Making Of The Maritime Provinces 1713 17:

As Long as the Sun Shines and Water Flows Ian L. Getty, 2011-11-01 This collection of papers focuses on Canadian Native history since 1763 and presents an overview of official Canadian Indian policy and its effects on the Indian Inuit and Metis Issues and themes covered include colonial Indian policy constitutional developments Indian treaties and policy government decision making and Native responses reflecting both persistence and change and the broad issue of aboriginal and treaty rights

The Canadian Historical Review, 1977 Includes section Recent publications relating to Canada
Essays on Northeastern North America, 17th & 18th Centuries John G. Reid, 2008-11-14 In examining the history of northeastern North America in the seventeenth and eighteen centuries it is important to take into account diverse influences and experiences Not only was the relationship between native inhabitants and colonial settlers a defining characteristic of Acadia Nova Scotia and New England in this era but it was also a relationship shaped by wider continental and oceanic connections The essays in this volume deal with topics such as colonial habitation imperial exchange and aboriginal engagement all of which were pervasive phenomena of the time John G Reid argues that these were complicated processes that interacted freely with one another shaping the human experience at different times and places Northeastern North America was an arena of distinctive complexities in the early modern period and this collection uses it as an example of a manageable and logical basis for historical study Reid also explores the significance of anniversary observances and commemorations that have served as vehicles of reflection on the lasting implications of historical developments in the early modern period These and other insights amount to a fresh perspective on the region and offer a deeper understanding of North American history
