**Poetry and Revelation** Kevin Hart,2017-04-20 Religious poetry has often been regarded as minor poetry and dismissed in large part because poetry is taken to require direct experience whereas religious poetry is taken to be based on faith that is on second or third hand experience The best methods of thinking about experience are given to us by phenomenology Poetry and Revelation is the first study of religious poetry through a phenomenological lens one that works with the distinction between manifestation in which everything is made manifest and revelation in which the mystery is re veiled as well as revealed Providing a phenomenological investigation of a wide range of religious poems some medieval some modern some written in English others written in European languages some from America some from Britain and some from Australia Kevin Hart provides a unique new way of thinking about religious poetry and the nature of revelation itself

*Modernists and the Theatre* James Moran, 2021-12-16 *Modernists and the Theatre* examines how six key modernists who are best known as poets and novelists engaged with the realm of theatre and performance Drawing on a wealth of unfamiliar archival material and fresh readings of neglected documents James Moran demonstrates how these literary figures interacted with the playhouse exploring W B Yeats's earliest playwriting Ezra Pound's onstage acting the links between James Joyce's and D H Lawrence's sense of drama T S Eliot's thinking about theatrical popularity and the feminist politics of Virginia Woolf's small scale theatrical experimentation While these modernists often made hostile comments about drama this volume highlights how the writers were all repeatedly drawn to the form While Yeats and Pound were fascinated by the controlling aspect of theatre other authors felt inspired by theatre as a democratic forum in which dissenting voices could be heard Some of these modernists used theatre to express and explore identities that had previously been sidelined in the public forum including the working class mining communities of Lawrence's plays the sexually unconventional and non binary gender expressions of Joyce's fiction and the female experience that Woolf sought to represent and discuss in terms of theatrical performance These writers may be known primarily for creating non dramatic texts but this book demonstrates the importance of the theatre to the activities of these authors and shows how a sense of the theatrical repeatedly motivated the wider thinking and writing of six major figures in literary history
