronting and dealing with this terrible illness so Fade to Gray was written to share my challenging experiences and offer hard earned

lessons learned during Dana's struggle With no chance to alter the outcome my purpose is to offer practical help comforting wisdom and enduring hope to those whose lives are ruined by Alzheimer's hoping to alter what may otherwise seem a hopeless experience This is not a story about how to COPE with Alzheimer's Fade to Gray was written to help others DEAL with and MANAGE a disease that is becoming a public health epidemic and an ineffective support infrastructure that annually costs families more than sending a child to Harvard
