A General Theory of Visual Culture Whitney Davis, 2022-06-14 What is cultural about vision or visual about culture In this ambitious book Whitney Davis provides new answers to these difficult and important questions by presenting an original framework for understanding visual culture Grounded in the theoretical traditions of art history A General Theory of Visual Culture argues that in a fully consolidated visual culture artifacts and pictures have been made to be seen in a certain way what Davis calls *visuality* is the visual perspective from which certain culturally constituted aspects of artifacts and pictures are visible to informed viewers In this book Davis provides a systematic analysis of *visuality* and

describes how it comes into being as a historical form of vision Expansive in scope A General Theory of Visual Culture draws on art history aesthetics the psychology of perception the philosophy of reference and vision science as well as visual cultural studies in history sociology and anthropology It provides penetrating new definitions of form style and iconography and draws important and sometimes surprising conclusions for example that vision does not always attain to visual culture and that visual culture is not always wholly visible The book uses examples from a variety of cultural traditions from prehistory to the twentieth century to support a theory designed to apply to all human traditions of making artifacts and pictures that is to visual culture as a worldwide phenomenon **Overseas Information Programs of the United States** United States.

Congress. Senate.
