In Post-Conquest Quebec, 1760-1837 Nancy Christie, 2020-02-06 Nancy Christie innovatively and significantly transforms the writing of Quebec history between 1763 and 1837 by locating Quebec within new British practices of imperial governance asserted in the wake of the Seven Years War Breaking with the conventional master narrative of the era as one of gradual integration between French and English speaking communities accompanied by incremental political and social liberalization Nancy Christie presents the six decades following the Conquest as a period of assertive British strategies for assimilating Quebec's French and Catholic majority and refurbished authoritarianism deployed to arrest the spread of revolution in the Atlantic world Brilliantly advanced this new narrative of post Conquest Quebec builds upon entirely new research meticulously gleaned from over 20 000 cases from the criminal and civil judicial archives and a sustained examination of both official and unofficial political and social discourses This study charts both the British practices of colonial rule which sought the assimilation of non British others through both formal modes of law and governance and the consumption of British manufactured goods and the contestation of these through the daily resistance of ordinary men and women In so doing Christie identifies Quebec as a case study with which to open a new trajectory in the wider study of the British Empire Her striking conclusion urges a shift in historical focus from the interaction between European colonizers and racialized others to the centrality of practices of rule designed to govern European subaltern peoples *British Jacobin Politics, Desires, and Aftermaths* James Epstein, David Karr, 2021-01-31 This book explores the hopes desires and imagined futures that characterized British radicalism in the 1790s and the resurfacing of this sense of possibility in the following decades The articulation of Jacobin sentiments reflected the emotional investments of men and women inspired by the French Revolution and committed to political transformation The authors emphasize the performative aspects of political culture and the spaces in which mobilization and expression occurred including the club room tavern coffeehouse street outdoor meeting theater chapel courtroom prison and convict ship America imagined as a site of republican citizenship and New South Wales experienced as a space of political exile widened the scope of radical dreaming Part 1 focuses on the

political culture forged under the shifting influence of the French Revolution Part 2 explores the afterlives of British Jacobinism in the year 1817 in early Chartist memorialization of the Scottish martyrs of 1794 and in the writings of E P Thompson The relationship between popular radicals and the Romantics is a theme pursued in several chapters a dialogue is sustained across the disciplinary boundaries of British history and literary studies The volume captures the revolutionary decade s effervescent yearning and its unruly persistence in later years

The Universities of Scotland, Ireland, and New England During the British Civil Wars Salvatore Cipriano, 2024-12-17 Highlights the contested nature of higher education in the British Atlantic world between the

Reformation and the Enlightenment Universities in the early modern period were powerful institutions in the formation of societies utilised as both tools to legitimise and perpetuate the power of states and archetypes upon which to model an idealised society that might maintain social order In an era of upheaval and civil war rival authorities clashed in the universities where the conflicts and complexities of early modern state formation were regularly laid bare The encroachment of the Stuart monarchy beyond England into Scottish and Irish academe stimulated broader resistance from Scottish and Irish authorities while prompting the founding of institutions of higher learning among expatriate communities beyond the British Isles especially in New England In these spaces universities were viewed as institutional bulwarks against external intrusions that promoted localised competing visions of the godly church and state amid the conflicts and complexities of early modern state formation This book provides new insight into the contested nature of higher education in the British Atlantic world between the Reformation and the Enlightenment and corrects outmoded notions about the universities purported insularity and intellectual poverty Rather the image that emerges of these universities is one of genuine academies of strategic importance employed to serve the agendas of ruling powers in Scotland Ireland and New England Trinity College Dublin Harvard College and the Scottish universities existed on the frontiers of a deteriorating composite monarchy with a centralizing impulse becoming battle grounds of the mid seventeenth century s intellectual political and religious conflicts SALVATORE CIPRIANO is Associate Director of Career Coaching and Education Stanford University He holds a Ph D in Early Modern European History from Fordham University *A General Survey of British History* Robert Sangster Rait,1928

Whitaker's Books in Print ,1990 **The English and Their History** Robert Tombs,2015 The English and Their History presents in a single volume an account of the English and their history The book spans 700 000 years from the island s very first inhabitants to the present day stopping along the way to recount the tales of conquerors kings and queens a nation s myths and legends facts and extraordinary truths **Fashioning Society in Eighteenth-Century British Jamaica** Chloe Northrop,2024-03-20 White women who inhabited the West Indies in the eighteenth century fascinated metropolitan observers In popular prints novels and serial publications these women appeared to stray from proper British societal norms Although many women who lived in the Caribbean island of Jamaica might have fit the model extant writings from Ann Brodbelt Sarah Dwarris Margaret and Mary Cowper Lady Maria Nugent and Ann Appleton Storrow show a longing to remain connected with metropolitan society and their loved ones separated by the Atlantic Sensibility and awareness of metropolitan material culture masked a lack of empathy towards subordinates and opened the white women in these islands to censure Novels and popular publications portrayed white women in the Caribbean as prone to overconsumption but these women seem to prize items not for their inherent value They treasured items most when they came from beloved connections This colonial interchange forged and preserved bonds with loved ones and comforted the women in the West Indies during their residence in these sugar plantation islands This book seeks to complicate the stereotype of insensibility and

overconsumption that characterized the perception of white women who inhabited the British West Indies in the long eighteenth century This book will appeal to students and researchers alike who are interested in the social and cultural history of British Jamaica and the British West Indies more generally Britain and its internal others, 1750-1800 Dana Y. Rabin, 2017-10-01 The rule of law an ideology of equality and universality that justified Britain's eighteenth century imperial claims was the product not of abstract principles but imperial contact As the Empire expanded encompassing greater religious ethnic and racial diversity the law paradoxically contained and maintained these very differences This book revisits six notorious incidents that occasioned vigorous debate in London's courtrooms streets and presses the Jewish Naturalization Act and the Elizabeth Canning case 1753-54 the Somerset Case 1771-72 the Gordon Riots 1780 the mutinies of 1797 and Union with Ireland 1800 Each of these cases adjudicated the presence of outsiders in London from Jews and Gypsies to Africans and Catholics The demands of these internal others to equality before the law drew them into the legal system challenging longstanding notions of English identity and exposing contradictions in the rule of law **History Today** Peter Quennell, 1987 *The British Gentry, the Southern Planter, and the Northern Family Farmer* James L. Huston, 2015-05-04 JAMES L. HUSTON is professor of history at Oklahoma State University and the author of *The Panic of 1857 and the Coming of the Civil War* *Securing the Fruits of Labor* *The American Concept of Wealth Distribution 1765-1900* *Calculating the Value of the Union* *Slavery Property Rights and the Economic Origins of the Civil War* and *Stephen A. Douglas and the Dilemmas of Democratic Equality* **The Cumulative Book Index**, 1903 **The Cambridge History of the Age of Atlantic Revolutions: Volume 1, The Enlightenment and the British Colonies** Wim Klooster, 2023-11-09 Volume I offers an introduction to the Enlightenment which served as the shared background for virtually all revolutionary turmoil and the American Revolution which inaugurated the Age of Revolutions Beginning with a thorough introduction the volume covers international rivalry the importance of slavery and the reformist mind set that prevailed on the eve of the revolutionary era It addresses the traditional argument on whether the Enlightenment truly caused revolutions concluding that the reverse is more apt revolutions helped create the Enlightenment as a body of thought The volume continues with a regional and thematic assessment of the American Revolution revealing how numerous groups in British America including Black and indigenous people pursued their own agendas and faced interests at odds with the principles of the revolution
