Making Of A Special Relationship The Uni:

Japan's Cultural Policy Toward China, 1918-1931 See Heng Teow, 2020-03-23 Most existing scholarship on Japan's cultural policy toward modern China reflects the paradigm of cultural imperialism. In contrast, this study demonstrates that Japan, while motivated by pragmatic interests, international cultural rivalries, ethnocentrism, moralism, and idealism, was mindful of Chinese opinion and sought the cooperation of the Chinese government. Japanese policy stressed cultural communication and inclusiveness rather than cultural domination and exclusiveness and was part of Japan's search for an East Asian cultural order led by Japan. China, however, was not a passive recipient and actively sought to redirect this policy to serve its national interests and aspirations. The author argues that it is time to move away from the framework of cultural imperialism toward one that recognizes the importance of cultural autonomy, internationalism, and transculturation.

Montana: A Cultural Medley Robert R. Swartout, Jr., 2015-06-15 The whole is greater than the sum of the parts when Montana historian Robert Swartout gathers the fascinating stories of the state's surprisingly diverse ethnic groups into this thought-provoking collection of essays. Fourteen chapters showcase an African American nightclub in Great Falls, a Japanese American war hero, the founding of a Métis community, Jewish merchants and Dutch settlement in the Gallatin Valley, as well as stories of Irish Scots, Chinese Finns, Mexican Americans, European war brides, and more. Over 3,000 new cases related to higher education have been decided since the publication of the previous edition, and scores of changes to higher education law are made each year. Every section of the fifth edition contains new material, including those related to hate speech and free speech rights of faculty in public universities; sharing of research with international colleagues; intellectual property and peer-to-peer file sharing; student suicide; campus safety; police and administrators' right to search students' residence hall rooms; governmental support for religious institutions and religious autonomy rights of individual public institutions; collective bargaining and antidiscrimination laws; nondiscrimination and affirmative action in employment, admissions, and financial aid; Family and Medical Leave Act and workers' compensation; FERPA (Family Educational Rights and Privacy Act). *This Rebellious House* Steven J. Keillor, 1996-10-03 Examining United States history from Columbus to Clinton, Steven J. Keillor disabuses us of the notion that our nation has ever been a genuinely Christian one. He focuses on various political, economic, and cultural policies or events: the Civil War, westward expansion, that are now often cited to disprove or debunk Christianity. *Competing Visions of World Order* Sebastian Conrad, Dominic

Two Faces of Exclusion Lon Kurashige,2016-09-02 From the Chinese Exclusion Act of 1882 to the Immigration Act of 1924 to Japanese American internment during World War II the United States has a long history of anti Asian policies But Lon Kurashige demonstrates that despite widespread racism Asian exclusion was not the product of an ongoing national consensus it was a subject of fierce debate This book complicates the exclusion story by examining the organized and well funded opposition to discrimination that involved some of the most powerful public figures in American politics business religion and academia In recovering this opposition Kurashige explains the rise and fall of exclusionist policies through an unstable and protracted political rivalry that began in the 1850s with the coming of Asian immigrants extended to the age of exclusion from the 1880s until the 1960s and since then has shaped the memory of past discrimination In this first book length analysis of both sides of the debate Kurashige argues that exclusion era policies were more than just enactments of racism they were also catalysts for U S Asian cooperation and the basis for the twenty first century s tightly integrated Pacific world
