Unlearning the Colonial Cultures of Planning Libby Porter, 2016-02-24 Colonialization has never failed to provoke discussion and debate over its territorial economic and political projects and their ongoing consequences This work argues that the state based activity of planning was integral to these projects in conceptualizing shaping and managing place in settler societies Planning was used to appropriate and then produce territory for management by the state and in doing so became central to the colonial invasion of settler states Moreover the book demonstrates how the colonial roots of planning endure in complex post colonial societies and how such roots manifest in everyday planning practice continue to shape land use contests between indigenous people and planning systems in contemporary post colonial states

**Indigenous Communities and Settler Colonialism** Z. Laidlaw, Alan Lester, 2015-03-30 The new world created through Anglophone emigration in the 19th century has been much studied But there have been few accounts of what this meant for the Indigenous populations This book shows that Indigenous communities tenaciously held land in the midst of dispossession

Keith Thor Carlson, John Sutton Lutz, David M.
