Braggs, 2016-01-26 At the close of the Second World War waves of African American musicians migrated to Paris eager to thrive in its reinvigorated jazz scene *Jazz Diasporas* challenges the notion that Paris was a color blind paradise for African Americans On the contrary musicians and African American artists based in Europe like writer and social critic James Baldwin adopted a variety of strategies to cope with the cultural and social assumptions that greeted them throughout their careers in Paris particularly in light of the cultural struggles over race and identity that gripped France as colonial conflicts like the Algerian War escalated Through case studies of prominent musicians and thoughtful analysis of personal interviews music film and literature Rashida K. Braggs investigates the impact of this post war musical migration Examining a number of players in the jazz scene including Sidney Bechet Inez Cavanaugh and Kenny Clarke Braggs identifies how they performed both as musicians and as African Americans The collaborations that they and other African Americans created with French musicians and critics complicated racial and cultural understandings of who could play and represent authentic jazz Their role in French society challenged their American identity and illusions of France as a racial safe haven In this post war era of collapsing nations and empires African American jazz players and their French counterparts destabilized set notions of identity Sliding in and out of black and white and American and French identities they created collaborative spaces for mobile and mobilized musical identities

Morat, 2014-09-01 Long ignored by scholars in the humanities sound has just begun to take its place as an important object of study in the last few years Since the late 19th century there has been a paradigmatic shift in auditory cultures and practices in European societies This change was brought about by modern phenomena such as urbanization industrialization and mechanization the rise of modern sciences and of course the emergence of new sound recording and transmission media This book contributes to our understanding of modern European history through the lens of sound by examining diverse subjects such as performed and recorded music auditory technologies like the telephone and stethoscope and the ambient noise of the city **Message to Our Folks** Paul Steinbeck, 2024-05-31 This year marks the golden anniversary of the Art Ensemble of

Chicago the flagship band of the Association for the Advancement of Creative Musicians Formed in 1966 and flourishing until 2010 the Art Ensemble distinguished itself by its unique performance practices members played hundreds of instruments on stage recited poetry performed theatrical sketches and wore face paint masks lab coats and traditional African and Asian dress The group which built a global audience and toured across six continents presented their work as experimental performance art in opposition to the jazz industry's traditionalist aesthetics In Message to Our Folks Paul Steinbeck combines musical analysis and historical inquiry to give us the definitive study of the Art Ensemble In the book he proposes a new theory of group improvisation that explains how the band members were able to improvise together in so many different styles while also drawing on an extensive repertoire of notated compositions Steinbeck examines the multimedia dimensions of the Art Ensemble's performances and the ways in which their distinctive model of social relations kept the group performing together for four decades Message to Our Folks is a striking and valuable contribution to our understanding of one of the world's premier musical groups **Paris Blues** Andy Fry, 2014-07-04 The Jazz Age The phrase conjures images of

Louis Armstrong holding court at the Sunset Cafe in Chicago Duke Ellington dazzling crowds at the Cotton Club in Harlem and star singers like Bessie Smith and Ma Rainey But the Jazz Age was every bit as much of a Paris phenomenon as it was a Chicago and New York scene In Paris Blues Andy Fry provides an alternative history of African American music and musicians in France one that looks beyond familiar personalities and well rehearsed stories He pinpoints key issues of race and nation in France's complicated jazz history from the 1920s through the 1950s While he deals with many of the traditional

icons such as Josephine Baker Django Reinhardt and Sidney Bechet among others what he asks is how they came to be so iconic and what their stories hide as well as what they preserve Fry focuses throughout on early jazz and swing but includes its re creation reinvention in the 1950s Along the way he pays tribute to forgotten traditions such as black musical theater white show bands and French wartime swing Paris Blues provides a nuanced account of the French reception of African Americans and their music and contributes greatly to a growing literature on jazz race and nation in France

Resounding Pasts Drago Momcilovic,2020-05-15 The field of memory studies has long been preoccupied with the manner in which events from the past are commemorated forgotten re fashioned or worked through on both the individual and collective level Yet in an age when various modes of artistic and cultural commemoration have begun to overlap with and respond to one another the dynamics of cultural remembering and forgetting become bound up in an increasingly elaborate network of representations that operate both within and outside temporal cultural and national borders As publicly circulating texts that straddle the line between cultural artifact and artistic object both musical and literary works both individually and often in conjunction with one another help shape cultural memories and individual experiences of those events Troping their cultural milieux through specific aesthetic and social forms genres and modes of dissemination music and literature become part of a growing global panoply of raw materials upon which we might begin to pose questions regarding the way we remember the consequences of sharing and passing on those memories and the aesthetic and cultural pressures attendant upon the circulation and interpretation of texts that re sound the past

Tropical Travels Lisa Shaw, 2018-01-10 Brazilian popular culture including music dance theater and film played a key role in transnational performance circuits inter American and transatlantic from the latter nineteenth century to the middle of the twentieth

century Brazilian performers both drew inspiration from and provided models for cultural production in France Portugal Argentina the United States and elsewhere These transnational exchanges also helped construct new ideas about and representations of racial identity in Brazil Tropical Travels fruitfully examines how perceptions of race were negotiated within popular performance in Rio de Janeiro and how these issues engaged with wider transnational trends during the period Lisa Shaw analyzes how local cultural forms were shaped by contact with imported performance traditions and transnational vogues in Brazil as well as by the movement of Brazilian performers overseas She focuses specifically on samba and the maxixe in Paris between 1910 and 1922 teatro de revista the Brazilian equivalent of vaudeville in Rio in the long 1920s and a popular Brazilian female archetype the baiana who moved to and fro across national borders and oceans Shaw demonstrates that these transnational encounters generated redefinitions of Brazilian identity through the performance of race and ethnicity in popular culture Shifting the traditional focus of Atlantic studies from the northern to the southern hemisphere Tropical Travels also contributes to a fuller understanding of inter hemispheric cultural influences within the Americas
